When to Make Payment

If you have a balance due on your 2023 tax return, mail form FTB 3843 to the FTB with your payment for the full amount by April 15, 2024 (calendar year) or 15th day of the 4th month (fiscal year) following the close of the taxable year.

Penalties and Interest

If the fiduciary fails to pay its total tax liability by the original due date of the tax return, the entity will incur a late payment penalty plus interest. To avoid late payment penalties and interest, the fiduciary must pay its tax liability by the 15th day of the 4th month, following the close of the taxable year. We may waive the late payment penalty based on reasonable cause. Reasonable cause is presumed when 90% of the tax shown on the tax return is paid by the original due date of the tax return. However, the imposition of interest is mandatory.

If after the 15th day of the 4th month, following the close of the taxable year, the estate or trust finds that the estimate of tax due was too low, pay the additional tax as soon as possible to avoid or minimize further accumulation of penalties and interest. Pay the estimated additional tax with another form FTB 3843. If the estate's or trust's fiduciary tax return is not filed by the 15th day of the 10th month, following the close of the tax year, the entity will incur a late filing penalty plus interest from the original due date of the tax return.
