Schedule A: Capital Gains (Attach Federal Schedule D)

In Arkansas only 50% of net long term capital gain is taxed. 100% of short term capital gains is taxed.

Per Act 1488 of 2013, the amount of net capital gain in excess of ten million dollars (\$10,000,000) from a gain realized on or after January 1, 2014, is exempt from state tax.

Complete this schedule if you have a **NET CAPITAL GAIN OR LOSS** reported on federal Schedule D, federal Form 1041. **The amount of capital loss that may be deducted after offsetting capital gains is limited to \$3,000.**

Adjust your gains and losses for any depreciation differences, if any, in the federal and Arkansas amounts using lines 2, 5 and 10.*

*(Arkansas did not adopt the federal "bonus depreciation" provision from previous years. Therefore, there may be a difference in federal and Arkansas amounts of depreciation allowed.)
