Maryland will follow the IRS rules for a single-member LLC that is disregarded as a separate entity and the income (loss) will be included on the member(s) annual Maryland returns.

S corporations subject to federal corporation income tax, such as excess net passive income or built-in gains, are also subject to Maryland corporation income tax and must file a corporate income tax return (Form 500) in addition to a PTE return (Forms 510 or 511). See *C Corporation Filing Requirements*, page 34-14.

**S corporation/partnership/LLC income tax return due date.** The following forms are due by the 15th day of the fourth month following the close of the entity's tax year.

### Sales and Use Tax

The Maryland sales tax rate is 6%. Most sales of food by substantial grocery or market businesses are not subject to tax. Other exemptions include medicine, energy for residential use, manufacturing machinery and equipment, and certain agricultural equipment and supplies.

An 11.5% tax is imposed on short-term passenger car and recreational vehicle rentals. Certain short-term truck rentals are subject to an 8% tax. The 6% tax rate is applied to a portion of the sale of new mobile homes and modular buildings, as well as a portion of the gross receipts from vending machine sales. The 9% tax rate is applied to sales of alcoholic beverages.

Use tax is due on the purchase of taxable tangible goods from outside of Maryland if the merchandise is used in Maryland. The use tax is 6% (9% for alcoholic beverages).

**Corporation extension information.** Massachusetts allows automatic extensions for all corporate excise taxpayers without written request if the corporation has paid the greater of \$456 or 50% of the total amount of tax ultimately due by the original due date for filing the return. ### Michigan Business Tax Filing Requirements

The Michigan Corporate Income Tax (CIT) replaced the Michigan Business Tax (MBT) for most taxpayers.

Certain MBT taxpayers with certificated or awarded credits may elect to continue using those credits. Such taxpayers may elect to continue filing and paying under the MBT until the expiration of the previously-awarded certificated credits.

### Corporate Income Tax Filing Requirements

Under the Corporate Income Tax (CIT), taxpayer means a C corporation, insurance company, financial institution, or a unitary business group liable for tax, interest, or penalty. All taxpayers, other than financial institutions and insurance companies, with apportioned or allocated gross receipts

equal to \$350,000 or more and whose CIT liability is greater than \$100 must file Form 4891, *Michigan Corporate Income Tax Annual Return*.

**Note:** Insurance companies and financial institutions will calculate tax liability using specialized tax bases and rules and do not file Form 4891.

**Corporate income tax due date.** Form 4891, *Michigan Corporate Income Tax Annual Return*, is due by the last day of the fourth month after the end of the corporation's tax year.

**Corporate income tax rate.** The CIT imposes a 6% corporate income tax on C corporations and taxpayers taxed as corporations federally. The CIT has one credit, the small business alternative credit, which offers an alternate tax rate of 1.8% of adjusted business income.

**Corporate extension information.** File Form 4, *Application for Extension of Time to File Michigan Tax Returns*, to request an extension of eight months. Any tax liability must be paid by the original due date of the return.

### Sales and Use Tax

Individuals or businesses that sell tangible personal property to the final consumer are subject to a 6% sales tax on their taxable retail sales. Michigan does not allow city or local units to impose sales or use taxes.

The use tax is a companion tax to the sales tax. Use tax of 6% must be paid on the total price (including shipping and handling charges) of all taxable items brought into Michigan or purchases by mail from out-of-state retailers. Credit is given for tax paid to another state. Use tax is also applied to certain services such as telecommunications and hotel/motel accommodations.

### Sales and Use Tax

Minnesota has a 6.875% general sales tax rate. Most retail sales are taxable. A "retail sale" means any sale, lease, or rental for any purpose other than resale, sublease, or subrent. Sales, leases, and rentals are taxable regardless of quantity or whether the item is new or used, unless an exemption applies. Some services are also taxable.

Taxable items purchased for the taxpayer's own use without paying sales tax are subject to a use tax. The tax rate is the same for both sales and use tax, and the same exemptions apply.

Local sales taxes apply to retail sales made and taxable services provided within a city or county. The tax applies to the same items that are taxed by the Minnesota sales and use tax law.

## Partnership/LLC Filing Requirements

Every partnership having either (1) at least one partner who is an individual, estate, or trust that is a resident of New York State, or (2) any income, gain, loss, or deduction from New York State sources must file Form IT-204, *Partnership Return*, regardless of the amount of its income. New York State law does not require a partnership to file Form IT-204 solely because it has a partner that is either a partnership or corporation formed under the laws of New York State, even though such partner may be responsible for filing its own return with New York State.

The New York personal income tax and the corporate franchise taxes conform to the federal income tax classification of LLCs and LLPs.

LLCs, LLPs, and certain partnerships are also required to file Form IT-204-LL, *Partnership, Limited Liability Company, and Limited Liability Partnership Filing Fee Payment Form*. The following entities must file a return and pay a filing fee if they have any income, gain, loss, or deduction from New York sources in the current year and are:

- LLCs that are disregarded for federal income tax purposes,
- Domestic or foreign LLCs that are required to file a partnership return (Form IT-204) for the current year, or

**Partnership/LLC extension information.** File Form IT-370-PF, *Application for Automatic Extension of Time to File for Partnerships and Fiduciaries*, to request a 6-month extension for Form IT-204. There is no extension of time to file Form IT-204-LL or pay the annual fee.

### Business Filing Requirements

The state of Washington does not have a personal income tax or a corporate income tax. Nor does it impose a tax on intangible assets. However, Washington businesses are responsible for various other state levies. Washington assesses a corporate tax called the Business and Occupation (B&O) Tax which is filed on a *Combined Excise Tax Return*, a *Business & Occupation Activities Return*, or a *Retailing and Other Activities Return*. The returns include the B&O tax, sales and use tax, and other taxes.

Almost all businesses located or doing business in Washington are subject to the state B&O tax, including corporations, limited liability companies (LLCs), partnerships, sole proprietors, and nonprofit organizations.

**Local reporting requirements.** In addition to the state tax reporting requirements, many Washington cities also have a local B&O tax.

**Active non-reporting status.** Businesses that meet the following criteria are not required to file monthly, quarterly, or annual tax returns.

- Business activity does not require the collection of retail sales tax.
- Gross proceeds of sales, gross income, or value of products or services for all B&O tax classifications is less than \$125,000 per year.
- Gross income of the business for all public utility tax classifications is less than \$24,000 per year.
- The business does not owe any other tax or fee to the Department of Revenue.

**Business and Occupation (B&O) tax rate.** The B&O tax rates vary by classification. The major B&O classification rates range from 0.471% to 1.750% of gross income. The B&O tax is calculated on gross income. Deductions for labor, materials, taxes, or other costs of doing business are not allowed. However, businesses may be eligible for credits that offset tax.

### Sales and Use Tax

Sales tax is applied to the gross receipts of all retail sales, including selling, leasing, and renting of tangible personal property or the sale of services in Washington, as long as the products or services are not specifically exempt or sold to an exempt entity. The state sales and use tax rate is 6.5%. Additional rates are imposed by localities and the Regional Transit Authority (RTA).

**Sales tax—remote sellers.** See *Sales Tax—Remote Sellers*, page 34-36.

**Contact information.** The Washington Department of Revenue administers the sales and use tax.

The following partnerships are required to file a partnership return: (a) resident partnerships, (b) nonresident partnerships having a partner who is a resident of West Virginia, or (c) nonresident partnerships having any income from or connected with West Virginia sources regardless of the amount.

A limited liability company which is treated like a partnership for federal income tax purposes will also be treated as such for West Virginia income tax purposes. If it is not treated like a partnership, it will be taxed as a C corporation unless it elects to be taxed under Subchapter S of the IRC.

**S corporation/partnership/LLC income tax return due date.** Form PTE-100, *West Virginia Income Tax Return S Corporation & Partnership (Pass-Through Entity)*, is due by the 15th day of the third month following the close of the taxable year.

### Wisconsin Department of Revenue

Taxpayer information and assistance..... 608-266-2772

### C Corporation Filing Requirements

Every corporation organized under the laws of Wisconsin or licensed to do business in Wisconsin (unless exempt) is required to file a Wisconsin corporate franchise or income tax return, regardless of whether or not business was transacted. Unlicensed corporations are also required to file returns for each year they do business or have certain business activities in Wisconsin.

**Corporation income tax return due date.** Form 4, *Wisconsin Non-Combined Corporation Franchise or Income Tax Return*, is due by the 15th day of the fourth month following the close of the taxable year.

**Corporation income tax rate.**

Wisconsin corporate income tax rate .....7.9%

Corporations filing Form 4 may also be subject to the economic development surcharge if gross receipts from all activities are \$4 million or more. The surcharge is the greater of \$25 or 3% of the corporation's franchise or income tax, but not more than \$9,800.

**Corporation extension information.** Any extension allowed by the IRS for filing the federal return automatically extends the Wisconsin due date to 30 days after the federal extended due date. A copy of the federal extension must be attached to the final return when filed.

If a federal extension is not requested, Wisconsin allows an automatic extension of seven months, or until the original due date of the corporation's corresponding federal return, whichever is later.

Use Form Corp-ES, *Corporation Estimated Tax Voucher*, to make a payment.

---

**S Corporation Filing Requirements**

S corporations use Form 5S, *Wisconsin Tax-Option (S) Corporation Franchise or Income Tax Return*, to report their income, gains, losses, deductions, and credits and to compute their franchise tax, built-in gains tax, and economic development surcharge liability. See *C Corporation Filing Requirements*, page 34-33.

**S corporation income tax return due date.** Form 5S, *Wisconsin Tax-Option (S) Corporation Franchise or Income Tax Return*, is due by the 15th day of the third month following the close of the taxable year.

**S corporation income tax rate.** A franchise tax is imposed on interest income attributable to Wisconsin at a rate of 7.9%. S corporations may also be subject to the economic development surcharge if gross receipts from all activities are \$4 million or more. The surcharge is the greater of \$25 or 0.2% of the net income as allocated or apportioned to Wisconsin, but not more than \$9,800.

**Electing out of Wisconsin tax-option treatment.** A corporation that is an S corporation for federal tax purposes may elect not to be an S corporation for Wisconsin tax purposes. To make the election, the corporation must file Wisconsin Form 5E, *Election by an S Corporation Not to Be Treated as a Tax-Option Corporation*. A corporation that has made the election must file Form 4 for Wisconsin rather than Form 5S. Since the corporation will be filing Form 1120-S for federal purposes, special adjustments may be required to properly determine Wisconsin net income.

**S corporation extension information.** S corporations follow the same rules as C corporations. See *Corporation extension information*, above.

**Pass-through entity election.** See *Pass-Through Entity (PTE) Election* chart, page 34-35.

---

**Partnership/LLC Filing Requirements**

Every partnership and limited liability company treated as a partnership with income from Wisconsin sources, regardless of the amount, must file Form 3, *Wisconsin Partnership Return*.

Single-member LLCs that are disregarded entities for federal purposes are not required to file Form 3. The member is required to include the income and expenses of the LLC on the member's return.

**Partnership/LLC income tax return due date.** Form 3, *Wisconsin Partnership Return*, is due by the 15th day of the third month following the close of its taxable year.

**Partnership/LLC extension information.** Any extension allowed by the IRS for filing the federal return automatically extends the Wisconsin due date by the same extension period, provided a copy of the federal extension is attached to the Wisconsin return.

Use Form 3-ES, *Wisconsin Partnership Estimated Tax Voucher*, to make a payment.

**Pass-through entity election.** See *Pass-Through Entity (PTE) Election* chart, page 34-35.
