Minimum Business Privilege Tax. Alabama Act 2022-252 amends Section 40-14(A)-22. For taxable year 2024, taxpayers who would be subject to the minimum tax of one hundred dollars (\$100), do not have a filing requirement.

BUSINESS PRIVILEGE TAX PAYMENT

Payment of the total tax due must be received on or before the original due date of the return. Form BPT-V must accompany all business privilege tax payments, unless payments are made electronically.

General Information – Filing Requirement for Business Privilege Tax:

Every corporation, limited liability entity, business trust, disregarded entity and real estate investment trust (REIT) that is doing business in Alabama or is registered/qualified to do business in Alabama is required to file an Alabama Business Privilege Tax Return and Annual Report.

C-corporations, financial institution groups, insurance companies, REITs, and business trusts must file Alabama Form CPT. Limited liability entities taxed as corporations for federal income tax purposes must also file Alabama Form CPT.

S-corporations, limited liability entities, and disregarded entities must file Alabama Form PPT.

Corporation is defined in Section 40-14A-1, Code of Alabama 1975, as:

“...Any entity, including a limited liability company electing to be taxed as a corporation for federal income tax purposes, through which business can be conducted while offering limited liability to the owners of the entity with respect to some or all of the obligations of the entity, other than a limited liability entity or a disregarded entity...”

Limited liability entity is defined in Section 40-14A-1, Code of Alabama 1975, as:

“...Any entity, other than a corporation, organized under the laws of this or any other jurisdiction through which business may be conducted while offering limited liability to the owners of the entity with respect to some or all of the obligations of the entity and which is taxable under subchapter K of the Code, including, without limitation, limited liability companies, registered limited liability partnerships, and limited partnerships...”

Nexus. Act 2015-505 establishes a factor presence nexus standard for non-resident business activity. Substantial nexus in Alabama is established if any of the following thresholds are exceeded during the tax period: \$64,000 of property, \$64,000 of payroll, \$635,000 of sales, or 25% of total property, total payroll or total sales.

Required Attachments to the Alabama Form CPT:

- For taxpayers doing business in Alabama and outside the State of Alabama (multistate taxpayers), a copy of the Alabama apportionment schedule (from Form 20C or Form ET-1 for the taxpayer's determination period).

– For Financial Institution group members filing a consolidated CPT, Form CPT must be computed for the entire financial institution group on a separate company basis. If the election is made, Form CPT must be accompanied by a worksheet that lists Form CPT information (lines 1-20 of page 2) for each member included in the financial institution group. (Please see Schedule G Instructions.)

– Documentation to thoroughly support any exclusion or deduction claimed in the computation of the taxpayer's net worth.

– A copy of the balance sheet used to compute the taxpayer's net worth, if not provided with the copy of the federal tax return.

Due date for the Alabama Form CPT:

Act 2017-363 passed the Alabama Legislature during the 2017 Regular Session. The act provides for the due dates of business privilege tax returns to correspond to the due dates of federal income tax returns and provides for payments to be made on the original due date of the return. For taxable year /Form Year 2018 or after and determination periods ending on December 31, 2017 and after corporations, with the exception of financial institutions, can file their business privilege tax returns by the same date as the corresponding federal income tax returns that are required to be filed as provided under federal law. The corporation's tax liability is due at the same time as the due date of an original return. However, financial institution group will file their business privilege tax return no later than the corresponding Alabama excise tax return.

Determination Period Used to Compute the Business Privilege Tax:

Taxable Year Information: Enter the beginning and ending date of the determination period. The determination period is defined in Section 40-14A-1, **Code of Alabama 1975**, as the taxpayer's taxable year next preceding the taxpayer's current taxable year. (Generally, it is the taxable year that just ended.)

The net worth computations required to compute the Alabama business privilege tax for a business privilege taxable year are performed on information extracted from the balance sheet prepared as of the last day of the determination period. (Generally, the last day of the determination period is the last day of the taxable year that just ended, and is the date of the balance sheet prepared that coincides with the taxable year that just ended.)

Line 1a. Calendar Year Indicator – Check this box if the taxpayer has a December 31st tax year end. Then enter the determination period begin date in spaces provided.

Line 1b. Fiscal Year Indicator – Check this box if the taxpayer has a tax year end date other than a calendar year end. Then enter the determination period begin date and end date in the spaces provided.

Short Year – The taxpayer should file a short year return only if there is a change in the tax year end (For example, the taxpayer converts from a calendar year end to a fiscal year end). Do NOT file a short year return as a result of an acquisition or merger. The entity will use the calendar year or fiscal year checkbox and complete the spaces provided for short year returns. Check the calen-

dar year indicator if the entity's determination period end date is 12/31/2023. Check the fiscal year indicator if the entity's determination period end date occurs in 2024 and enter the beginning and ending dates in the spaces provided.

EXAMPLES FOR ENTITIES CHANGING THEIR DETERMINATION PERIOD END DATE

COMPANY A changes from a calendar year end (12/31/2023) to a fiscal year end (e.g. 03/31/2024). Company A should file the 2024 Business Privilege Tax Return and report the determination period begin date as 01/01/2024 and end date as 03/31/2024.

COMPANY B changes from a fiscal year end (e.g. 06/30/2023) to a calendar year end (12/31/2023). Company B should file the 2024 Business Privilege Tax Return and report the determination period begin date as 07/01/2023 and end date as 12/31/2023.

Privilege Tax Prorated for Short Taxable Years – The business privilege tax is prorated when taxpayers have a short taxable year – See the instructions for line 18, page 2, Form CPT.

Line 1c. 52-53 Week Filer – Check this box if the company is a 52-53 week filer. If this box is checked, the fiscal year box must also be checked. A 52-53 week tax year is a tax year that varies from 52 to 53 weeks but does not have to end on the last day of the month.

Line 1d. Amended Return Indicator – Check this box if the return is an amended return. Attach a full explanation for filing the amended return, supporting documentation for the changes, and a computation of the additional amount due or the additional refund due.

Line 1e. Net Worth Apportionment

Line 8. Net Worth Subject to Apportionment – Enter the difference between line 1 (Total Net Worth) and line 7 (Total Exclusions).

Line 9. Apportionment Factor – Section 40-14A-24(a), *Code of Alabama 1975*, establishes the net worth apportionment requirements for the Alabama business privilege tax. Taxpayers that conducted all of their business in Alabama during the determination period should enter 100%. No supporting documentation is required of taxpayers reporting an apportionment factor of 100%.

Taxpayers that conducted business both within and without Alabama (multistate taxpayers) during the determination period should generally not enter 100%. Multistate taxpayers must enter the same factor as was used by the taxpayer during the determination period for purposes of apportioning the taxpayer's income in accordance with Alabama's income tax law (Chapter 18, Title 40, *Code of Alabama 1975*) or Alabama's financial institutions excise tax law (Chapter 16, Title 40, *Code of Alabama 1975*). Attach a copy of the computation of the apportionment factor from the applicable Alabama tax return for the determination period.

The apportionment factor to be used by insurance companies, subject to Alabama's insurance premiums tax law (Chapter 4A, Title 27, *Code of Alabama 1975*) shall be the ratio of the insurer's Alabama premium income to its nationwide total direct premiums as reflected on Schedule T of the insurer's annual statement filed with the Commissioner of Insurance for the immediately preceding calendar year. A copy of the Schedule T as filed with the Insurance Department must be attached.

Taxpayers required to file an Alabama business privilege tax return, but were not required to file a tax return in accordance with Alabama's income tax law or financial institutions excise tax law, and were not subject to Alabama's insurance premiums tax law, must compute the apportionment factor as if the taxpayer were subject to Alabama's income tax law. Taxpayers computing the apportionment factor in this manner must attach a computation of the apportionment factor.

Line 10. Total Alabama Net Worth – Multiply line 8 (Net Worth Subject to Apportionment) by line 9 (Apportionment Factor).

Deductions

Deductions are allowed by Section 40-14A-24(b), *Code of Alabama 1975*. Attach documentation supporting any deduction claimed on the return.

Line 11. Enter the net amount invested in bonds and securities issued by the State of Alabama, or its political subdivisions, prior to January 1, 2000.

"Net amount invested" means the cash, including any premium and net of any discount, paid as the purchase price for the bond or other security, less the amount of any premium amortized and plus the amount of any discount accreted, reduced by the proportionate amount of principal on the bond or other security that is amortized or otherwise paid or retired.

The taxpayer must attach a schedule listing the details of the deduction. For each bond or security, the listing should provide the net amount invested, the issuing agency, issuance date, and how the investment is reported on the taxpayer's balance sheet.

This deduction is not available to dealers in securities (those subject to the requirements of Internal Revenue Code Section 1236) for the book value of bonds and securities held by the dealer primarily for sale to customers in the ordinary course of its trade or business.

Line 12. Enter the net amount invested in, or book value from the taxpayer's balance sheet, for all devices, facilities, or structures, and all identifiable components or materials for use therein, that are located in Alabama and are acquired or constructed primarily for the control, reduction, or elimination of air, ground, or water pollution or radiological hazards where such pollution or radiological hazards result from or would be caused by the taxpayer's activities in Alabama.

Deductions are allowed by Section 40-14A-24(b), *Code of Alabama 1975*. Attach documentation supporting any deduction claimed on this return.

Line 13. Enter the amount reported on the taxpayer's balance sheet for the balance of any reserve, account, or trust reasonably determined to satisfy any liability that is imposed by federal, state, or local government laws or regulations for reclamation, storage, disposal, decontamination, retirement, or other related costs associated with a plant, facility, mine, or site in Alabama. Attach documentation identifying the applicable law or regulation that establishes taxpayer's liability, as well as a computation of the liability. The documentation must also identify the location of the plant, facility, mine or site in Alabama.

Line 14. Enter the total amount reported on the taxpayer's balance sheet as the book value of the taxpayer's investment in low-income, residential real estate projects that qualify for federal or state income tax credits, loans or grants. The taxpayer must attach a schedule listing the details of the deduction. For each separate low-income housing project, the attached documentation must identify the name of the project, the FEIN of the project, the site of the project, and the net amount invested in the project. The documentation must also identify how the investments are reported on the taxpayer's balance sheet.

Line 15. Total Deductions – Enter the total of lines 11 through 14.

Computation of Privilege Tax Due

Line 16. Taxable Alabama Net Worth – Enter the difference between line 10 (Total Alabama Net Worth) and Line 15 (Total Deductions).

Line 17a. Federal Taxable Income Apportioned to Alabama – Enter the federal taxable income used to determine the Tax Rate (see line 17b) which is applied to the Taxable Alabama Net Worth (see line 16) to arrive at the Gross Privilege Tax Calculated (see line 18). The tax rate used to compute the business privilege tax is based upon the taxpayer's federal taxable income, as required by Section 40-14A-22, *Code of Alabama 1975*.

Federal Taxable Income for C-corporations, Real Estate Investment Trusts, and Financial Institutions – C-corporations, REITs, and Financial Institutions are to use their federal taxable income before net operating losses and special deductions for the federal taxable income columns of the tax rate table, shown below. The federal taxable income shall be apportioned in accordance with Chapter 27, Title 40, *Code of Alabama 1975*. The deduction for federal income tax is not allowed in computing the federal taxable income amount. C-corporations filing as members of an Alabama affiliated group must determine federal taxable income on a separate company basis.

Federal Taxable Income for Insurance Companies – For U.S. Life Insurance Company filing Internal Revenue Service Form 1120-L, federal taxable income shall be total taxable income less the dividends received deduction and the net operating loss deduction. For those U.S. Property and Casualty Insurance Companies filing Internal Revenue Service Form 1120-PC, federal taxable income shall be taxable income less the dividend received deduction and the net operating loss deduction. This income shall be apportioned in accordance with Title 27, *Code of Alabama 1975*, relating to insurance companies.

Line 17b. Tax Rate – The tax rate is specified in Section 40-14A-22(b), *Code of Alabama 1975*, and is determined using the following table:

Federal Taxable Income Apportioned to Alabama

More Than or Equal to	But Less Than	Tax Rate	Amount of tax per \$1,000 of Taxable Alabama Net Worth
—	\$ 1	.00025	\$.25 per \$1,000
\$ 1	\$ 200,000	.00100	\$ 1.00 per \$1,000
\$ 200,000	\$ 500,000	.00125	\$ 1.25 per \$1,000
\$ 500,000	\$ 2,500,000	.00150	\$ 1.50 per \$1,000
\$ 2,500,000	—	.00175	\$ 1.75 per \$1,000

Line 18. Gross Privilege Tax Calculated –

Multiply line 16 (Taxable Alabama Net Worth) by line 17b (Tax Rate).

Example:

Line 16 – Taxable Alabama Net Worth	\$1,000,000
Line 17a – Federal Taxable Income Apportioned to Alabama . .	\$ 250,000
Line 17b – Tax Rate00125
Line 18 – Gross Privilege Tax Calculated	\$ 1,250

Special Calculation for Short Taxable Years: If the taxable year is a short taxable year, the gross privilege tax calculated will be prorated using a fraction, the numerator of which is the number of calendar days in the short taxable year and the denominator of which will be 365. The computation of prorated business privilege tax must be attached to the return. Please note the taxpayer should file a short year return only if there is a change in the tax year end (For example, the taxpayer converts from a calendar year end to a fiscal year end).

Example Assuming Facts from Above Example and a Short Year of 180 days:

Taxable Alabama Net Worth Multiplied by Tax Rate Equals	\$1,250
Multiplied by	180/365 Short year factor
Less Alabama Enterprise Zone Credit if entitled to a claim	\$0
Line 20 Privilege Tax Due	\$616

Please note: A determination period that is less than a full year does not constitute a short year return. If a taxpayer has a change in tax year to a calendar tax year or vice versa, the return for the new tax year is not the short year return.

Example: Corporation A previously had a tax year ending June 30 but has changed to a calendar tax year effective January 1, 2024. The corporation previously filed the 2023 Business Privilege Tax return based on the determination period ending June 30, 2023. The 2024 return would have as its determination period July 1, 2023-December 31, 2023. The 2024 return pays the tax for the full 2024 tax year; therefore it would not be a short year return. The 2023 tax year was a short tax year. The 2023 return would need to be amended, with the tax due prorated.

Line 19. Alabama Enterprise Zone Credit – Enter the amount of Alabama Enterprise Zone Credit to which the taxpayer is entitled. Attach supporting documentation from the Alabama Department of Economic and Community Affairs (ADECA) showing the amount of the Alabama Enterprise Zone Credit the taxpayer is entitled to claim. Contact ADECA for additional information concerning the Alabama Enterprise Zone Credit.

Line 20. Privilege Tax Due – Enter the difference between line 18 and 19. If \$100 or less, STOP. You do not have a filing requirement. Do not submit return. This amount is also entered on page 1 of Form CPT on line 5, in the Computation of Amount Due or Refund Due area of the page. For Consolidated Financial Institution Group Members, enter the total from the attached spreadsheet. Please see Schedule G instructions for further explanation.

Maximum Privilege Tax:

Financial Institution Groups have a \$3,000,000 maximum levy for the Alabama Business Privilege Tax. See Section 40-14A-22, *Code of Alabama 1975*.

Insurance companies subject to the insurance premium taxes levied by Chapter 4A Title 27, *Code of Alabama 1975*, have a \$3,000,000 maximum levy for the Alabama Business Privilege Tax. See Section 40-14A-22, *Code of Alabama 1975*.

C-corporations, REITS, and LLEs taxed as corporations have a \$15,000 maximum levy for the Alabama Business Privilege Tax. See Section 40-14A-22, *Code of Alabama 1975*.

Minimum Privilege Tax: Alabama ACT 2022-252 amends Section 40-14(A)-22. For taxable year 2024, taxpayers who would be subject to the minimum tax of one hundred dollars (\$100), do not have a filing requirement.
