To request relief, Form PTE-R must be completed and mailed at least 30 days before the original due date of the composite return. This form should be attached to Form PTE-C each year. Failure to attach form NRC-Exempt to the return shall cause the pass through entity to remit payment due as originally required.

The following members may be exempt from the composite payment requirement by filing Form NRC-Exempt:

1. Real Estate Investment Trusts that are not captive REITs as defined by Ala. Code Section 40-18-1(5) and that has no Alabama sourced income as a result of the dividends paid deduction.
2. Exempt organizations whose share of taxable income sourced to Alabama does not result in unrelated business taxable income.

Composite Payment and Return Requirements for Subchapter K Entities and S Corporations

A partnership, or other entity classified as a Subchapter K entity, is required to file a composite return and make composite payments on behalf of its nonresident owners or members if there are one or more nonresident owners or members at any time during the taxable year.

A pass-through entity is not generally required to remit a composite payment on behalf of a nonresident member that is an entity exempt from Alabama income taxation, in accordance with §40-18-32, *Code of Alabama 1975*. The pass-through entity is required to disclose the tax-exempt entity's name, taxpayer identification

number and distributive share of income items on the composite return filed for the taxable year, as is required for all nonresident members. The amount of the composite payment due with respect to the tax-exempt entity would be zero, unless the income is considered unrelated business taxable income in accordance with 26 U.S.C. §512 or the income is otherwise specifically subject to the composite payment requirement of §40-18-24.2, *Code of Alabama 1975*.

The Alabama composite return is not filed as an attachment to the Alabama income tax return for the entity.

Every Subchapter K entity and every S corporation that is credited with a composite payment on a composite return must also file a composite return to properly allocate the composite payment made on its behalf.

The allocation and apportionment requirements established by the Multistate Tax Compact, codified in Chapter 27, Title 40, *Code of Alabama 1975*, and all rules pertaining to the Multistate Tax Compact are applicable to composite returns required to be filed by Subchapter K entities and S corporations.

In computing the amount of the composite payment, the entity shall apply the maximum tax rate provided in §40-18-5 (5%) to each nonresident owner's distributive share of income.

The nonresident owner's distributive share of income shall be computed in accordance with §40-18-24, *Code of Alabama 1975*, for Subchapter K entities. The nonresident shareholder's distributive share of income shall be computed in accordance with §40-18-162, *Code of Alabama 1975*, for S corporations.

In computing the amount of the composite payment, an entity may not offset the income or gain of a nonresident owner/shareholder with the loss of another owner/shareholder.

In computing the amount of the composite payment, a net operating loss carryforward may not be used to offset income or gain.

Every nonresident owner or shareholder whose income is reported on a composite return must file an Alabama income tax return and report the Alabama source income-even if the income earned in Alabama is included on a composite return, unless the nonresident owner or shareholder is a nonresident who has no other Alabama source income. In order for a nonresident individual to have the benefit of any net operating losses generated by a partnership or S corporation, the nonresident individual must establish those losses by filing an Alabama income tax return.

Should you have any additional questions, please call the Pass-through Entity Section at (334) 242-1170, Option 6.

Nonresident Agreements (S corporation only)

An Alabama S corporation may file the agreement of each nonresident shareholder of the entity (1) to file a return and make timely payments of all taxes imposed on the shareholder with respect to the income of the Alabama S corporation, and (2) to be subject to personal jurisdiction in this State for the purpose of the collection of unpaid income tax, together with related interest and penalties, from the nonresident shareholder. An S corporation is not required to make a composite payment for any nonresident shareholder that certifies in writing, under penalty of perjury, to the entity prior to the original due date of the entity's income tax return that the nonresident shareholder has fully paid its Alabama income tax attributable to its distributive share of the entity's net taxable income allocated and apportioned to Alabama with respect to its taxable year. If the nonresident shareholder that has filed a NRA does not pay the tax due at the required time, the S corporation shall make the required payment of income tax due within 60 days after notice and demand from the Department. The tax due is the total of each owner's distributive share of the entity's net taxable income allocated and apportioned to Alabama multiplied by 5% for all nonresident owners.
