

PDF Naming Conventions

The following SWIFT Naming Conventions are the file names for each form type a CTP may submit through SWIFT. Each CTP will follow the routine process of converting the forms for submission to Portable Document Format (**PDF**). Each CTP will use their unique CTP ID in combination with the specific form name in the final **PDF file name with a hyphen between the CTP ID and the form name (e.g., CTPID-100)**. An example of a properly formatted PDF submission of the form 100 is 999-100.pdf, where 999 is the CTP ID. Each form should have one pdf for all its test samples. All forms submitted through SWIFT **must be zipped with the zip file name of CTPIDYYYYMMDDversion#.zip (e.g., 9992024090901.zip)**. **NOTE: The day a package is submitted is the date that will be used. If you submit multiple packages the same day, make sure you change the version number.**

Row Number	Form Number	Example PDF (999 is not a valid CTP ID)
1.	Cover letter	999-coverletter.pdf
