

## **1D barcode instructions for software developers:**

The 2 digit year code should reflect the tax year "**24**"; The Vendor Code field should contain the software developer 4 digit assigned code for identification purposes; The Form ID is assigned to each individual page by the Department of Revenue. The name of the form page is listed next to the Form ID code. Entries in the 2024 1D Barcode Layout page highlighted in green are new additions. Entries highlighted in red are removed for the current tax year.

A one dimensional barcode must be generated at the top of every page of every individual income tax form and schedule.

**Location on page:** Printed on the upper-center portion of the return with ¼ inch of surrounding white space.

**Size and type:** 30 point, FREE 3 of 9 barcode font

For the 2024 1D Barcode Layout, please be sure to use the 2024 Column for form numbers. 2023 numbers are in the layout as reference.

Individual Income Tax Forms Only: Effective 7/15/2019, the Vendor Code and Form ID within the 1D barcode for the Individual Income Tax forms is being switched. The value found in the 1D barcode should also be provided as human readable text. This can be accomplished by using the WASP tool. It will automatically format to a Code 39 mc font slightly below the 1D barcode. Microsoft San Serif and Calibri font are also acceptable. The human readable data should be scaled to fit underneath the barcode and should not touch the barcode data.

Courier/Courier New, bold font, size 11 or 12 are also acceptable. The human readable text should be the same width as the barcode.

To assist in the look-up of the barcodes for the Corporate forms, they will now be displayed in two ways. The first section will have them grouped by form series and category, and the second group will be in order by the barcode number.

(NOTE: The forms and schedules displaying an asterisk are shared forms and therefore can be filed between multiple series. If you cannot find a form on the Corporate Barcode layout, please check the individual barcode layout. Some forms are shared between tax types.)
