Schedule OSC/CG - Special Visual Message Details

Visual 'OSC # of #' Message – Printed Copies of e-Filed Returns

If a taxpayer opts to print/save their e-Filed return and is claiming more than three other state credits, Virginia Tax now requires this visual message of 'OSC # of #' to be added to the Schedule OSC's to indicate that more than one Schedule OSC is included with the return. The 'OSC # of #' should be added to the latest point in the "to be e-Filed" process or after the return was e-Filed.

Internal screening procedures and the automated processing section will use the 'OSC # of #' to ensure all out of state credits filed are processed.

Use this location for the 'OSC # of #' message.
