2024 Instructions for Form FTB 3805Q

Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 2015**, and to the California Revenue and Taxation Code (R&TC).

What's New

Net Operating Loss Suspension – For taxable years beginning on or after January 1, 2024, and before January 1, 2027, California has suspended the net operating loss (NOL) carryover deduction. Corporations may continue to compute and carryover an NOL during the suspension period. **However**, corporations with taxable income of less than \$1,000,000 or with disaster loss carryovers are **not** affected by the NOL suspension rules.

The carryover period for suspended losses is extended by:

- Three years for losses incurred in taxable years beginning before January 1, 2024.
- Two years for losses incurred in taxable years beginning on or after January 1, 2024, and before January 1, 2025.
- One year for losses incurred in taxable years beginning on or after January 1, 2025, and before January 1, 2026.

For more information, see California Revenue and Taxation Code (R&TC) Section 24416.24 and situation 1 of FTB Legal Ruling 2011-04 regarding application of NOL suspension provision.

Postponement of Certain Tax-Related Deadlines

Beginning on or after June 27, 2024, the Director of Finance shall determine when Internal Revenue Code (IRC) Section 7508A, related to postponement of certain federal tax-related deadlines, applies for California purposes to a taxpayer affected by a state of emergency declared by the Governor or a federally declared disaster. Impacted taxpayers can request an additional relief period if the state postponement period expires before the federal postponement period by filing form FTB 3872, California Disaster Relief Request for Postponement of Tax Deadlines. For more information, get form FTB 3872 and see R&TC Section 18572.

General Information

In general, for taxable years beginning on or after January 1, 2015, California law conforms to the IRC as of January 1, 2015. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to ftb.ca.gov and search for **conformity**. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments, the instructions for California Schedule CA (540), California Adjustments – Residents, or Schedule CA (540NR), California Adjustments – Nonresidents or Part-Year Residents, and the Business Entity tax booklets.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the R&TC in the instructions. Taxpayers should not consider the instructions as authoritative law.

- The California NOL is figured the same way as the federal NOL, except that for California the carryover period and the amount to be carried over differ from federal allowances. See the NOL Carryover table for more information.
- For taxable years beginning on or after January 1, 2020, and before January 1, 2022, California suspended the NOL carryover deduction. Corporations continued to compute and carryover an NOL during the suspension period. **However**, corporations with taxable income of less than \$1,000,000 or with disaster loss carryovers were **not** affected by the NOL suspension rules.

The carryover period for suspended losses was extended by:

- One year for losses incurred in taxable years beginning on or after January 1, 2021, and before January 1, 2022.
- Two years for losses incurred in taxable years beginning on or after January 1, 2020, and before January 1, 2021.
- Three years for losses incurred in taxable years beginning before January 1, 2020.

For more information, see R&TC Section 24416.23 and situation 1 of FTB Legal Ruling 2011-04 regarding application of NOL suspension provision.

- For taxable years beginning on or after January 1, 2019, NOL carrybacks are **not** allowed.
- NOLs incurred in taxable years beginning on or after January 1, 2013, and before January 1, 2019, were carried back to each of the preceding two taxable years or elected to carryforward for 20 years. The allowable NOL carryback percentage varied. For more information see R&TC Section 24416 and get FTB Legal Ruling 2011-04. If a disaster loss deduction created an NOL (whether in the year of the loss or the prior year), the applicable NOL carryback or carryforward rules for the taxable year the NOL was created applied.
- For taxable years beginning on or after January 1, 2014, and before January 1, 2029, taxpayers may deduct a disaster loss for any loss sustained in any city, county, or city and county

in California that is proclaimed by the Governor to be in a state of emergency. For these Governor-only declared disasters, subsequent state legislation is not required to activate the disaster loss provisions. Any law that suspends, defers, reduces, or otherwise diminishes the deduction of a NOL shall not apply to an NOL attributable to these specified disaster losses. The President's declaration continues to activate the disaster loss provisions. For a list of disasters declared by the President and/or the Governor, see the Declared Disasters list in Specific Line Instructions. For the most current listing of disasters that may have occurred after the finalization date of this form, go to ftb.ca.gov and search for **disaster loss for businesses**.

Get FTB Pub. 1034, Disaster Loss How to Claim a State Tax Deduction or see R&TC Section 24347.14, for more information.

- For taxable years beginning in 2010 and 2011, California suspended the NOL carryover deduction. Corporations continued to compute and carryover NOLs during the suspension period. **However**, corporations with net income after state adjustments (pre-apportioned income) of less than \$300,000 or with disaster loss carryovers were not affected by the NOL suspension rules.
- If taxpayers are required to be included in a combined report, the 2010 and 2011 NOL limitation amount of \$300,000 or more shall apply to the aggregate amount of pre-apportioned income for **all** members included in the combined report.
- For taxable years beginning in 2008 and 2009, California suspended the NOL carryover deduction. Corporations continued to compute and carryover an NOL during the suspension period. **However**, corporations with taxable income of less than \$500,000 or with disaster loss carryovers were not affected by the NOL suspension rules.
- The carryover period for any NOL or NOL carryover, for which a deduction is disallowed because of the 2008-2011 suspension, are extended by:
 - One year for losses incurred in taxable years beginning on or after January 1, 2010, and before January 1, 2011.
 - Two years for losses incurred in taxable years beginning before January 1, 2010.
 - Three years for losses incurred in taxable years beginning before January 1, 2009.
 - Four years for losses incurred in taxable years beginning before January 1, 2008.

- For NOLs incurred in taxable years beginning on or after January 1, 2008, California has extended the NOL carryover period from 10 taxable years to 20 taxable years following the year of the loss.
- The Franchise Tax Board (FTB) implemented the Principal Business Activity (PBA) Codes chart that is based on the North American Industry Classification System (NAICS) in the corporate tax booklets. However, the R&TC still uses the Standard Industrial Codes (SIC) for purposes of the new business and eligible small business NOL.

A Purpose

Use form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations, to figure the current year NOL and to limit NOL carryover and disaster loss carryover deductions.

Exempt trusts should use form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates, and Trusts.

If the corporation elected to compute the NOL under the Enterprise Zone (EZ) or Local Agency Military Base Recovery Area (LAMBRA) provisions prior to the 2014 taxable year, get form FTB 3805Z, Enterprise Zone Deduction and Credit Summary, or form FTB 3807, Local Agency Military Base Recovery Area Deduction and Credit Summary, for more information.

B Apportioning Corporations

The loss carryover for a corporation that apportions income is the amount of the corporation's loss, if any, after adding income or loss apportioned to California with income or loss allocable to California under Chapter 17 of the Corporation Tax Law. The loss carryover may be deducted from income of that corporation apportioned and allocable to California in subsequent taxable years.

C Combined Reporting

Corporations that are members of a unitary group filing a single tax return must use intrastate apportionment, separately computing the loss carryover for each corporation in the group using its individual apportionment factors (R&TC Section 25108). Complete a separate form FTB 3805Q for **each** taxpayer included in the combined report. Attach the separate forms for each taxpayer member **behind** the combined form FTB 3805Q for all members.

Unlike the loss treatment for a federal consolidated tax return, a California loss carryover for one member in a combined report may not be applied to the income of another member included in the combined report. Get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report, for more information.

D Water's-Edge

For water's-edge taxpayers, R&TC Section 24416(c) imposes a limitation on the NOL deduction if the NOL is generated during a non-water's-edge taxable year. The NOL

carryover is limited to the lesser amount as re-determined by computing the income and factors of the original worldwide combined reporting group as if the water's-edge election had been in force for the taxable year of the loss. If R&TC Section 24416(c) applies, the NOL carryover for each corporation may be decreased, but not increased.

E S Corporations

An S corporation is allowed to carryover a loss that is incurred during a taxable year in which it has in effect a valid election to be treated as an S corporation. The loss is also separately calculated under the pass-through rules and passed to the shareholders in the year incurred and is taken into account in determining each shareholder's NOL carryover, if any.

If a corporation changes from a C corporation to an S corporation, the loss incurred while the corporation was a C corporation may not be applied to offset income subject to the 1.5% tax imposed on an S corporation. However, losses incurred while the corporation was a C corporation may be applied against the built-in gains which are subject to tax. If the corporation incurred losses while it was a C corporation and an S corporation, and the S corporation is using C corporation losses to offset its built-in gains, the S corporation must complete two forms FTB 3805Q and attach them to Form 100S, California S Corporation Franchise or Income Tax Return. The unused losses incurred while the S corporation was a C corporation are "unavailable" except as provided for above unless and until the S corporation reverts back to a C corporation or the carryover period expires.

However, if an S corporation changes to a C corporation, any S corporation NOLs are lost.

F Types of NOLs

The NOL Carryover table in these instructions shows the types of NOLs available, a description, the taxable year the NOLs were incurred, the percentages and carryover periods for each type of loss.

Specific Line Instructions

Part I – Current year NOL

Use Part I to figure the current year NOL eligible for carryover.

Line 2 – If the corporation incurred a disaster loss during the 2024 taxable year, enter the amount of the loss on this line. Enter as a positive number.

Line 3 – If the amount is zero or less, the corporation does not have a current year general NOL. Go to Part II, NOL carryover and disaster loss carryover limitations, for computation of general NOL carryovers, the current year disaster loss, and carryover from disaster losses.

Line 6 – Go to Part II, Current Year NOLs, to record the corporation's 2024 NOL carryover to

2025. Complete columns (b), (c), (d), and (h) only, for each type of loss that the corporation incurred.

If the corporation has an eligible qualified new business or a small business and the NOL is greater than the amount of net loss from such a business, use the general NOL first. If the corporation operates one or more new businesses and one or more eligible small businesses, determine the amount of the loss attributable to the new business(es), the small business(es), and the general NOL in the following manner. The NOL is first treated as a new business NOL to the extent of the loss from the new business. Any remaining NOL is then treated as an eligible small business NOL to the extent of the loss from the eligible small business. Any further remaining NOL is treated as an NOL under the general rules.

Part II – NOL carryover and disaster loss carryover limitations

Use Part II to limit current year disaster loss and NOL carryover deductions to current year income and to record all of the corporation's loss carryover information.

If the corporation has losses from more than one source and/or more than one category, the corporation must compute the allowable NOL carryover for **each** loss separately.

When to use an NOL carryover

If the corporation NOL carryover deduction is not suspended, use the corporation's NOLs and disaster losses in the order the losses were incurred. There is no requirement to deduct NOL carryovers before disaster loss carryovers.

Line 1 – The NOL carryover deduction is suspended for the 2024, 2025, and 2026 taxable years, if the corporation's taxable income is \$1,000,000 or more. The corporation may continue to compute and carryover an NOL during the suspension period. **However**, corporations with taxable income of less than \$1,000,000 **or** with disaster loss carryovers are **not** affected by the NOL suspension rules.

Line 2 – Prior Year NOLs

Column (a) – Enter the year the loss was incurred.

Column (b) – If the loss is due to a disaster, enter the disaster code from the Declared Disasters list. If the loss is from a new business or eligible small business, enter the SIC Code for the new business or eligible small business from the Standard Industrial Classification Manual. **Do not** enter the code from the PBA Codes chart available in the 2024 Form 100, Form 100S, or Form 100W Tax Booklets.

*For taxable years beginning on or after January 1, 2014, and before January 1, 2029, corporations may deduct a disaster loss for Governor declared disasters. For these Governor declared disasters, subsequent state legislation is not required to activate the disaster loss provisions. Any law that suspends, defers, reduces, or otherwise diminishes the deduction of an NOL shall not apply to an NOL attributable to these specified disaster losses. For more information, see R&TC Section 24347.14 or the NOL Carryover table.

**Carryover period and percentage are limited to the NOL rules. No special state legislation was enacted.

***The Santa Cruz County Severe Storms (occurred in March 2011), the Los Angeles and San Bernardino County Severe Winds (occurred in November 2011), and the San Diego County Wildfires (occurred in May 2014), disaster loss deductions are allowed at 100% in the year the loss was incurred, or corporations can elect to deduct the disaster loss in the prior year under IRC Section 165(i). Any provision of law that suspends, defers, reduces, or otherwise diminishes the deduction of an NOL does not apply to an NOL attributable to these four counties. Refer to R&TC Sections 24347.11, 24347.12, and 24347.13 for more information.

If the Santa Cruz County Severe Storms or the Los Angeles and San Bernardino County Severe Winds disaster loss deduction creates an NOL (whether in the year of the loss or the prior year), the applicable NOL carryforward rule for the taxable year the NOL was created would apply. The NOL can be carried over for 20 years.

If the San Diego County Wildfires disaster loss deduction creates an NOL (whether in the year of the loss or the prior year), the applicable NOL carryback and carryforward rules for the taxable year the NOL was created would apply. The corporation must carryback the NOL attributable to the disaster loss for two years or elect to carryforward the NOL for 20 years.

**** Corporations that elected to deduct the disaster loss in the prior year under IRC Section 165(i), the final year to deduct the disaster loss carryover was last year. Corporations that did not elect IRC Section 165(i), the final year to deduct the disaster loss carryover is this year.

Column (c) – Enter the type of NOL: General (GEN), New Business (NB), Eligible Small Business (ESB), or Disaster (DIS). For more information, see the NOL Carryover table.

If using an Economic Development Area (EDA) NOL, get the applicable form for the NOL type.

Column (d) – Enter 100% of the initial loss for the year given in column (a).

Column (e) – Enter the NOL carryover amount from the 2023 form FTB 3805Q, Part II, column (h).

Column (f) – Enter the smaller of the amount in column (e) or the amount in column (g) of the previous line.

Column (g) – Enter the result of subtracting column (f) from the balance in column (g) of the previous line.

Column (h) – Subtract the amount in column (f) from the amount in column (e) and enter the result.

Current Year NOLs

If a disaster loss occurs between the date of the publication of this form and the end of the taxable year, go to ftb.ca.gov and search for **disaster loss for businesses**, for the updated disaster chart. Then follow the line 3 instructions.

Line 3 – Current Year Disaster Loss

If the corporation deducts the current year disaster loss on the current year tax return (**did not elect IRC Section 165(i)**):

- In column (d), enter the 2024 disaster loss from Part I, Current year NOL, line 2.
- In column (f), enter the disaster loss used in 2024.
- In column (h), enter column (d) less column (f).

Any remaining disaster loss amount would create an NOL for that taxable year. If the disaster loss deduction creates an NOL in the year of the loss, the applicable NOL carryforward rule for the taxable year the NOL was created would apply. The corporation carries forward the 2024 NOL attributable to the disaster loss for 20 years.

If the corporation elected under IRC

Section 165(i) to deduct the 2024 disaster loss on the 2023 tax return, any remaining disaster loss amount would create an NOL to which the applicable NOL carryforward rule for the taxable year the NOL was created would apply. The corporation can carryforward the NOL attributable to the disaster loss for 20 years.

Enter the remaining disaster loss amount in Part II, line 2, column (e). Use the Prior Year NOL instructions for column (a) through column (h) except:

- In column (a), enter 2024.
- In column (b), enter the new disaster code.
- In column (d), enter the total disaster loss incurred in 2024.

NOL Carryover

<p style="text-align: center;">Type of NOL and Description</p> <p>*Note: The NOL carryover deduction is suspended for the 2024, 2025 and 2026 taxable years, if the corporation taxable income is \$1,000,000 or more. The carryover period for any NOL or NOL carryover, for which a deduction is disallowed because of the 2024, 2025, and 2026 suspension, is extended. For more information, see What's New.</p> <p>The NOL carryover deduction was suspended for the 2020 and 2021 taxable years, if the corporation taxable income was \$1,000,000 or more. <p>Disaster Losses Disaster losses are casualty losses in areas of California declared by the President of the United States or the Governor of California to be in a state of disaster. For taxable years beginning on or after January 1, 2014, and before January 1, 2029, if the disaster is declared by the Governor of California only, no subsequent state legislation is required for the disaster loss provisions to be activated. For taxable years before 2014, if the disaster was declared by the Governor only, subsequent state legislation was required for the disaster provision to be activated.</p> <p>An election may be made under IRC Section 165(i) permitting the disaster loss to be taken against the previous year's income. If the corporation made this election, see Part II, Current Year NOLs, line 3 instructions and federal Form 4684, Casualties and Thefts, instructions for when the election must be filed. If special legislation is enacted and the specified disaster loss exceeds income in the year it is claimed, 100% of the excess may be carried over for up to five taxable years. If any excess loss remains after the five-year period, 100% of that remaining loss may be carried over for up to ten additional taxable years for losses incurred in any taxable year beginning on or after January 1, 2004.</p> <p>The following rules would apply if state legislation is enacted; or the President declared an area a major disaster; or the Governor declared an area a major disaster for taxable years beginning on or after January 1, 2014:</p> <p>The corporation can claim 100% of the disaster loss deduction in the year the loss was incurred, or make an election under IRC Section 165(i) to claim the disaster loss deduction against the previous year's income. For taxable years beginning on or after January 1, 2011, if the disaster loss deduction creates an NOL (whether in the year of the loss or the prior year), the applicable NOL carryforward rule for the taxable year the NOL was created would apply. The NOL can be carried over for 20 years.</p>	<p>See "Declared Disasters list" under Part II instructions</p> <p>Prior to 01/01/2011</p> <p>On or after 01/01/2011</p>	<p>100%</p> <p>See Description</p>	<p>First 5 Years 10 Years Thereafter</p> <p>See Description</p>
<p>New Business Get FTB Legal Ruling 96-5 for more information.</p> <p>NB means any trade or business activity that is first commenced in California on or after January 1, 1994. 100% of an NB NOL may be carried over, but only to the extent of the net loss from the new business. The term "new business" also includes any taxpayer engaged in biopharmaceutical activities or other biotechnology activities described in Codes 2833 to 2836 of the SIC Manual. Also, it includes any taxpayer that has not received regulatory approval for any product from the United States Food and Drug Administration. See R&TC Section 24416(g)(7)(A) for more information.</p> <p>If a taxpayer's NOL exceeds the net loss from the new business, the excess may be carried over as a general NOL.</p> <p>If a taxpayer acquires assets of an existing trade or business which is doing business in California, the trade or business conducted by the taxpayer or related person is not a new business if the fair market value (FMV) of the acquired assets exceeds 20% of the FMV of the total assets of the trade or business conducted by the taxpayer or any related person. To determine whether the acquired assets exceed 20% of the total assets, include only the assets that continue to be used in the same trade or business activity as were used immediately prior to the acquisition. For this purpose, the same trade or business activity means the same division classification listed in the SIC Manual.</p> <p>If a taxpayer or related person has been engaged in a trade or business in California within the preceding 36 months and then starts an additional trade or business in California, the additional trade or business qualifies as a new business only if the activity is classified under a different division classification of the SIC Manual.</p> <p>Business activities conducted by the taxpayer or related persons wholly outside California are disregarded in determining whether the trade or business conducted within California is a new business. Related persons are defined in IRC Sections 267 or 318.</p>	<p>On or after 01/01/2008</p> <p>On or after 01/01/2000¹ and before 01/01/2008</p>	<p>100%</p> <p>100% For the first three years of business</p>	<p>20 Years</p> <p>10 Years</p>
<p>Eligible Small Business Get FTB Legal Ruling 96-5 for more information.</p> <p>An ESB NOL is an NOL incurred in a trade or business activity that has gross receipts, less returns and allowances, of less than \$1 million during the taxable year.</p> <p>100% of an ESB NOL may be carried over, but only to the extent of the net loss from the eligible small business. If a taxpayer's NOL exceeds the net loss from an eligible small business, the excess may be carried over as a general NOL.</p> <p>The corporation should use the same SIC Code division classifications described in the New Business NOL section to determine what constitutes a trade or business activity.</p>	<p>On or after 01/01/2008</p> <p>On or after 01/01/2000¹ and before 01/01/2008</p>	<p>100%</p> <p>100%</p>	<p>20 Years</p> <p>10 Years</p>

¹Generally, for Gen, NB or ESB NOLs incurred on or after 01/01/2000 and before 01/01/2008, the carryover period has expired unless further extended due to the 2020-2021 and 2024-2026 suspensions. **See Note above for exceptions.**
