You will need a sales and use tax license if you are required to collect sales and use tax on your sales of tangible personal property and taxable services. Certain non-profits may qualify for exemption.

NOTE: If you are not a nonprofit organization but purchase items for resale, you need a resale certificate and not a Sales and Use Tax Exemption Certificate. Check box 8.a. to open a valid Maryland sales and use tax account, from which you may issue resale certificates. Unless you are a nonprofit organization, you DO NOT qualify for a Sales and Use Tax Exemption Certificate. The Sales and Use Tax Exemption Certificate application (SUTEC Application) must be completed separately to receive a Sales and Use Tax Exemption Certificate. Exemption certificates are issued to nonprofit charitable, educational or religious organizations, volunteer fire or ambulance companies, volunteer rescue squads, nonprofit cemeteries, federal credit unions and certain veterans organizations, their auxiliaries or their units located in this State. Possession of an effective determination letter from the Internal Revenue Service stating that the organization qualifies under Sections 501(c)(3), 501(c)(4) or 501(c)(19) of the Internal

Revenue Code may be treated as evidence that an organization qualifies for this exemption. See the Maryland Sales and Use Tax Exemption Certificate Application for additional information.

You must register for a tire fee account if you will make any sales of tires to a retailer or you are a retailer who purchases tires from an out-of-state tire wholesaler or other person who does not show payment of Maryland's used tire recycling fees on invoices to you.

Typical activities subject to the admissions and amusement tax include:

Admissions to any place, including motion pictures, athletic events, races, shows and exhibits. Also subject to tax are receipts from athletic equipment rentals, bingo, coin-operated amusement devices, boat rides and excursions, amusement rides, golf greens fees, golf cart rentals, skating, bowling shoe rentals, lift tickets, riding academies, horse rentals, and merchandise, refreshments or a service sold or served in connection with entertainment at a night club or room in a hotel, restaurant, hall or other place where dancing privileges, music or other entertainment is provided.

You must register for an account if you will make any payment that may be subject to income tax withholding, including withholding on the following: eligible rollover distributions, sick pay, annuity, or pension payments; designated distributions; and certain winnings from Maryland wagering. Both employers and payors of Maryland income tax withholding are required to check Box 8.e.

If you make sales of property subject to the sales and use tax from either motor vehicles or from roadside or temporary locations, you must, in addition to any other license required by law, obtain and display a transient vendor license. Transient vendor licenses will be issued and reissued only to persons who have sales and use tax and trader's licenses and who are not delinquent in the payment of any Maryland taxes.

Exhibitors at fairs, trade shows, flea markets and individuals who sell by catalogs, samples or brochures for future delivery do not need transient vendor licenses.

SECTION B

Complete this section if you are an employer registering for unemployment insurance.

PART 1

All industrial and commercial employers and many nonprofit charitable, educational and religious institutions in Maryland are covered by the state unemployment insurance law. There is no employee contribution.

An employer must register upon establishing a new business in the State. If an employer is found liable to provide unemployment coverage, an account number and tax rate will be assigned. The employer must report and pay contributions on a report mailed to the employer each quarter by the Office of Unemployment Insurance.

Your Entity Identification Number is assigned by the Maryland State Department of Assessments and Taxation. It is an alpha-numeric identifier that appears on the acknowledgement received from that Department. The identifier also can be found on that Department's website at www.dat.state.md.us. (Domestic and foreign corporations and limited liability companies are assigned a number when registering with that Department. Individuals, sole proprietors and partnerships who possess personal

property or need a business license also obtain a number when completing the required registration with the State Department of Assessments and Taxation.)

PART 2

Complete this part if you are a nonprofit organization.

- Item 1.** Your exemption from the IRS should state if you are exempt from federal unemployment taxes.
- Item 2.** Check the appropriate box and include a copy of the IRS exemption, if applicable.
- Item 3.** Indicate your option to finance unemployment insurance coverage:

Option a. - Contributions.

The employer has the option to pay contributions. A rate assigned by the administration is applied to the first \$8,500 of wages paid to each employee during a calendar year. Contributions are paid on a calendar quarter basis.

An employer who has not been subject to the Maryland unemployment insurance law for a sufficient period of time to have its rates computed is required to pay at the new account rate, which is approximately 2.3%. Thereafter, the employer will be assigned a rate reflecting its own experience with layoffs. If the employer's former employees receive benefits regularly that result in benefit charges, the employer will have a higher tax rate. Employers that incur little or no benefit charges will have a lower tax rate.

Option b. - Reimbursement of Trust Fund.

The employer may elect to reimburse the trust fund. At the end of each calendar quarter, the employer is billed for unemployment benefits paid to its former employees during the quarter. A nonprofit organization that elects to reimburse must also provide collateral to protect the administration from default in reimbursement.

If **b.** is checked, indicate which method of providing collateral you will use.

For more information on the financing options, visit www.dllr.state.md.us or call 410-767-2691 or toll free 1-800-492-5524.

Power of Attorney

A power of attorney is necessary if you wish us to disclose information to someone other than the owner or individual who signed. Complete Maryland Form 548 or 548P and attach to your application. The form must also include (1) type of tax (income, employment), (2) Maryland tax form number (CRA, 502, MW506, etc.) and (3) year(s) or period(s) covered.

Executive order on privacy and state data system security notice

The information on this application will be used to determine if you are liable for certain taxes, to register you, and, where appropriate, to issue a required license.

If you fail to provide required information, you will not be properly registered with state tax authorities, and necessary licenses may not be issued. If you operate a business without the appropriate registration and licenses, you may be subject to civil and criminal penalties, including confiscation in some instances.

If you are a sole proprietor, partner or officer in a corporation, you have the right to inspect any tax records for which you are

responsible, and you may ask the tax authorities to correct any inaccurate or incomplete information on those records.

This application and the information you provide on it are generally not available for public inspection. This information will be shared with the state tax authorities with whom you should be registered.
