Who Must File— Every corporation or pass-through entity subject to the corporation income tax imposed by KRS 141.040 and/or the limited liability entity tax (LLET) imposed by KRS 141.0401 must make estimated tax payments if the combined liability per these statutes can reasonably be expected to exceed \$5,000.

NOTE: Limited liability pass-through entities per KRS 141.010(16) are subject to the LLET per KRS 141.0401. Corporations as defined in KRS 141.010(4) are subject to the taxes imposed by KRS 141.040 and KRS 141.0401. Corporations will have the same account number for the LLET and corporation income tax. DO NOT USE the Secretary of State Organization Number for the Kentucky Corporation/LLET Account Number. If you use an invalid Kentucky Corporation/LLET account number, the processing of your payment may be delayed. To obtain your valid Kentucky Corporation/LLET account number prior to submitting this document, please contact Registration at 502-564-3306.

Installment Vouchers—Enter the amount(s) paid with the voucher in the correct field to identify the payment as LLET and/or corporation income tax. Calculate these amounts using the worksheet on page 3.

- Ensure the correct six-digit Kentucky Corporation/LLET account number and FEIN is used on the voucher and check
- Include voucher with paper check
- Do not leave check stub attached

**MAKE CHECK PAYABLE TO: KENTUCKY STATE TREASURER
MAIL TO: KENTUCKY DEPARTMENT OF REVENUE, FRANKFORT, KENTUCKY 40620-0021**

Recalculating Estimated Tax—If, after the corporation or pass-through entity calculates and pays its estimated tax, it finds that its tax liability for the year will be more or less than originally estimated, it may have to recalculate its required installments. If earlier installments were underpaid, the corporation or pass-through entity may owe a penalty. An immediate payment should be made to reduce the amount of penalty resulting from the underpayment of earlier installments, whether caused by a change in estimate, failure to make a payment, or a mistake.
