The New Mexico Taxation and Revenue Department requires each taxpayer to furnish a federal employer identification number (FEIN) for taxpayer identification. Timely Returns

An FID-1 return and payment are timely if the USPS postmark on the envelope bears a date on or before the due date. If the due date falls on a Saturday, Sunday, or a state or national legal holiday, the return is timely if the postmark bears the date of the next business day. Delivery through a private delivery service is timely if the date recorded or marked by the private delivery service is on or before the due date.

Which Form to File:

Fiscal-year and short-year filers use the FID-1 return for the tax year when the fiscal year or short year begins. For example, if the tax year begins June 30, 2023, use the 2023 FID-1 return, even though the ending date of the tax year is 2024.

In general, the federal return you are required to or elect to file determines the New Mexico income tax return you file, as shown in the next table.

General Instructions

Who is Required to File FID Return

Every fiduciary who is required to file a U.S. fiduciary income tax return (federal Form 1041), except a fiduciary of a grantor trust who is required to file federal Form 1041 under the provisions of federal regulation 1.671-4(a), must file a FID-1, *New Mexico Fiduciary Income Tax Return*, if any of the following is true:

- The trustee is a “resident” of New Mexico.
- The estate is of a decedent who was a resident of New Mexico.
- The estate or trust has income from:
- A transaction of business in, into, or from New Mexico; **or**
 - a. Property in New Mexico; **or**
 - b. Compensation in New Mexico.

An **estate** is **Domiciled In New Mexico** if the decedent was domiciled in New Mexico. A **trust** is **Domiciled In New Mexico** if the trustee is domiciled in New Mexico, **or** if the principal place from which the trust is managed or administered is in New Mexico.

Grantor Trusts

Generally, grantor trusts are not required to file a FID-1 return. However, if a grantor trust has become irrevocable upon the grantor's death, the grantor trust must file a FID-1. If the grantor trust, including a living trust, distributes taxable New Mexico net income that exceeds \$20,000 in a calendar year, the grantor trust must file a FID-1.

A grantor trust is a pass-through entity (PTE) and subject to withholding on New Mexico net income distributed when the income distributed is taxable to the beneficiary. The grantor trust must also file *Schedule Fiduciary Pass-Through Entity Withholding Detail Report (FID-D)*. See **Withholding for Non-Resident Beneficiaries of a Pass-Through Entity** in the next section. Also see special instructions for FID-1, line 1, for grantor trusts who file the FID-1 return.

Non-Resident Trusts

New Mexico's law says every person, including an estate or trust, who has income from New Mexico sources and who is required to file a federal income tax return must file an income tax return in New Mexico. This includes non-residents who have income from wages, rents, royalties, businesses, estates, and every other New Mexico source. Even foreign nationals and people who live in states that do not have income taxes must file in New Mexico when they have a federal filing requirement and have income from any New Mexico source whatsoever.

Withholding for Non-Resident Beneficiaries of a Pass-Through Entity

Beginning January 1, 2011, an estate or trust that distributes New Mexico allocable net income taxable to its beneficiaries is a PTE and subject to withholding pursuant to the Oil and FID-1, FID-B, FID-CR, FID-D, Vouchers

Gas Proceeds and Pass-Through Entity Withholding Tax Act (Sections 7-3A-1 through 7-3A-10 NMSA 1978). As a PTE, the estate or trust is required to withhold from the non-resident beneficiary's share of taxable New Mexico net income of the estate or trust. The withholding rate is 5.9%.

The required annual withholding is paid with Schedule FID-D. When the income is taxable to the beneficiary, the beneficiary is included on Schedule FID-D, and FID-D is due even if no tax was withheld. When the income distributed is not taxable to the beneficiary, as in the case of some grantor trusts, the distributed income is not included on FID-D.

Certain exceptions to the requirement to withhold are allowed, and you must maintain documentation in the PTE's records to establish that the PTE had reasonable cause for not withholding. See **Reasonable Cause for Not Withholding** for a complete list of exceptions on page 32 of these instructions.

If a PTE has 50 or fewer beneficiaries who receive New Mexico taxable net income, the estate or trust may submit the completed Schedule FID-D with the FID-1 return.

If a PTE has 51 or more beneficiaries who receive New Mexico taxable net income, the estate or trust is required to electronically file Schedule FID-D through the Department's website or through approved third-party software. Where electronic filing is required, a paper-filed Schedule FID-D will be rejected by the Department.

If the PTE has 51 or more New Mexico payees, and is unable to file electronically because a hardship exists, the PTE may request Department approval to file by paper. The PTE may request approval by filing Form RPD-41350, *E-File Exception Request* or Form RPD-41351, *E-file and E-Pay Waiver Request*. The request must be received by the Department at least 30 days before the taxpayer's electronic report is due.

Schedule FID-D, is due on or before the due date of the entity's federal return for the tax year. If a pass-through entity is not required to file a federal income tax return for the tax year, the entity must file Schedule FID-D with the Department no later than 105 days after the end of its tax year.

If a federal automatic extension or a New Mexico extension is obtained for the FID-1 return, the extension also applies to the filing of Schedule FID-D. An extension waives penalty but does not waive interest.

Other Reporting Requirements

Estates and trusts are also required to provide sufficient information to allow beneficiaries to comply with the provisions of the Income Tax Act and the Corporate Income and Franchise Tax Act, with respect to the beneficiary's share of the taxable net New Mexico income. An estate or trust uses federal Forms 1099-Misc, *pro forma* 1099-Misc, or Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*,

General Instructions

to report to the beneficiaries the allocable net income and the New Mexico tax withheld. These forms must be provided to the beneficiary by February 15th of the year following the year for which the statement is made. These forms are not required to be submitted to the Department when reported on the Schedule FID-D.

The fiduciary must furnish each beneficiary with a statement detailing the amount of income allocable or apportionable to New Mexico for each type of income shown on Federal Schedule K-1. In addition, this statement is expected to show the amount of each beneficiary's share of interest from obligations of the U.S. government and federally tax-exempt interest distributed from the estate or trust, and the portion of such items allocable to New Mexico. A Schedule K-1 or equivalent is not sufficient evidence of New Mexico income tax withheld.

IMPORTANT: To receive proper credit for withholding, all annual statements must be issued to the entity filing the New Mexico income tax return.

ATTACHMENTS TO FID-1 RETURN

You must complete and submit **all required forms and schedules**, including attachments, as indicated in the instructions. Incomplete returns delay processing and may cause the form to be returned to you without processing.

Attach the following to your FID-1 in this order:

- If income is received from sources both inside and outside New Mexico, complete and attach Form FID-B Schedules 1 and 2.
- If tax credits are claimed on line 11 or 24, FID-1, attach Schedule FID-CR. Make sure to attach any additional required documentation.
- Attach all annual statements of income and withholding issued to the estate or trust. This includes New Mexico Forms RPD-41359, *Annual Statement of Pass-Through Entity Withholding*, and RPD-41285, *Annual Statement of Withholding of Oil and Gas Proceeds*; federal Form(s) W-2 and 1099-Misc; and any other income and withholding statement received.
- If a credit is claimed for taxes paid to another state, attach a copy of the tax return(s) from the other state(s) and the worksheet(s) on page 11, *Worksheet for Computation of Allowable Credit for Taxes Paid to Other States by New Mexico Residents*.
- Attach federal tax return Form 1041, pages 1 and 2.
- If you are an Electing Small Business Trust (ESBT) with taxable income used to compute the tax on the S portion of the ESBT that you included on line 1 of the FID-1 return,

also attach the ESBT calculation schedule from your federal Form 1041.

- If you have an unused **New Mexico net operating loss carryforward** amount from a previous year, attach Form RPD-41375, *Net Operating Loss Schedule For Fiduciary Income Tax*, to your return showing the tax year when each New Mexico net operating loss occurred. The schedule also should list each loss for each tax year for which it was carried forward, including 2023.
- If the estate or trust, which is also a pass-through entity (PTE), has 50 or fewer beneficiaries who receive New Mexico taxable net income, the estate or trust may submit the completed Schedule FID-D with the FID-1 return.

If a PTE has 51 or more beneficiaries who receive New Mexico taxable net income, the estate or trust is required to electronically file Schedule FID-D through the Department's website or an approved third-party software. When electronically filed, the FID-D is filed separately from the FID-1 return.

NOTE: The Department may require any taxpayer to furnish a complete, true and correct copy of the federal fiduciary income tax return, including all attachments and schedules.

WHERE TO GET FORMS, INSTRUCTIONS, AND HELP

You can download all New Mexico Taxation and Revenue Department (Department) forms, instructions, and information brochures from the Department website at www.tax.newmexico.gov. You can also get forms and help by calling (505) 827-0825 in Santa Fe or toll free at (866) 809-2335, select option 1, then option 5. If you prefer, you can contact the Department by email at CIT.TaxReturnHelp@tax.nm.gov.

File Returns Only on Approved State Forms.

Always submit Fiduciary Income Tax Returns on official state forms provided by or approved by the Department. Never submit a return with a form that has been **photocopied** or **photo shopped** as it will not be accepted.

The Department approves forms from companies that follow our specifications and format requirements for the electronic file. Acceptance of a software company and its form does not imply endorsement by the Department or assurance of the quality of the company's services. The Department does not review or approve the logic of specific software programs and it does not confirm calculations on forms produced by these programs.

The accuracy of the software program remains the responsibility of the software company, developer, distributor or user.

For a list of companies and products with FID forms approved by the Department, follow these steps:

General Instructions

1. Go to www.tax.newmexico.gov.
2. In the black navigation bar at the top, click **TAX PROFESSIONALS**.
3. Under **E-Filing Mandates** click **Software Developers**
4. Under **Helpful Documents** select the **Approved Software** folder, then the document named **Approved Software for Reproducing of 2023 Income Tax Forms**.

CAUTION: Submit only high-quality, printed, original FID forms and schedules to the Department. A poor print or photocopy of a form from an approved software product or from our website delays processing your return and your refund, credit or rebate.

DUE DATE OF FIDUCIARY INCOME TAX

The FID-1 and accompanying schedules are due on the same day as the required federal return.

A New Mexico income tax return and tax payment are timely if the United States Post Office postmark on the envelope bears a date on or before the due date. If the due date falls on a Saturday, Sunday, state or national legal holiday, the return is timely if the postmark bears the date of the next business day. Delivery through a private delivery service is considered timely if the date recorded or marked by the private delivery service is on or before the due date.

EXTENSION OF TIME TO FILE THE RETURN

The Department accepts an automatic extension of time granted by the Internal Revenue Service if a copy of the federal extension is attached to a FID-1 return at the time of filing. If applicable, attach a copy of the automatic extension request to your FID-1, *New Mexico Fiduciary Income Tax Return*.

If you need an extension of time to file the New Mexico tax return and do not require a federal extension of time to file, Form RPD-41096, *Extension of Time to File*, must be received by the Department on or before the due date of the return.

FID-EXT, *Fiduciary Income Tax Extension Payment Voucher*. If you expect your return to show a balance due and you have obtained either a federal automatic extension or a New Mexico extension, use the FID-EXT payment voucher to make an extension payment by mail or delivery. *Extension payments may also be paid using the Department's website*.

By obtaining an extension of time to file your return, penalty for failure to file and pay is waived through the extension period, provided you file the return and pay the tax shown on the return by the extended due date. However, interest continues to accrue even if the taxpayer obtains the extension. If you expect to owe more tax when you file your 2023 return, make a payment using the Department's website or using the 2023 FID-EXT payment voucher and avoid the accrual of interest.

Mail the **payment and voucher** to the address printed on the voucher. Write "2023 FID-EXT" and the estate or trust's federal employer identification number on the check or money order.

PAYMENT OF FIDUCIARY INCOME TAX

You may pay the fiduciary income tax due on the Department's website or by mailing a check with the return. If submitting the check with the return, attach the *Fiduciary Income Tax Payment Voucher* (FID-PV) with your return. Make the check payable to the New Mexico Taxation and Revenue Department. Mail the return, attachments and payment to the address provided on the FID-PV.

Write "2023 FID-PV" and the estate or trust's federal employer identification number on your check to avoid a misapplication of funds.

When you provide a check as payment, you authorize the Department to use information from your check to make a one-time electronic fund transfer from your account. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day you make your payment.

NOTE: Because the Department uses high-speed scanners when processing payment vouchers, a quality form helps ensure accuracy. Do not photocopy. The scanners can read only one page size to process vouchers, therefore it is important that you **cut on the dotted line only**. When printing the voucher from the Internet or a software product, prevent resizing by setting the printer's page scaling function to **none**. If your payment voucher has a scanline (a very long row of numbers) within the bottom 1 and 1/2 inch of the voucher do not write in the area around the scanline.

A check that is not paid by the financial institution on which it is drawn does not constitute payment. The estate or trust will be assessed a minimum penalty of \$20 in addition to other applicable penalties and interest for late payment.

INTEREST AND PENALTY

Interest. Interest accrues on income tax that is not paid on or before the due date of your return. **Interest is a charge for the use of money and by law cannot be waived.** Interest is computed on a daily basis at the rate established for individual income tax purposes by the U.S. Internal Revenue Code (IRC).

The IRC rate changes quarterly. The IRC rate for each quarter is announced by the Internal Revenue Service in the last month of the previous quarter. The annual and daily interest rates for each quarter are posted on our website at <http://www.tax.newmexico.gov/Individuals/penalty-interest-rates>.

General Instructions

Important: Interest accrues even if there is an extension of time to file the return. Once your principal tax liability is paid, penalty and interest stops accruing.

The formula for calculating interest is:

$$\text{Tax due} \times \text{the daily interest rate for the quarter} \\ \times \text{number of days late} = \text{interest due.}$$

Refunds and Interest

If you are due a refund, you may be entitled to interest on your overpayment at the same rate charged for underpayments, but only under certain conditions.

For a 2023 FID-1, filed in calendar year 2024, the Department pays no interest in these situations:

- When it makes the refund within 55 days of the date of your claim for refund;
- When the interest is less than \$1.00;
- When it cannot process your return (see *Processing Requirements* described next); or
- If the interest is for a refund of any credits claimed for the Investment Credit Act, Laboratory Partnership with Small Business Tax Credit Act, Technology Jobs and Research and Development Tax Credit Act, Affordable Housing Tax Credit Act, Rural Job Tax Credit, or High Wage Job Tax Credit.

For a FID-1 filed in calendar year 2024 for any tax year prior to 2023, the Department pays no interest in these situations:

- When it makes the refund within 120 days of the date of your claim for refund;
- When the interest is less than \$1.00; or
- When it cannot process your return (described next).

Processing Requirements

For processing to take place, the return must show the name and federal employer identification number, and the return must be signed. The return must also comply with all the instructions for the return and contain all attachments required by the instructions.

Penalty. If the tax is not paid when due because of negligence or disregard of rules or regulations but without intent to defraud, the fiduciary is liable for a penalty of 2% per month or partial month from the date the return was required to be filed. The penalty cannot exceed 20% of the amount of tax. The penalty does not apply if an extension of time has been approved and if the tax is paid by the extended due date.

NET OPERATING LOSSES

Unlike a federal net operating loss carryforward, a New Mexico net operating loss incurred cannot be carried back, and if incurred on or after January 1, 2013, may be carried forward for 19 years or until the total amount of the

loss carryover has been used, whichever occurs first. For a net operating loss that was incurred in tax years beginning before January 1, 2013, a New Mexico net operating loss may be carried forward for only five years. Refer to regulation 3.3.1.13(E) NMAC, if the net operating loss was incurred in a tax year beginning prior to January 1, 1991.

You cannot apply a New Mexico net operating loss carryforward until the following tax year provided you have filed a timely return or until the first tax year that begins after the date you file a return establishing the loss.

Use New Mexico Form RPD-41375, *Net Operating Loss Schedule For Fiduciary Income Tax*, to compute your New Mexico net operating loss and carryforward. Attach Form RPD-41375 to your return showing the tax year when each New Mexico net operating loss occurred. The schedule also shows how the loss for each tax year for which it was carried forward, was used.

CHANGES IN FEDERAL OR NEW MEXICO TAXABLE INCOME DUE TO AN IRS AUDIT OR AN AMENDED RETURN

If the IRS changes the trust's or estate's taxable income for any tax year, an amended New Mexico Fiduciary Income Tax Return and a copy of the Revenue Agent's Report must be filed with the New Mexico Taxation and Revenue Department within 180 days of the date the federal adjustment becomes final.

If the fiduciary files an amended New Mexico return because of an amended federal return, the fiduciary must attach a copy of the federal amended return. If an amended return is filed because of a change in New Mexico taxable income, a statement giving the reason for amending the return must be attached.

To file an amended New Mexico Fiduciary Income Tax Return, use the form for the year being amended. Mark the **Amended** box, at the top of the form. Payment for any additional amount of tax due should be attached.

YOUR RIGHTS UNDER THE TAX LAW

The Tax Administration Act governs how the Income Tax Act is administered by the Department and gives you specific rights and responsibilities. Enacted in 2003, the Taxpayer Bill of Rights adds provisions to the Tax Administration Act on confidentiality, hearings, recovery of costs by a taxpayer who prevails in litigation against the Department, timeliness of the Department's audit completion and approval of credits, and administrative hearings. The Bill of Rights also requires that all taxpayers receive a copy of their rights in each fiduciary income tax packet. See page 36.

The best ways to avoid tax problems are to keep accurate tax records and to keep abreast of changes in the tax law. These instructions and other Department publications contain

General Instructions

information that can help you do both.

While most tax problems can be resolved informally, it is important to understand that certain rights provided to you under law must be exercised within specific time frames. If an adjustment is made to your return, a notice will be sent to you explaining the adjustment with a description of procedures you may use if you disagree with the Department's adjustment.

At any time after filing your return, the return may be subject to further review, verification or correction. If your tax return is adjusted or an assessment of additional tax is issued, you will receive a copy of Publication FYI-406, *Your Rights Under the Tax Laws*, describing in detail how to dispute a Department action through either the claim for refund procedure or the protest procedure. Read these procedures carefully to ensure you take the necessary steps to protect your rights.

Publication FYI-406 is available on the Department's internet home page at www.tax.newmexico.gov. Click on **FORMS & PUBLICATIONS, Publications, FYIs**, then **400 Series- Tax Administration** publications.

Line K1. Mark the box if the fiduciary is making distributions to its beneficiaries and electing to file and pay entity-level tax for this tax year. This election is binding on all beneficiaries of the trust. A fiduciary that makes this election calculates the entity-level tax on lines 22-26 of this return and will pay this tax together with any income tax owed by the fiduciary. Beneficiaries will be allocated a share of the entity-level tax paid and be able to claim a credit for the tax paid on the beneficiary's PIT or CIT return. Any credit passed to a beneficiary that is a PTE will be passed on directly to its owners.

Line 1. Federal taxable income of fiduciary. Enter the federal taxable income of the estate or trust from federal Form 1041, line 23. For electing small business trusts (ESBT), federal taxable income also must include the federal taxable

income used to compute the tax on the S portion of an ESBT, included on the federal Form 1041, Schedule G. Enter the federal taxable income on the S portion of an electing small business trust (ESBT) in the space provided to the right of line 1, preceded by "Sec. 641(c) federal taxable income". Include the amount in the federal taxable income of the fiduciary reported on line 1. Attach the ESBT calculation schedule from your federal Form 1041.

The S portion of an ESBT is the portion of the trust that consists of stock in one or more S corporations and is not treated as a grantor trust. For federal tax purposes, the tax on the S portion is figured separately from the tax on the remainder of the ESBT. For New Mexico state tax purposes, the tax on the S portion income is calculated in the same manner as all other federal taxable income of the fiduciary.

If the trust is a grantor trust not required to file a federal fiduciary return but files a New Mexico FID-1 because it distributed taxable New Mexico net income in excess of \$20,000 in the current tax year, the grantor trust completes the top section of the FID-1 return, enters zero in line 1, and records tax withheld information on lines 28 through 32. The remainder of the form is left blank. Be sure to attach annual withholding statements, 1099-Misc, Form RPD-41285, *Annual Statement of Withholding of Oil and Gas Proceeds*, or Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*.

Line 3. Deductions from federal income. Enter deductions from federal taxable income from FID-1, page 2, line 10 (New Mexico net operating loss, interest income from U.S. government obligations, net capital gains deduction, and deduction for income set aside for future distribution from an estate or a trust to a nonresident individual).

Line 5. Tax. Using the tax rate table on page 9 of these instructions, calculate and enter the tax on the income reported on line 4. Enter the tax computed on line 5.

Line 6. New Mexico percentage. An estate or trust which has income from both within and outside New Mexico should complete and file FID-B, Schedules 1 and 2. Enter the New Mexico percentage from line 16 of the FID-B Schedule 1.

Line 7. New Mexico income tax. Multiply line 5 by the percentage on line 6. If FID-B is not required, enter the amount from line 5.

Line 8. Tax on lump-sum distributions. If the estate or trust is a resident New Mexico estate or trust which received a lump-sum distribution and used the federal special 10-year averaging tax option on federal Form 4972, it must complete the worksheet on page 9 to compute the New Mexico averaged additional tax.

Line 10. Credit for taxes paid to another state(s). A resident New Mexico estate or trust that must pay tax to another state on income that is also taxable in New Mexico may take a credit against New Mexico tax for tax paid to the other state.

The credit is for tax that another state imposes on any portion of income that by law is included in New Mexico net income. Do not include tax withheld when calculating the allowable credit. If the specific item of income is not subject to taxation in both states, no credit is available.

The credit may not be more than:

- The New Mexico tax liability due on the return,
- The tax paid to the other state, and
- The amount of New Mexico income tax liability computed on that portion of income that is taxed in both states.

Complete the worksheet on page 11 and attach a copy of the worksheet and the income tax return from the other state to the FID-1 return. Do this for each state for which you wish to claim a credit.

"State" includes the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and states and provinces of foreign countries. Do not include

in the calculation of the credit those income taxes paid to any municipality, county or other political subdivision of a state or to any central government of a foreign country. "State" does not include central governments.

Line 11. Total tax credits applied against the income tax liability on line 9. If you may claim any of the tax credits listed next, complete Schedule FID-CR and attach the applicable form(s), statements or other required back-up. Enter the sum of the credits claimed and applied against tax due from Schedule FID-CR, line A. The supporting documentation required to claim any of the tax credits is described in the section "Line Instructions to Complete the FID-CR" beginning on page 21 of these instructions. The required documentation must accompany the return, or the claim for the credit will not be allowed.

To calculate the amount that may be claimed for any tax year, refer to the claim form or supporting instructions for the tax credit. The sum of credits claimed on Schedule FID-CR may not exceed the income tax claimed on FID-1, line 9 less the amount in line 10.

An estate or trust with income subject to New Mexico income tax may be eligible for the following income tax credits:

- Affordable Housing Tax Credit,
- Angel Investment Credit,
- Advanced Energy Tax Credit (Repealed July 1, 2023),
- Agricultural Biomass Income Tax Credit,

Line 12. Net New Mexico income tax. Add lines 10 and 11, then subtract the total from line 9. Net New Mexico income tax cannot be less than zero.

Calculation of withholding tax and composite income tax. When a fiduciary makes distributions to beneficiaries it is functioning as a Pass-Through Entity (PTE), and the fiduciary may withhold taxes for those beneficiaries in anticipation of the beneficiaries' tax liabilities, just as a PTE would. **A PTE must report and remit New Mexico withholding tax for each non-resident beneficiary**, unless there exists an exception corresponding to a reason code on page 35 (please find detailed withholding direction beginning on page 31 of these instructions).

If a beneficiary is not a New Mexico resident and would not otherwise file a New Mexico income tax return, the fiduciary's record of distributions and withholding, the FID-D, may stand in place of an income tax return, and **composite tax** may be paid by the fiduciary on behalf of the beneficiary. Finally, where allowable, the fiduciary may choose to pay **entity-level tax**, instead of withholding or composite income tax, on distributions to beneficiaries required to pay income tax. Credit for tax paid by the entity can then be claimed on the beneficiaries' income tax returns in proportion to the distributions each received.

Line 13. Total allocable net income. Sum of distributions to beneficiaries, regardless of whether withholding is required or elected. This is the sum of all FID-D and FID-D Supplemental lines 7.

Line 14. Distributions to beneficiaries on which the fiduciary has elected to pay withholding tax. Enter the portion of distributed net income that the entity has determined is subject to PTE withholding tax, including any additional amounts that the entity has decided to withhold on for owners. For more information on what income distributed to owners is required to have New Mexico income tax withheld, see the introduction to the FID-D instructions.

Line 15. Withholding tax rate.
The withholding tax rate is 5.9%.

Line 16. Amount of withholding tax on distributions to beneficiaries. Multiply the amount on line 14 by the percentage on line 15 and enter it here.

Line 17. Total withholding tax passed directly to beneficiaries. This is the amount of withholding tax that was withheld from a payment made to the fiduciary and that was passed directly on to a beneficiary or beneficiaries of the fiduciary. That is, the withholding was never assigned to the fiduciary.

Line 18. Total amount of withholding tax. Subtract line 17 from line 16.

Line 19. Distributions the fiduciary has determined will be subject to composite income tax for electing beneficiaries. The portion of allocable net income (from line 13) distributed to beneficiaries who have elected to have the fiduciary file a composite income tax return.

Line 20. Composite income tax rate. The composite income tax rate is 5.9%.

Line 21. Amount of composite income tax on distributions to beneficiaries. Multiply the amount on line 19 by the percentage on line 20 and enter it here.

Line 22. Total allocable net income. Sum of distributions to beneficiaries, regardless of whether withholding is required or elected. This is the sum of all FID-D and FID-D Supplemental lines 7.

Line 23. Adjustments to allocable net income.
Total of distributions properly allocated or made to the following beneficiaries:
(a) the United States, this state or a political subdivision of either;
(b) a federally recognized Indian nation, tribe or pueblo located wholly or partially in New Mexico, or any political subdivision thereof;
(c) an organization that has been granted exemption from the federal income tax by the United States commissioner of internal revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code;
(d) a corporate partner that would properly include the income in the partner's New Mexico tax return as part of the partner's unitary business income; or
(e) a pass-through entity that is a beneficiary of the electing pass-through entity.

Line 24. Distributions subject to entity-level tax.
Subtract line 23 from line 22.

Line 25. Entity-level tax rate.
The entity-level tax rate is 5.9%.

Line 26. Total amount of entity-level tax. Multiply the amount on line 24 by the percentage on line 25 and enter it here.

Line 27. Total New Mexico Tax.
Add together lines 12, 18, 21 and 26.

Line 28. Total Payments. Enter the total amount of payments made for 2023. These payments are submitted to the Department with a FID-ES, FID-EXT, a FID-PV payment voucher, or applied from a prior year. Please check the appropriate box that corresponds to the reported payments. The payments may

Line Instructions to Complete the FID-1

also be made electronically through the Department's website.

Line 29. New Mexico income tax withheld not included on lines 30 and 31. Excluding the tax withheld from oil and gas proceeds or pass-through entity income reported on line 30 or 31, enter the total of all other New Mexico income tax withheld as shown on your annual withholding statements Form(s) W-2, 1099, 1099-Misc. Include a copy of the forms with your FID-1 return.

Line 30. New Mexico income tax withheld from oil and gas proceeds. Enter the total of all New Mexico income tax withheld from oil and gas proceeds received as shown on your annual withholding statements, 1099-Misc, or Form RPD-41285, *Annual Statement of Withholding of Oil and Gas Proceeds*. Be sure to include a copy of the forms with your FID-1 return.

An entity, including a grantor trust, that has had tax withheld cannot pass a withholding statement directly to any other taxpayer. Generally, the beneficiary must file and report the tax withheld on its New Mexico income tax return. However, if the beneficiary is also a remitter, the tax withheld on the oil and gas proceeds may be passed to the remitees by issuing the remitees an annual withholding statement, Form RPD-41285, *Annual Statement of Withholding of Oil and Gas Proceeds*, or a *pro forma* 1099-Misc. The remitees may then claim the withholding on their income tax return.

Line 31. New Mexico income tax withheld from a pass-through entity. Enter the total of all New Mexico income tax withheld on pass-through entity allocable net income as shown on Forms 1099-Misc or Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*. Be sure to include a copy of the forms with your FID-1 return.

Pursuant to 2023 HB-368, in the tax year beginning January 1, 2023, a pass-through entity may elect to pass credit for tax paid to its owners or beneficiaries, whether individuals or other pass-through entities, in an amount equal to each owner's share of the tax; provided that the pass-through entity paid the tax and furnished sufficient information on the pass-through entity's tax return to identify that owner. In order for the tax withheld to be passed to the owner, the pass-through entity must also issue the owner an annual withholding statement, Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding* or a *pro forma* 1099-Misc. The owner may then claim the withholding on their income tax return.

Line 32. Amount from lines 30 and 31 passed to beneficiaries and reported on FID-D. Enter the amount of tax withheld from lines 30 and 31, which was subsequently passed on to the beneficiaries of the estate or trust. The fiduciary reports withholding that is passed to beneficiaries by issuing them Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*, Form 1099-Misc or a *pro-forma* Form 1099-Misc.

The beneficiaries may then take credit for the withholding on their corporate or personal income tax return.

When an estate or trust that is a PTE passes tax withheld to its beneficiaries, the income tax withheld is also reported on Schedule FID-D.

Line 33. Total payments and tax withheld. Subtract line 31 from the sum of lines 28 through 31.

Line 34. Tax Due. If line 27 is more than line 33, enter the tax due.

Line 35. Penalty. Add penalty if you file late and owe tax, or you do not pay the tax on or before the date the return is due. Calculate penalty by multiplying the unpaid amount on line 34 by 2% then by the number of months or partial months for which the payment is late, not to exceed 20% of the tax due.

Line 36. Interest. Add interest if the amount of tax due on line 34 was not paid by the original due date, even if an extension of time to file was obtained.

Interest is computed on a daily basis at the rate established for individual income tax purposes by the U.S. Internal Revenue Code (IRC). The IRC rate changes quarterly. The IRC rate for each quarter is announced by the Internal Revenue Service in the last month of the previous quarter.

The annual and daily interest rate for each quarter will be posted on our website. Follow these steps to find the current and historic rates:

1. Go to www.tax.newmexico.gov.
2. In the black navigation bar at the top, click **INDIVIDUALS**.
3. Under **FILE YOUR TAXES** select **Penalty & Interest**

Calculate interest at the daily interest rate for the quarter of the unpaid amount for each day the payment is late. The formula for calculating daily interest is:

$$\text{Tax due} \times \text{the daily interest rate for the quarter} \\ \times \text{number of days late} = \text{interest due.}$$

Important: Once your principal tax liability is paid, interest and penalty stops accruing.

Line 37. Total amount due. Add tax, penalty and interest, lines 34-36, to calculate the total amount due.

Lines 38 through 38b. Overpayment If line 33 is more than line 27, you have an overpayment. Enter the difference on line 38. Your overpayment can be:

- Applied to your 2024 tax liability (enter on line 38a), or
- Refunded to you (enter on line 38b), or
- A combination of these.

The supporting documentation required to claim any of the tax credits is described in the section "Line Instructions to Complete the FID-CR" beginning on page 21 of these instructions. The required documentation must accompany the return, or the claim for the credit will not be allowed.

Line 40. Total refund of overpaid tax and refundable credit due to you. Enter the sum of lines 38b and 39. This is the total refund of overpaid tax and refundable credit due to you.

Line 1. Federal net operating loss carryover. Enter that portion of the federal net operating loss deduction claimed on the federal return which has not been distributed to beneficiaries.

Line 2. Non-New Mexico municipal bond interest. You may exclude only federally tax-exempt interest or dividend income from municipal obligations from the State of New Mexico, its agencies, institutions, instrumentalities or political subdivisions, or income from the obligations of the Commonwealth of Puerto Rico, Guam, Virgin Islands, American Samoa or Northern Mariana Islands. Enter that portion of municipal bond income from sources other than those listed above which has not been distributed to beneficiaries.

Line 3. Amount of tax paid by a pass-through entity on distributed net income. Enter the amount of tax paid by a pass-through entity on distributed net income.

Line 4. Total additions. Add lines 1-3, then enter here and on FID-1 page 1, line 2.

DEDUCTIONS FROM FEDERAL INCOME FOR FIDUCIARY (NON-DISTRIBUTED SHARES):

Line 5. New Mexico net operating loss. Enter the New Mexico net operating loss (NOL) carryover that may be applied to the liability on your FID-1 return. Use New Mexico Form RPD-41375, *Net Operating Loss Schedule For Fiduciary Income Tax*, to compute your New Mexico net operating loss and carryforward. Attach Form RPD-41375 to your return showing the tax year when each New Mexico net operating loss occurred. The schedule also shows how the loss for each tax year for which it was carried forward, was used, including 2023.

Unlike a federal net operating loss carryforward, a New Mexico net operating loss incurred cannot be carried back and if incurred on or after January 1, 2013, may be carried forward for 19 years or until the total amount of the loss carryover has been used, whichever occurs first. For a net operating loss that was incurred

in tax years beginning before January 1, 2013, a New Mexico net operating loss may be carried forward for only five years. Refer to regulation 3.3.1.13(E) NMAC 1978, if the net operating loss was incurred in a tax year beginning prior to January 1, 1991.

You cannot apply a New Mexico net operating loss carryforward until the following tax year -- provided you have filed a timely return -- or until the first tax year that begins after the date you file a return establishing the loss.

To compute the carryforward amount from a New Mexico net operating loss recognized in a previous year, add together the federal net operating loss as defined by Section 172(c) of the Internal Revenue Service for the tax year of the loss and any interest received on U.S. Government obligations less related expenses and reported on the New Mexico tax return for the tax year of the loss. Subtract out any loss used in prior tax years.

Line 6. Interest income from U.S. government obligations. Interest on obligations of the United States may be deducted only if the interest was included in federal taxable income reported on FID-1, page 1, line 1.

Line 7. Net Capital Gains Deduction. You may deduct all or a portion of your net capital gains deduction reported and claimed on your federal tax return.

You may deduct **the greater of:**

- 100% of your net capital gains deduction, not to exceed \$1,000; **or**
- 40% of your net capital gains deduction

Line 8. Deduction for Income Set Aside for Future Distribution from an Estate or Trust to a Nonresident Individual.

On or after January 1, 2019, but before January 1, 2025, a taxpayer that is an estate or trust may claim a deduction from net income in the amount equal to income set aside for future distribution to a nonresident individual beneficiary as provided in the estate's or trust's governing instrument.

This deduction excludes income derived from real property located in New Mexico, mineral, oil and gas interests located in New Mexico, water rights located in New Mexico and any other income allocated or apportioned to New Mexico.

Line 9. Deduction for certain expenses related to a New Mexico licensed cannabis business. Enter the amount equal to any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by Section 280E of the Internal Revenue Code, as that section may be amended or renumbered.

Line 10. Total Deductions.

Add lines 5, 6, 7, 8, and 9. Enter this amount here and on FID-1, page 1, line 3.

Line Instructions to Complete the FID-1

See also "Withholding for Non-Resident Beneficiaries of a Pass-Through Entity" on page 3 of these instructions.

Do not complete or attach Schedule FID-B if the estate or trust does not have income from activities both within and outside New Mexico. However, if you file FID-B, continue with the instructions on page 15.

Refund Express

If you request an amount to be refunded to you on line 40, you may wish to have your tax refund deposited directly into your bank account through Refund Express. To choose Refund Express, complete the "Refund Express" portion on page 2 of the FID-1 return. All fields are required. Complete the bank routing number and the account number. You **must** indicate the type of account and you must answer "No" to question 4. Failure to complete all fields correctly will cause your Refund Express request to be denied, and the Department will mail you a paper check. The Department will mail you a paper check if your bank does not accept your Refund Express information.

NOTE: See the instructions for the film production tax credit claim form for information regarding choosing refund express for the refundable portion of the film production tax credit on line 39. **Refund Express is available for deposits to the taxpayer's account only.** Taxpayers may not request the funds to be deposited into the account of another payee. The Department is not responsible for the misapplication of a direct deposit refund that is caused by the error, negligence or malfeasance on the part of the taxpayer.

Important Changes Affecting Refund Express - Direct Deposit

A direct deposit of your refund, "Refund Express", may not be made to a bank account located at a financial institution outside the territorial jurisdiction of the United States. In order to comply with new federal banking rules, anyone wishing to have their refund directly deposited into their account must answer an additional question when completing the Refund Express portion of their return. If you do not answer the ques-

tion, your refund will be mailed to you in the form of a paper check. If you answer the question incorrectly, your refund may be delayed, rejected or frozen by the National Automated Clearing House Association (NACHA) or the Office of Foreign Assets Control (OFAC). The question will ask whether the refund will go to or through an account located outside the United States. The question also warns you that if the answer is "yes", you should not choose the Refund Express method of delivering your refund. Your options are to use a different bank account or to leave the Refund Express portion of your return blank and a paper check will be mailed to the address on the return.

A financial institution is located within the territorial jurisdiction of the United States if it is located:

- within the United States;
- on a United States military base; or
- in American Samoa, Guam, the Northern Mariana Islands, Puerto Rico or the U.S. Virgin Islands.

REMINDER: The Department will mail you a paper check if your bank does not accept your Refund Express information.

Why Use Refund Express?

- Avoid delays that may occur in mailing a check. Refund Express does not guarantee that you will receive your refund check earlier, however — only that when the check is issued, it will reach the bank more quickly.
- Payment is more secure. There is no check to get lost.
- More convenient. No trip to the bank to deposit your check.
- Saves tax dollars. A refund by direct deposit costs less than a check.

What is the Routing Number?

The routing number is for bank identification and **must be nine digits**. If the first two digits are not 01 through 12 or 21 through 32, the system will reject the direct deposit and you will receive a check. On the sample below, the routing number is 211500151.

Your check may state that it is payable through a bank different

SIGNATURE. The return must be signed and dated by a fiduciary or officer representing the fiduciary. Complete all information, including a phone number and e-mail address.

Any person, other than an employee of the fiduciary, preparing the return for compensation must also sign and date the return. A preparer other than an employee of the entity must enter the paid preparer's identifying information in the section, "*Paid preparer's use only*", next to the taxpayer's signature. Enter the preparer's New Mexico Business Tax Identification Number (NMBTIN), if the preparer has one, and the Federal Employer Identification Number (FEIN), if applicable. All paid preparers must enter their Preparer's Taxpayer Identification Number (PTIN).

An improperly signed or unsigned return will be considered invalid for filing purposes, and penalty and interest may be assessed.

FID-B

COMPUTATION OF NEW MEXICO PERCENTAGE AND BUSINESS INCOME APPORTIONMENT FORMULA

FID-B should be used by fiduciaries who are filing returns for trusts or estates having income from activities both within and outside New Mexico.

For purposes of these instructions, an **estate** is **DOMICILED IN NEW MEXICO** if the decedent was domiciled in New Mexico. A **trust** is **DOMICILED IN NEW MEXICO** if the trustee is domiciled in New Mexico or if the principal place from which the trust is managed or administered is in New Mexico.

FID-B, SCHEDULE 1 FOR COLUMNS 1-4, LINES 1-7

You must complete columns 1 through 4 as instructed or the amounts in columns 3 and 4 may be denied.

Column 1, Gross: Amounts entered in this column are the same as those from federal Form 1041, except for line 2, which include amounts reported on lines 2 and 3 of FID-1.

Column 2, Less Related Expenses/Distributions: Amounts entered in this column include deductions and exclusions from federal Form 1041 that apply to the specific types of income reported in column 1 on lines 1-7. Subtract these deductions from the type of income (lines 1-7) to which they apply. Related expenses in column 2 must include distributions to beneficiaries. If the deduction cannot be applied to a specific type of income, enter it on line 11, "Other deductions".

EXAMPLES:

- Taxes on rental property are deducted from rents and royalties, line 4.
- State income taxes, fiduciary fees, attorney fees and accountant fees are included as other deductions, line 11.
- Charitable deductions arising from a specific type of income such as capital gains are subtracted from profit or loss from the sale or exchange of assets, line 5. If it is a charitable deduction arising from general income, it is subtracted on line 11.
- Income distribution deductions should be subtracted from either dividends, interest or profit or loss from the sale or exchange of assets (capital gains) according to the allocations on federal Form 1041, Schedule K-1. Other taxable income distributions on Schedule K-1 are included in the deductions on line 11. Amounts for depreciation and depletion from Schedule K-1 are subtracted from the type of income to which they apply, lines 3-7.
- Dividend and interest exclusions are subtracted from gross dividends, line 1, and gross interest, line 2.

Column 3, Net: The net amounts in this column equal column 1 less column 2.

Column 4, Allocation to New Mexico: Use this column to allocate net income to New Mexico according to the following line instructions. The amount in column 4 cannot be greater than the amount in column 3.

FORM FID-B, SCHEDULE 1

NOTE: If you have a net operating loss or net operating loss carryforward, attach a separate statement identifying the name and operating location of the business or property creating the loss, and a complete copy of your federal tax return.

Lines 1 and 2. Dividends and Interest. Dividend and interest income is allocated in column 4 to New Mexico if the estate or trust is domiciled in New Mexico.

NOTE: *Column 4, Allocation to New Mexico* cannot exceed the amount in *Column 3, Net*.

Line Instructions to Complete the FID-B

Line 3. Income From Other Fiduciaries, S Corporations, Partnerships and Limited Liability Entities: An estate or trust receiving income from another estate, trust, or other pass-through entity that allocated and apportioned its New Mexico income must obtain copies of all allocation and apportionment schedules. The income from these sources must be allocated and apportioned in the same way each estate, trust, or other pass-through entity allocated and apportioned its income. Enter the amount of income allocated or apportioned in column 4.

Example: X, a New Mexico trust, reports \$4,000 of net income as its distributed share from a partnership. Since the partnership allocated and apportioned 50% of its taxable income to New Mexico, the fiduciary will allocate 50% of the \$4,000 amount, or \$2,000, to New Mexico in column 4.

Line 4. Rents and Royalties. Allocate to New Mexico in column 4 the following rent and royalty income:

- from real property in New Mexico,
- from tangible personal property located or used in New Mexico, or
- from intangibles used in New Mexico.

Trusts or estates that are domiciled in New Mexico and receive income from real property, tangible personal property or intangibles located or used in New Mexico (including rents and royalties from oil and gas interests) must allocate that income to New Mexico in column 4. Intangibles are copyrights, patents, franchises, trademarks and licenses.

In addition to the above, trusts or estates domiciled in New Mexico must allocate income from intangible and tangible personal property used in another state if the estate or trust is not subject to tax in the other state.

A patent is used in New Mexico to the extent it is employed in production, fabrication, manufacturing or other processing in New Mexico or when a patented product is produced in New Mexico.

A copyright is used in New Mexico when the printing or other production is accomplished in New Mexico.

If the fiduciary's records do not reflect the extent to which tangible personal property is used within New Mexico, use the following calculation:

Compute the percentage of time the property was located in New Mexico during the tax year by dividing the number of days the property was physically located in New Mexico during the rental or royalty period by the total number of days the property was physically located everywhere during the rental or royalty period.

Multiply the net rents or royalties received for the taxable year

by the percentage calculated above. The result is the amount of rental or royalty income allocable to New Mexico.

If the physical location of the tangible personal property during the rental or royalty period is unknown or unascertainable, enter the amount of rental or royalty income from property delivered to a lessee in New Mexico.

NOTE: *Column 4, Allocation to New Mexico* cannot exceed the amount in *Column 3, Net*.

Line 5. Profit or Loss From the Sale or Exchange of Assets. Allocate to New Mexico in column 4 profits or losses from the sale or exchange of:

- Real property in New Mexico,
- Tangible personal property located in New Mexico at the time it was sold,
- Tangible personal property if the estate or trust is domiciled in New Mexico and the gain was not taxable in the state where the tangible personal property was located,
- Intangible personal property if the estate or trust is domiciled in New Mexico.

Line 6. Net Business and Farm Income. An estate or trust reporting business and farm income earned solely within New Mexico enters in column 4 the entire amount of net income from column 3. If the business and farm income is from activities within and outside New Mexico, **complete lines 1-5 on FID-B, Schedule 2 to determine the percentage of income apportionable to New Mexico.**

Calculate the business and farm income apportioned to New Mexico by multiplying the amount of net business and farm income in column 3, line 6, by the average percent from line 5 of FID-B, Schedule 2.

Separate Accounting Method for Business Income. The separate accounting method may **not** be used by any business. Businesses beginning before January 1, 1991 who elected the separate accounting method were required to elect another method for taxable years beginning on or after January 1, 1995.

Line 7. Other Income. All income from sources other than those already described is allocated to New Mexico in column 4 if the estate or trust is domiciled in New Mexico. Attach a schedule of other income.

If the estate or trust is not domiciled in New Mexico, other income is allocated to New Mexico when it is from transacting business in, into or from New Mexico or when income is received from property in New Mexico or as compensation for services in New Mexico.

Line 8a. Calculate Allocation Percentage for Deduction. Divide line 8 column 4 by line 8 column 3. To complete column

Line Instructions to Complete the FID-B

4 for lines 9-11, multiply the amounts in column 3, lines 9, 10 and 11 by the resulting fraction to determine the portion of each deduction applicable to New Mexico income.

Line 9. Deduction for Exemption. Enter on line 9, column 3 the exemption amount from federal Form 1041. To complete column 4, multiply line 8a by line 9, column 3.

Line 10. Deduction for Distributions. Enter on line 10, column 3 any deductions for distributions which were not entered on lines 1 through 7 above. To complete column 4, multiply line 8a by line 10, column 3.

Line 11. Other Deductions. Enter on line 11, column 3 any deductions claimed on the federal Form 1041 which were not entered in column 2 of lines 1 through 7 above. (Refer to the Schedule FID-B general instructions on page 15, for column 2 instructions.) Attach a schedule of other deductions. To complete column 4, multiply line 8a by line 11, column 3.

Line 13. Taxable Income of the Estate or Trust. Subtract line 12 from line 8 to arrive at the estate's or trust's taxable income. The amount in column 3 should equal the sum of the taxable income of the fiduciary reported on federal Form 1041 plus the additions to federal income for fiduciary, from FID-1, page 2, line 3.

Line 14. Income From Lump Sum Distributions. Enter in column 1, the ordinary income reported on federal Form 4972, *Tax on Lump Sum Distributions*. Enter in column 2, from federal Form 4972, the federal taxable portion of any lump sum distribution you earned the right to receive while a New Mexico resident.

Line 16. New Mexico Percentage. Divide line 15, column 4 by line 15, column 3. This is the New Mexico percentage of net income. Enter here and on line 6 of the FID-1 return. The percentage cannot be less than zero. If you are allocating or apportioning losses out of New Mexico, the percentage may not exceed 100%.

FID-B, SCHEDULE 2

Who Must Complete This Worksheet

If you have business or farm income on line 6, column 3 from both inside and outside New Mexico, complete the worksheet on FID-B, page 2. When you submit your return, attach both the FID-B pages 1 and 2.

Generally, the amount of business and farm income apportioned to New Mexico is determined by multiplying the net amount shown on line 6, column 3 of FID-B Schedule 1, by the following fraction if all factors are present:

$$\frac{\text{property factor} + \text{payroll factor} + \text{sales factor}}{3}$$

* Round each percentage to four decimal places (example: 26.6270%)

Three-Factor Apportionment Formula

New Mexico uses an evenly weighted three-factor apportionment formula. The three factors are property, payroll, and sales. The three-factor formula is for all taxpayers except for the following exclusions:

- **Exclusion 1.** Qualifying manufacturers who elect to use the special manufacturers apportionment formula, **or**
- **Exclusion 2.** A taxpayer whose principal business activity in New Mexico is a headquarters operation and who elects to use the single weighted sales factor apportionment formula, **or**
- **Exclusion 3.** Allowed or required to eliminate one or more factors because the three-factor formula does not fairly represent the extent of their business activity in New Mexico.

Each exclusion is described next as **Exclusions 1, 2 and 3.**

Exclusion 1 Electing Manufacturers Apportionment Formula

Taxpayers whose principal activity is manufacturing may elect to use a special apportionment formula. For taxable years beginning on or after January 1, 2014, the election allows taxpayers to apportion the business income to New Mexico using a single weighted calculation by dividing total sales within New Mexico by total everywhere sales.

On or after January 1, 2020, if eighty percent or more of the New Mexico numerators of the property and payroll factors for a filing group, or for a taxpayer that is not a member of a filing group, are employed in manufacturing or operating a computer processing facility, the filing group or the taxpayer may elect to have business income apportioned to this state by multiplying the income by the sales factor for the taxable year.

The statutory authority for this elective method is in Section 7-4-10(B) NMSA 1978.

Definition of Manufacturing

"Manufacturing" means combining or processing components or materials to increase their value for sale in the ordinary course of business, but does not include:

- a. construction;
- b. farming;
- c. power generation; provided that for taxable years beginning prior to January 1, 2024, "manufacturing" includes electricity generation at a facility that does not require location approval and a certificate of convenience and necessity prior to commencing construction or operation

Line Instructions to Complete the FID-B

of the facility pursuant to the Public Utility Act;
d. processing natural resources, including hydrocarbons; or
e. processing or preparation of meals for immediate consumption.

How to Make the Election: To elect to use the manufacturers apportionment formula, you must notify the Department in writing no later than the filing date of the first return to which your election applies.

Submit your notification to make your election or to terminate your election to Taxation and Revenue Department, CIT Unit, P.O. Box 630, Santa Fe, NM 87504-0630. For assistance, call (505) 827-0825 or toll free: (866) 809-2335, option 4 e-mail: CIT.TaxReturnHelp@tax.nm.gov.

Election Period: If the election is made for taxable years beginning prior to January 1, 2020, it applies to the taxable year in which the election is made and to each taxable year thereafter for three years, or until the taxable year ending prior to January 1, 2020, whichever is earlier.

Elections made for a taxable year beginning on or after January 1, 2020, apply to the taxable year in which the election is made and to each taxable year thereafter until the taxpayer notifies the Department, in writing, that the election is terminated, except that the taxpayer shall not terminate the election until the method of apportioning business income has been used by the taxpayer for at least three consecutive taxable years, including a total of at least thirty-six calendar months.

Exclusion 2

Electing Headquarters Operation Apportionment Formula

Taxpayers whose principal business activity in New Mexico is a headquarters operation may elect to use a single weighted sales factor apportionment formula. For tax years beginning on or after January 1, 2014, the election allows taxpayers to apportion the business income to New Mexico using a single weighted calculation by dividing total sales within New Mexico by total everywhere sales.

On or after January 1, 2020, if a filing group, or a taxpayer that is not a member of a filing group, has a headquarters operation in New Mexico, the filing group or the taxpayer may elect to have business income apportioned to this state by multiplying the income by the sales factor for the taxable year.

Definition of Headquarters

"Headquarters operation" means:

1. the center of operations of a business:
 - a. where corporate staff employees are physically employed;
 - b. where centralized functions are performed, including administrative, planning, managerial, human resources, purchasing, information technology and accounting, but not including a call center;

- c. the function and purpose of which is to manage and direct most aspects and regional headquarters if the national headquarters is subordinate only to the ownership of the business or its representatives and the regional headquarters is subordinate to the national headquarters; **or**

2. the center of operations of a business:

- a. the function and purpose of which is to manage and direct most aspects of one or more centralized functions; and
- b. from which final authority over one or more centralized functions is issued.

How to Make the Election: To elect to use the headquarters operation apportionment formula, you must notify the Department in writing no later than the filing date of the first return to which your election applies.

Submit your notification to make your election or to terminate your election to Taxation and Revenue Department, CIT Unit, P.O. Box 630, Santa Fe, NM 87504-0630. For assistance, call (505) 827-0825 or toll free: (866) 809-2335 (select option 1, then option 5), or email CIT.TaxReturnHelp@tax.nm.gov.

Election Period: If the election is made for taxable years beginning prior to January 1, 2020, it applies to the taxable year in which the election is made and to each taxable year thereafter for three years, or until the taxable year ending prior to January 1, 2020, whichever is earlier.

Elections made for a taxable year beginning on or after January 1, 2020, apply to the taxable year in which the election is made and to each taxable year thereafter until the taxpayer notifies the Department, in writing, that the election is terminated, except that the taxpayer shall not terminate the election until the method of apportioning business income has been used by the taxpayer for at least three consecutive taxable years, including a total of at least thirty-six calendar months.

To Calculate the Line 5 Apportionment Percentage

1. Complete the property factor and payroll factor information in column 1 and column 2. Although an election for a single weighted formula has been made, this information is still necessary. The percentage factors for property and payroll are not included in the calculation of the Average New Mexico Percentage.
2. Enter gross receipts in line 3a, columns 1 and 2.
3. On line 3, calculate the sales factor percentage by dividing 3a, column 2 by column 1, and then by multiplying by 100.
4. In line 4, copy the amount in line 3.
5. In line 4a, enter 1.
6. In line 5, copy the amount in line 3.

Exclusion 3

Eliminating one or more factors.

If the allocation and apportionment provisions of the Uniform

Line Instructions to Complete the FID-B

Division of Income for Tax Purposes Act do not fairly represent the extent of your business activity in New Mexico, you may, without prior approval, make an election for, or the Department may require, the exclusion of any one or more insignificant factors. A factor is considered insignificant if column 1 (the denominator) is less than 3% of net income.

PROPERTY FACTOR

This factor is a percentage determined as follows:

Divide the average value of the real and tangible personal property owned or rented and used in New Mexico for the production of business or farm income during the tax period **by** the average value of all real and tangible personal property owned or rented everywhere and used everywhere for the production of business or farm income during the tax period.

$$\frac{\text{Average Value in New Mexico}}{\text{Average Value Everywhere}}$$

Property shall be valued according to the following rules:

- Property owned during the tax period is valued at its original cost.
- Property rented from others and used for business or farm purposes is valued at eight (8) times the net annual rental rate. The net annual rate is the annual rent paid less any annual rent received from subleases of the same property.
- The average value of property is determined by adding the total value of property held by the taxpayer at the beginning of the tax period to the total value of property held at the end of the tax period and dividing by two.
- A fiduciary may be required to compute an average value on a monthly basis if the Department determines that a monthly average is necessary to correctly reflect the average value of the property.

PAYROLL FACTOR

This factor is a percentage determined as follows:

Divide the total amount paid as compensation to employees in New Mexico during the tax period **by** the total amount paid as compensation to employees everywhere during the tax period.

$$\frac{\text{Total Compensation Paid in New Mexico}}{\text{Total Compensation Paid Everywhere}}$$

Compensation was paid in New Mexico if any one of these conditions is present:

- The employee's service was performed entirely inside New Mexico, **or**
- The employee's service was performed both inside and outside New Mexico, but the service performed outside New Mexico was incidental to the service performed inside New Mexico, **or**
- Some of the employee's service was performed in New Mexico, **and**

- New Mexico was the base of operations or the place from which the service was directed or controlled, **or**
- The employee who received payment for performing the service was a resident of New Mexico during the taxable period, whether or **not** the service was performed within a state other than New Mexico which was the base of operations or the state from which the service was directed or controlled.

SALES FACTOR

This factor is a percentage determined as follows:

Divide the total sales in New Mexico during the tax period (excluding non-business income) **by** the total sales everywhere during the tax period (excluding non-business income).

$$\frac{\text{Total Sales in New Mexico}}{\text{Total Sales Everywhere}}$$

"Sales" means all gross receipts from transactions and activities in the regular course of business.

"Gross receipts" means all income from transactions and activities in the regular course of business including income from licensing intangible personal property.

Sales of tangible personal property are New Mexico sales if either of the following is true. The property is:

- Delivered or shipped to a purchaser other than the U.S. government within New Mexico regardless of the Free on Board (FOB) point or other conditions of the sale, **or**
- Shipped from an office, store, warehouse, factory, **or** other place of storage in New Mexico, **and**
 - The purchaser was the U.S. government, **or**
 - The taxpayer:
 - is not taxable in the state of the purchaser, **and**
 - did not make an election for apportionment of business income pursuant to Subsection B or C of Section 7-4-10 NMSA 1978

Sales other than sales of tangible personal property are New Mexico sales if any of the following are true:

- In the case of sales, rental, lease or license of real property, if and to the extent the real property is located in this state;
- In the case of rental, lease or license of tangible personal property, if and to the extent the tangible personal property is located in this state;
- In the case of sale of a service, if and to the extent the service is delivered to a location in this state, and
- In the case of sale, rental, lease or license of intangible property, if and to the extent the intangible property is used in this state.
- Special rule: Gross receipts for the performance of personal services are attributable to this state to the extent such services are performed in this state.

Line Instructions to Complete the FID-CR

FID-CR

Use Schedule FID-CR to claim any of the business-related tax credits listed in these instructions that may be taken against New Mexico income tax reported on the FID-1 return. For a complete description of the credits, see Publication FYI-106, *Claiming Business-Related Tax Credits for Individuals and Businesses*.

The FID-CR is divided into several sections. The first section lists the business-related tax credits by credit type code. These tax credits are divided into (1) the non-refundable business-related tax credits to be applied against tax due, and (2) the refundable business related-tax credits that may be applied both against tax due and as a credit to be refundable.

The next section is divided into columns A-D:

- the credit type code in column A. You must complete this field;
- the credit approval number, if applicable. It may not be available for all credits, and for some credits the credit approval number is not required. If your business credit does not have a credit approval number as described in the next section, *Tax Credit Types*, leave the credit approval number field blank;
- the amount to be applied to the tax liability on the return; and
- any amount of the credit that may be refunded to you.

If you are claiming multiple credits for the same credit type, list each credit separately. For example: Taxpayer X has received investment vouchers 123456-1 and 123456-2 for two separate affordable housing tax credits. X's return shows a liability of \$80 before applying any tax credits. X wants to use the remaining \$50 from available carry forward on voucher 123456-1, and \$30 from voucher 123456-2. On line 1, X enters A01 in the credit type code column, enters 123456-1 in the credit approval number column, and \$50 in the amount claimed column. The fourth column is left blank because the affordable housing tax credit cannot be refunded. On line 2, X enters A01 in the credit type code column, enters 123456-2 in the credit approval number column, and \$30 in the amount claimed column. A separate entry is made for each credit.

You must report the first 5 credits on Schedule FID-CR. If you are claiming more than 5 credits to be applied to your tax liability or to be refunded, complete and attach the Supplemental Schedule FID-CR. Attach the supplemental to the Schedule FID-CR, reporting the additional credits.

To calculate the amount that may be claimed, refer to the claim form or supporting instructions for the credit. The sum of tax credits applied to the tax due on the return FID-CR, line A, may not exceed the income tax claimed on the FID-1 return (line 9 minus line 10).

If you are claiming more than 5 credits to be applied to your FID-1, FID-B, FID-CR, FID-D, Vouchers

tax liability or to be refunded, lines A and B of the Schedule FID-CR must include the sum of all credits reported on both the Schedule FID-CR and the supplemental to the Schedule FID-CR.

Enter the sum of column C (Amount Claimed Applied to Tax Due) on line A, Schedule FID-CR.

Enter the sum of column D (Amount of Credit to Refund) on line B, Schedule FID-CR.

Transfer the totals to the FID-1 return as follows:

- Transfer the total credits to be applied to the liability due from Schedule FID-CR, line A, to line 11 of the FID-1 return.
- Transfer the tax credits to be refunded from Schedule FID-CR, line B, to line 24 of the FID return.

Be sure to attach the appropriate backup documentation to support the credit taken and attach Schedule FID-CR and FID-CR Supplemental (if you had more than 5 credits) to your FID-1, *New Mexico Fiduciary Income Tax Return*.

TAX CREDIT TYPES

A description of each type of credit follows, and includes the following information, as applicable:

- Whether the credit is refundable;
- Whether the credit may be carried forward, and for how long;
- How to apply for the credit;
- How to claim the credit.

Affordable Housing Tax Credit (A01)

"Affordable housing" covers land acquisition, construction, building acquisition, remodeling, improvement, rehabilitation, conversion or weatherization for single-family residences approved by MFA and multi-family residential housing located in a county of fewer than 100,000 persons.

MFA may issue an investment voucher to a person who has made an investment of land, buildings, materials, cash or services for an affordable housing project approved by MFA or for a trust fund administered by MFA. After receiving the vouchers from MFA, the taxpayer may apply the credit against gross receipts, compensating, withholding, personal income, fiduciary income or corporate income tax liabilities and carry unused credits forward for five years. The credit may not be refunded.

To claim the credit, complete and attach Form RPD-41301, *Affordable Housing Tax Credit Claim Form*, to your FID-1 along with Schedule FID-CR. Attach a copy of the investment

(Repealed Effective July 1, 2023)

A qualified electricity generating facility located in New Mexico may be eligible to apply for and claim the advanced energy tax credit (advanced energy income tax credit, advanced energy corporate income tax credit and the advanced energy combined reporting tax credit).

The amount of the credit is 6% of the eligible generation plant costs. The aggregate amount of tax credit that may be claimed with respect to a qualified generating facility is limited to \$60,000,000.

Film Production Tax Credit (F01)

For film companies that commence principal photography prior to January 1, 2016, a credit is available in an amount equal to 25% of direct production and direct postproduction expenditures made in New Mexico that are subject to taxation and directly attributable to the production of a film or commercial audiovisual product. An additional 5% credit is allowed for certain direct production expenditures made for qualifying productions. If you are not sure what your distributed amount is, contact the film production company.

NOTE: The amount of film production tax credit you may claim against your tax due on this return and the amount that you may receive as a refund are subject to certain limi-

FID-D

Detail of Beneficiary Withholding, Composite Tax, and Entity-Level Tax

WHO MUST FILE: In a given year, an estate or trust that distributes New Mexico allocable net income taxable to its beneficiaries is a Pass-Through Entity (PTE) subject to withholding tax pursuant to the Oil and Gas Proceeds and Pass-Through Entity Withholding Tax Act (Sections 7-3A-1 through 7-3A-10 NMSA 1978). As a PTE, the estate or trust is required to withhold from the non-resident beneficiary's share of taxable New Mexico net income.

On Schedule FID-D the estate or trust must:

- report each beneficiary's share of net income allocable to New Mexico.
- remit the New Mexico tax withheld for each non-resident beneficiary.

The estate or trust must report the details for all recipients to whom it distributes taxable New Mexico net income. If the distributed income is not taxable to the recipient, as in the case of some grantor trusts, including living trusts, the distributed income is not included on the FID-D schedule.

The PTE must indicate **no** on line 5 and fill in a reason code on line 6 of the Schedule A on the FID-D, if the PTE entered into an agreement with the beneficiary that the beneficiary files and pays the tax due on the beneficiary's share of allocable net income of the PTE.

WHEN TO FILE: FID-D, *for Fiduciary Income Tax Returns*, is due on or before the due date of the entity's federal return for the tax year. If the due date of the return falls on a Saturday, Sunday or state or national legal holiday, the return is timely if the postmark bears the date of the next business day.

If the estate or trust obtains a federal automatic extension, or a New Mexico extension is obtained for its return, the extension also applies to the filing of the FID-D. An extension waives penalty through the extension due date, but does not waive interest. You must complete the extended due date field on the FID-D and attach a copy of the extension request.

HOW TO FILE: If an estate or trust that is a PTE has 51 or more beneficiaries who receive New Mexico taxable net income, the estate or trust is required to file the Schedule FID-D on TAP at <https://tap.state.nm.us> or through tax preparation software. The Department will reject a FID-D filed in paper format when an estate or trust is required to file online.

Two options are available in TAP for filing Schedule FID-D electronically: A web application and bulk filing.

The web application allows you to complete the owners information on an Excel template and import the file. Click

"Frequently Asked Questions" on the TAP homepage and select the Templates tab.

Bulk filing allows the filer to upload multiple returns and payments via an XML file into TAP for processing. Bulk filing is primarily used by tax preparers who are filing multiple returns and payments for their clients. Click "Frequently Asked Questions" on the TAP homepage and select the Bulk tab.

File With Paper

If an estate or trust has 50 or fewer New Mexico payees, the estate or trust may file the FID-D using a paper form. When filing using the paper FID-D, attach the schedule to the FID-1 form, and mail to the address on page 1 of these instructions.

An estate or trust that is required to file online may request Department approval to file by paper if it is unable to file online because a hardship exists. The estate or trust may request approval by filing Form RPD-41350, *E-File Exception Request Form*. The request must be received by the Department at least 30 days before the taxpayer's electronic report is due.

HOW TO PAY: Make a payment towards tax due on TAP. On the TAP homepage, click Make a Payment, Business then select PTW Remitter.

You may pay by check or money order using payment vouchers. Use Form PTW-PV to make your payment. Use Form PTW-EXT when making an extension payment to avoid accrual of interest. Mail the payment and the payment voucher to the address on the voucher.

Do not combine your payment for your income tax return with your payment for the FID-D. The payment vouchers for your income tax return and the payment vouchers for the FID-D direct the payment to the correct tax account. If you combine payments, your payment may not be applied correctly, thereby causing delays.

REFUNDS: If requesting a refund due to an overpayment of tax withheld, you also must file Form RPD-41373, *Application for Refund of Tax Withheld From Pass-through Entities*. Note: The Department may require that both the estate's or trust's income tax return and its FID-D be filed before a refund can be verified.

Other Reporting Requirements. Estates and trusts are also required to provide sufficient information to allow beneficiaries to comply with the provisions of the Income Tax Act and the Corporate Income and Franchise Tax Act, with respect to the beneficiary's share of the taxable net New Mexico income.

An estate or trust uses federal Forms 1099-Misc, *pro forma* 1099-Misc, or Form RPD-41359, *Annual Statement of Pass-Through Entity Withholding*, to report to the beneficiaries the allocable net income and the New Mexico tax withheld. These forms must be provided to the beneficiary by February 15th of

Line Instructions to Complete the FID-D

the year following the year for which the statement is made. The estate or trust is not required to submit these forms to the Department.

The fiduciary must also furnish each beneficiary with a statement detailing the amount of distributed income allocable or apportionable to New Mexico for each type of income shown on Federal Schedule K-1. In addition, this statement is expected to show the amount of each beneficiary's share of interest from obligations of the U.S. government and federally tax-exempt interest distributed from the estate or trust, and the portion of such items allocable to New Mexico.

Verification of Income Tax Information. The Department is required to compare the tax information received from the estate or trust with the records of the beneficiaries who file returns with New Mexico. If the Department determines that a beneficiary is not paying the proper tax on net income, the Department may request that the estate or trust show reasonable cause for not withholding. See table **T2. Reason Codes: Withholding Not Required** for a complete list of exceptions on page 35 of these instructions.

If the Department determines that a non-resident beneficiary is not paying New Mexico income tax on the allocable net income of the estate or trust, the Department will notify the estate or trust that the estate or trust must withhold from future net income of the owner. If an estate or trust and non-resident owner entered into an agreement, using Form **RPD-41353**, pursuant to Section 7-3A-3(G) NMSA 1978, the agreement must be revoked and the estate or trust will be held responsible for future tax required to be withheld from the beneficiary.

- If a PTE deducted and withheld an amount, pursuant to the Oil and Gas Proceeds and Pass-Through Entity Withholding Tax Act, from the net income of a beneficiary that is also a PTE, the payee PTE may take credit for that amount in determining the amount the payee PTE must withhold and deduct.

More About RPD-41353

RPD-41353 is required documentation showing the PTE and non-resident owner entered into an agreement that the non-resident owner agrees to pay New Mexico tax on the owner's share of the PTE's allocable net income. All PTEs except personal services businesses may enter into this agreement with its owners. Keep RPD-41353 in your files with the PTE's other records. Unless you receive a Department request that requires you to furnish a true and correct copy of this agreement, do not submit RPD-41353 to the Department.

Completing Vouchers and Payments

Fiduciary Income Tax Vouchers

WHO MUST MAKE ESTIMATED PAYMENTS?

Certain trusts and estates who are required to file a New Mexico fiduciary income tax return under the Income Tax Act are required to pay estimated income tax through either withholding or estimated tax payments. **A penalty is imposed for underpayment or nonpayment of estimated tax.**

Exception: Any trust subject to the tax imposed by Section 511 of the Internal Revenue Code or that is a private foundation **IS NOT** required to make estimated payments. With respect to any tax year ending before the date two years after the date of the decedent's death, **NO** estimated payments are required of the estate of the decedent or of any trust all of which was treated under Subpart E of Part I of Subchapter J of Chapter 1 of the Internal Revenue Code as owned by the decedent and to which the residue of the decedent's estate will pass under the decedent's will.

No penalty for underpayment of estimated income tax is due if:

- you are a first-year resident estate or trust;
- your tax for the current year less any amounts withheld is less than \$1,000*;
- the tax liability for the tax year is less than \$1,000, or
- you are a full-year New Mexico resident estate or trust whose previous tax year was a tax year of 12 months, and you owed zero tax for the preceding tax year.

*For tax years beginning on or after January 1, 2012, the penalty for underpayment of estimated tax is not applied if the difference between the tax for the current year, less amounts withheld, is under \$1,000. The threshold for prior year returns was \$500.

An equal amount of the tax withheld shall be considered as paid on each installment due date unless the taxpayer established the dates on which all amounts were actually withheld. This provision may be applied separately to wage and pension withholding and any other amounts withheld under the Withholding Tax Act.

HOW MUCH ESTIMATED TAX SHOULD BE PAID?

To calculate how much estimated tax should be paid, you must first determine the "**required annual payment**" or the total amount of estimated tax to be paid during the tax year. Once you have determined the required annual payment, then determine the amount and timing for each estimated installment tax payment.

What is the required annual payment? The required annual payment is the lesser of:

1. 90% of the tax shown on the current year return (or the tax for the year, if no return is filed), or

2. 100% of the tax shown on the prior year return, provided a return was filed and the prior year was a full 12-month year.

WHAT IS THE AMOUNT OF THE ESTIMATED INSTALLMENT PAYMENTS AND WHEN ARE THEY DUE?

Generally, four equal installments of the "required annual payment" are due on or before the 15th day of the fourth, sixth, and ninth months of the tax year and the first month following the tax year. For calendar year taxpayers those dates are:

- April 15
- June 15
- September 15
- January 15

If any due date for making an estimated payment falls on a Saturday, Sunday, state or national legal holiday, the estimated payment is filed timely if the postmark bears the date of the next business day. Delivery through a private delivery service is considered timely if the date recorded or marked by the private delivery service is on or before the required mailing date.

SPECIAL RULES APPLY TO CERTAIN TRUSTS OR ESTATES.

There are exceptions to the general rules for determining the timing and amount of each estimated installment payment and for determining receipt of estimated payments. Each exception is described below under *Alternative Methods* for calculation of estimated income tax. Trusts and estates electing to calculate the underpayment penalty using one of these alternative methods must complete question D at the top page 1, FID-1. You need to complete this line **only** if you have elected to use an alternative method for computing estimated tax due. Also see the instructions for completing question D.

ALTERNATIVE METHODS for calculation of estimated income tax.

Annualized income. Trusts and estates with seasonal income can use a modified annualization method to determine the amount and timing of their estimated payments. If a taxpayer does not have annualized income based on actual income received through March 31 sufficient to cause a required payment, then no payment is required. The test dates for subsequent payments are May 31, August 31 and December 31. Based on actual income received, if an estate or trust is not required to make a payment for a specific period, the estate or trust may have to make up later in the year for not paying the earlier installment.

Farm and Ranch income. The law provides a special rule, identical to the federal rule, for a estate or trust when at least two-thirds of gross income is from farming or ranching in the

Completing Vouchers and Payments

prior year. A estate or trust that meets the gross income test may:

- make one estimated payment in the amount of the "required annual payment" on or before January 15 of the year following the tax year of the return, or
- file and pay in full on or before March 1 of the year following the tax year of the return.

Trusts or estates who wish to compute estimated installment payments based on the actual dates on which all amounts of withholding tax were withheld for the applicable tax year. The New Mexico income tax deducted and withheld by an employer is a payment of estimated tax. An equal amount of the tax withheld shall be considered as paid on each installment due date unless the taxpayer establishes the date on which all amounts were actually withheld. This provision may be applied separately to wage and pension withholding and other amounts withheld under the Withholding Tax Act.

HOW DO I CALCULATE PENALTY FOR UNDERPAYMENT OR NON-PAYMENT OF ESTIMATED TAX?

Once you have determined the timing and amount of each estimated installment payment, calculate your underpayment. Underpayment or nonpayment of estimated tax is subject to penalty on the difference between the estimated tax payment made and the amount of estimated tax computed to be due. Penalty accumulates from the due date of the estimated tax payment until the earlier of:

1. the date the payment is made, or
2. the 15th day of the fourth month following the close of the tax year.

New Mexico calculates penalty on underpayment of estimated tax at the rate established for individual income tax purposes by the U.S. Internal Revenue Code (IRC), computed on a daily basis.

Calculate interest at the daily interest rate for the quarter of the unpaid amount for each day the payment is late. The annual and daily interest rate for each quarter is posted on the Department website at www.tax.newmexico.gov. In the black navigation bar at the top, click **INDIVIDUALS**. Under **FILE YOUR TAXES**, select **Penalty & Interest Rates**.

The formula for computing interest is:

$$\text{Tax due} \times \text{the daily interest rate for the quarter} \\ \times \text{number of days late} = \text{interest due.}$$

No penalty will be imposed on the fourth estimated payment if the taxpayer files a return and pays the full amount due on or before January 31 following the close of the tax year.

If the balance due is \$1,000 or more, the Department first determines if the required annual payment was made. If it was, no penalty is assessed. If it was not, the Department will calculate the underpayment penalty and issue an assessment. The amount of the assessment can be protested and additional information provided if you believe the assessment is in error.

COMPLETING THE FID-ES FORM.

Please type or print all entries in blue or black ink. Do not use pencil. Enter the tax year end for which you are making the estimated payment, e.g. 12/31/2024. Please mark the appropriate box for the period to which the estimated payment applies. If the estate or trust is a fiscal year filer, mark the box for the appropriate comparable period. For example, if the trust has a September 30 year end, the first estimated payment is due on the fifteenth day of the fourth month or January 15. The comparable payment date for a calendar year estate or trust is 1st quarter, April 15. Mark that box. Enter the identifying information for the estate or trust where indicated. Enter the amount of payment remitted with the FID-ES payment voucher.

MAKING PAYMENT BY CHECK OR MONEY ORDER

You must complete a FID-ES payment voucher and mail it along with your check or money order to:

New Mexico Taxation and Revenue Department
Attn: 2024 FID-ES
P.O. Box 25127
Santa Fe, NM 87504-5127

Please write the federal identification number of the estate or trust and "2024 FID-ES" on the check or money order made payable to New Mexico Taxation and Revenue Department. Please do not mail cash. Please **DO NOT** combine a payment of estimated tax with any other payment.

NOTE: When printing a payment voucher from the Internet, the printer setting "Page Scaling" should be set to 'none' to prevent resizing. The payment vouchers are processed through high-speed scanners. Do not cut the bottom portion of the voucher except where indicated--**cut on the dotted line only**. If your payment voucher has a scanline printed on it, do not write in the area around the scanline. A scanline is located within the bottom 1 -1/2 inch of the voucher.

MAKING PAYMENT ON THE INTERNET

You can pay online through Taxpayer Access Point (TAP) at <https://tap.state.nm.us>. Under **GENERAL TASKS**, click **Make a Payment** and then **Business**. From the **Account Type** drop-down, select **Fiduciary Income Tax**. You may pay via electronic check at no charge. You may also pay via credit card; a convenience fee is applied for credit card payments.

New Mexico Taxpayer Bill of Rights

Most tax transactions happen without incident. In an imperfect world, however, occasional disagreements occur through misunderstanding, mathematical error, missed deadlines, misplaced papers, high volume of transactions and many other situations.

Over the years the Legislature and the Department have established ways to handle difficulties according to the provisions of the state tax code. Following are some of your rights. Should you wish to consult the law itself, you will find it in Sections 7-1-4.1 through 7-1-4.3 NMSA 1978:

- The right to available public information and prompt and courteous tax assistance;
- The right to representation and advice by counsel or other qualified representatives at any time during your interactions with the department according to provisions of Section 7-1-24 NMSA 1978, or with the Administrative Hearings Office in accordance with the provisions of the Administrative Hearings Office Act;
- The right to have audits, inspections of records and meetings conducted at a reasonable time and place according to Section 7-1-11 NMSA 1978;
- The right to simple, non-technical information explaining procedures, remedies and rights during audit, protest and collection proceedings under the Tax Administration Act;
- The right to receive an explanation of audit results and the basis for audits, assessments or denials of refunds that identify tax, interest or penalty due;
- The right to seek review through formal or informal proceedings of findings or unfavorable decisions arising from determinations during audit or protest procedures according to Section 7-1-24 NMSA 1978 and the Administrative Hearings Office Act;
- The right to have your tax information kept confidential unless otherwise specified by law in Sections 7-1-8.1 through 7-1-8.10 NMSA 1978;
- The right to an abatement of an assessment of taxes incorrectly, erroneously or illegally made (Section 7-1-28 NMSA 1978) and a right to seek a compromise of an asserted tax liability. When the Secretary of Taxation and Revenue in good faith doubts that you owe us what we claim you owe, you also have the right to seek a compromise if one exists in your particular case (Section 7-1-20 NMSA 1978);
- The right to clear information of the consequences if a tax assessment is not paid, secured, protested or otherwise provided for according to Section 7-1-16 NMSA 1978. If you become a delinquent taxpayer, upon notice of delinquency you have the right to timely notice of collection actions that require sale or seizure of your property under the Tax Administration Act, and

- The right to pay your tax obligations by installment payment agreements according to the provisions of Section 7-1-21 NMSA 1978.

Confidentiality Provisions:

Statutes regulating the confidentiality of your taxes continue to be strict. The Legislature included language in Section 7-1-8 NMSA 1978 requiring the Department to answer questions about whether a taxpayer is registered to do business in this state or is registered for other tax programs, but it does not allow employees to reveal whether you have filed a return.

A hearing officer's written ruling on questions of evidence or procedure according to the provisions of the Administrative Hearings Office Act may be made public, but not the name and identification number of the taxpayer requesting the ruling.

Now included in public record are the monthly gasoline tax reports of numbers of gallons of gasoline and ethanol-blended fuels received and deducted, and the tax paid by each filer or payer of the tax. Identities of rack operators, importers, blenders, suppliers or distributors and the number of gallons of gasoline and other fuels are public record. The Department may make known to the Gaming Control Board the tax returns of license applicants and their affiliates.

Audit Provisions:

We must provide you with written, dated notice that an audit is about to begin on a specific date, and the notice must tell you which tax programs and reporting periods will be covered. We must issue a second notice, which states any outstanding records or books of account requested and not yet received, between 60 and 180 days after the audit begins.

If you do not produce the records within 90 days, the department can issue an assessment of tax on the basis of the information as it stands. If you need additional time, you must submit a specific request in writing.

Interest on outstanding liabilities accrues if the department does not issue an assessment within 180 days of the notice of outstanding records or books, or within 90 days after time has expired under your request for additional time; however, you are entitled to an abatement of interest for the period of time after you have complied with department requests and the department has not acted on the audit.

Administrative Hearing Procedures:

ment or formulation of tax policy and if the hearing officer's activities have affected his or her impartiality.

The Chief Hearing Officer may designate another hearing officer for the matter. Hearing officers may not communicate unilaterally about a matter you have protested while that matter is still pending. The chief hearing officer may appoint another hearing officer if that occurs.

You may request a written ruling on any contested question of evidence in matters in which you have filed a pending written protest. You also may request that two or more protests on related issues be combined and heard jointly, and the hearing officer shall grant the request unless it creates an unreasonable burden on the department.

Credit Claims:

The Department has 120 days from the filing date to approve or deny a statutory tax credit. If it does not act, the credit is approved. For more information see Section 7-1-29.2 NMSA 1978.

Awarding of Costs and Fees:

If you prevail in an administrative or court proceeding brought by you or against you after July 1, 2003, under the Tax Administration Act, you may be entitled to a judgment or a settlement for reasonable administrative costs connected to the action.

Penalty:

The department may not assess penalty against you if you fail to pay tax when due because of a mistake of law made in good faith and on reasonable grounds.

If the Secretary determines that it is unfair to hold a spouse or former spouse liable for payment of unpaid taxes, the Secretary may decline to take action against the spouse or former spouse of the person who actually owes the tax. In extreme cases of delinquency under Section 7-1-53 NMSA 1978 the Department may enjoin a taxpayer from continuing in business after a hearing and until the delinquency is cleared.
