## 2024 Federal Tax Table

Use the tax tables if taxable income is under \$100,000. If taxable income is \$100,000 or more, use the *2024 Federal Tax Rate Schedules*, page 3-1.

**Note:** These federal tax tables are based on drafts issued by the IRS on September 16, 2024.

**Example:** A married couple is filing a joint return. Their taxable income on Form 1040, line 15, is \$25,300. First, they find the \$25,300–25,350 taxable income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the taxable income line and filing status column meet is \$2,575. This is the tax amount they should enter on Form 1040, line 16.
