What's New

Principal Business Activity Codes — The Principal Business Activity Codes, located within these instructions, have been updated and revised to reflect updates to the North American Industry Classification System (NAICS).

General Information

In general, for taxable years beginning on or after January 1, 2015, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2015. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to ftb.ca.gov and search for conformity. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments, the instructions for California Schedule CA (540 or 540NR), and the Business Entity tax booklets.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the instructions. Taxpayers should not consider the instructions as authoritative law.

Repeal of Geographically Targeted Economic Development Area Tax Incentives

The California legislature repealed and made changes to all of the Geographically Targeted. Economic Development Area Tax Incentives. Enterprise Zones (EZ) and Local Agency Military Base Recovery Areas (LAMBRA) were repealed on January 1, 2014. The Targeted Tax Areas (TTA) and Manufacturing Enhancement

Areas both expired on December 31, 2012. For more information, go to **ftb.ca.gov** and search for **repeal tax incentives**.

Expired Manufacturing Enhancement Area (MEA)

The MEA has expired as of December 31, 2012. Taxpayers can no longer generate/incur MEA hiring credits for employees hired on or after January 1, 2013. However, qualified taxpayers can generate/incur MEA hiring credits for qualified employees hired prior to the MEA expiration date for wages paid or incurred within the 60-month period of the MEA hiring credit, For more information, see R&TC Sections 17053.47(b)(1)(D) and 23622.8(b)(1)(D).

Expired Manufacturing Enhancement Area Credits Carryover Period

The portion of any MEA hiring credit remaining for carryover to taxable years beginning on or after January 1, 2014, shall be carried over only to the succeeding 10 taxable years if necessary, or until the credit is exhausted, whichever occurs first. Any hiring credits generated in the current taxable year for employees hired on or before December 31, 2012, and unusable in the current taxable year, may be carried over to the succeeding 10 taxable years.

Single-Sales Factor Formula

R&TC Section 25128.7 requires all business income of an apportioning trade or business, other than an apportioning trade or business under R&TC Section 25128(b), to apportion its business income to California using the single-sales factor formula. For more information, get Schedule R, Apportionment and Allocation of Income, or go to ftb.ca.gov and search for single sales factor. However, business income apportioned to the MEA continues to be apportioned based on the property and payroll factors.

Assignment of Credits

Credit earned by members of a combined reporting group may be assigned to an affiliated corporation that is an eligible member of the same combined reporting group. A credit assigned may only be claimed by the affiliated corporation against its tax liability. For more information, see instructions for Schedule Z, Computation of Credit Limitations, on page 10, Assignment of Credit, or get form FTB 3544, Election to Assign Credit Within Combined Reporting Group, or form FTB 3544A, List of Assigned Credit Received and/or Claimed by Assignee, or go to ftb.ca.gov and search for credit assignment.

imum Wage

an employer who employs 25 or fewer employees, the California minimum wage is:

- \$10.00 per hour from January 1, 2017 through December 31, 2017.
- \$10.50 per hour from January 1, 2018 through December 31, 2018.

For any employer who employs 26 or more employees, the California minimum wage is:

- \$10.50 per hour from January 1, 2017 through December 31, 2017.
- \$11.00 per hour from January 1, 2018 through December 31, 2018.

Pass-Through Entities

For purposes of this booklet, the term "pass-through entity" refers to an S corporation, estate, trust, partnership, and limited liability company (LLC). References to "partnerships" include LLCs classified as partnerships.

Introduction

Economic Development Area (EDA) Tax Incentives

California established four types of EDAs that have related tax incentives. These incentives were established to stimulate growth and development in selected areas that are economically depressed. EDA tax incentives applied only to certain business transactions that were undertaken after an EDA had received final designation from the California Department of Housing & Community Development (HCD). Final designation was when the HCD designated an area to be an EDA. Tax incentives were available to individuals and businesses operating or investing within the geographic boundaries of the following EDAs:

- Enterprise Zones (repealed on January 1, 2014)
- Local Agency Military Base Recovery Areas (repealed on January 1, 2014)
- Manufacturing Enhancement
 Areas (designation expired on December 31, 2012)
- Targeted Tax Areas (designation expired on December 31, 2012)

Additional information on the EDAs can be found in the following FTB tax booklets:

- EZ tax incentives, FTB 3805Z, Enterprise Zone Business Booklet
- LAMBRA tax incentives, FTB 3807, Local Agency Military Base Recovery Area Business Booklet
- TTA tax incentives, FTB 3809, Targeted Tax Area Business Booklet

References in this booklet to the "MEA" are interpreted as "the boundaries of the former MEA as it existed on December 31, 2012."

Reporting Requirement

California statutes require the Franchise Tax Board (FTB) to provide information to the California Legislature regarding the number of businesses using the EDA tax incentives, types of EDA tax incentives being used, and the EDAs in which the businesses are claiming the tax incentives.

Complete items A through I on Side 1 of form FTB 3808, Manufacturing Enhancement Area Credit Summary, as applicable. This information will be used to meet the FTB's statutory reporting requirement.

Purpose

This booklet provides specific information on the available MEA tax incentive. Taxpayers investing or operating within an MEA may be eligible for a hiring credit if, both the taxpayer and the hired employee meet the requirements of R&TC Sections 17053.47 and 23622.8. Use this booklet to determine the correct amount of hiring credit that a business may claim for operating or investing in a trade or business within an MEA. Complete the worksheets and Schedule Z in this booklet for the MEA hiring credit. Then enter the hiring credit amount on form FTB 3808.

Manufacturing Enhancement **Area Designation**

California's two MEAs are the cities of Brawley and **Calexico**, located in Imperial County. These cities received their final designation as MEAs effective January 1, 1998. The MEA designation expired on December 31, 2012. The program offers a special tax incentive to encourage business and stimulate job creation in the area.

The geographic boundaries of an MEA are used to determine whether the tax incentive is available to a business in a specified location. For business eligibility or zone related information, including questions regarding MEA geographic boundaries, contact the local zone program manager in which the business is located. Go to **hcd.ca.gov** and search for directory of zone contacts for Directory of Economic Development Areas.

For information that is zone-specific, but not tax-specific, you may contact the HCD. See page 20 for the HCD contact information.

Standard Industrial Classification (SIC) and Principal Business Activity (PBA) Codes

To qualify for the MEA hiring credit, you must be engaged in a trade or business within the selected SIC listed on pages 15 and 16 of this booklet. Enter the SIC code of the establishment that qualifies you to take this credit on form FTB 3808, Side 1. If your business has more than one establishment, and if more than one of them qualifies you to take this credit, enter the SIC code that best represents your primary qualifying establishment.

The PBA codes are based on the North American Industry Classification System published by the United States Office of Management and Budget. The PBA codes are listed on pages 17 through 19. Enter the PBA code of your principal activity on form FTB 3808, Side 1.

Part I – Hiring Credit and Recapture

Line 1 Hiring Credit

The MEA has expired as of December 31, 2012. Taxpayers can no longer generate/incur MEA hiring credits for employees hired on or after January 1, 2013, However, qualified taxpavers can generate/incur MEA hiring credits for qualified employees hired prior to the MEA expiration date for wages paid or incurred within the 60-month period of the MEA hiring credit.

The portion of any MEA hiring credit remaining for carryover to taxable years beginning on or after January 1, 2014, shall be carried over only to the succeeding 10 taxable years if necessary, or until the

credit is exhausted, whichever occurs first. Any hiring credits generated in the current taxable year for employees hired on or before December 31, 2012, and unusable in the current taxable year, may be carried over to the succeeding 10 taxable years.

Employers hiring qualified employees, were required to obtain VoucherCert 10-07 from the local agency responsible for verifying employee eligibility on or before December 31, 2014. Do not file VoucherCert 10-07 with your tax return. Keep the voucher for your records. For vouchering deadline questions, go to hed.ca.gov and search for vouchering.

A qualified taxpayer conducting a trade or business within an MEA may claim a hiring credit for wages paid or incurred to hire certain disadvantaged individuals. Qualified taxpayers must meet all of the following:

- Be engaged in a line of business described in Standard Industrial Classification (SIC) Codes 0211 through 0291, Code 0723, or Codes 2011 through 3999 of the Standard Industrial Classification Manual, 1987 Edition.
- Conduct a trade or business within the MEΔ
- Have at least 50% of its workforce that was hired after the MEA designation, be residents of the county in which the MEA is located at the time of hire.
- Have at least 30% of the qualified county resident workforce described above be qualified disadvantaged individuals.

A "qualified disadvantaged individual" is an individual who at the time hired was any of the following:

- a. A person receiving or determined to be eligible to receive services funded by the federal Job Training Partnership Act (JTPA or its successor.
- b. Any voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 (GAIN), or its successor.
- e. A person who has been certified eligible by the Employment Development Department under the federal Targeted Jobs Tax Credit Program, or its successor, whether or not this program is in effect.

An employer may claim a credit for the qualified wages paid or incurred to a qualified disadvantaged individual who meets all of the following:

- Was hired after the MEA received its final designation.
- Spends at least 90% of his or her work time for the qualified employer on activities directly related to the conduct of a qualified trade or business activity within the boundaries of the MEA.
- Performs at least 50% of the work for the qualified employer within the boundaries of the MEA.

The percentage of wages used to compute the credit depends on the number of years the employee works for the employer in the MEA.

The applicable percentage begins at 50% and declines 10% for each year of employment. After the fifth year of employment, no credit can be generated.

Wages that qualify for the hiring credit are those wages paid or incurred to hire a qualified disadvantaged individual for the consecutive 60-month period beginning on the first day the individual commenced employment with the employer. For this purpose, commencement of employment or the hire date is the first day of employment for which the individual receives wages/compensation. For an employer that operates a business that has regularly occurring seasonal or intermittent employment decreases and increases, reemployment of an individual is not a new hire: rather, it is a continuation of the prior employment and does not constitute commencement of employment for the qualified wages test.

The credit is based on the smaller of the following:

- The actual hourly rate paid or incurred by the employer for work performed by the employee during the taxable year.
- 150% of the minimum hourly wage established by the Industrial Welfare Commission.

Where the California minimum wage is higher than the federal minimum wage, the California minimum wage is used for purposes of computing the MEA hiring credit. The minimum wage prior to July 1, 2014, was \$8.00 per hour. For purposes of computing the MEA hiring credit, 150% of the minimum wage was \$12.00 per hour. Beginning on or after July 1, 2014, the minimum wage is \$0.00 per hour. For purposes of computing the MEA hiring credit, 150% of the minimum wage is \$13.50 per hour.

Example:

John Anderson was hired on January 1, 2012. John's hourly rate for the first month was the minimum wage \$3.00. At the beginning of the second month, his hourly rate increased to \$8.50. In the third month, John's hourly rate increased to \$12.50. The hourly rate that qualifies for the credit is limited to 150% of the minimum wage, or \$12.00 per hour. The amount of qualified wages is computed as follows:

Month(s)	Hours x	Hourly = C	Qualified wages
	per month	rate allowed	per month
4	175	\$ 8.00	\$1,400.00
2	170	8.50	\$1,445.00
3	170	12.00	\$2,040.00

Record Keeping

Retain a copy of the VoucherCert 10-7 and the documentation given to the vouchering agency. In addition, for each qualified employee, keep records and a schedule of the first 60 months of employment showing (at least) the following:

- Employee's name.
- Date the employee was hired.
- The employee's address at the time of hire.
- Number of hours the employee worked for each month of employment.

- Smaller of the hourly rate of pay for each month of employment or 150% of the minimum wage.
- Location of the employee's job site and duties performed.
- Total qualified wages per month for each month of employment.

Line 2 Credit Recapture

Employers recapture (add back to the tax liability) the amount of credit attributable to an employee's wages if the employer terminates the employee at anytime during the longer of the following:

- The first 270 days of employment (whether or not consecutive).
- 90 days of employment plus 270 calendar days.

Employers of seasonal employees recapture the amount of hiring credit attributable to the employee's wages if both of the fellowing apply:

- The employer terminates the employee before the completion of 270 days of employment.
- The 270 days is during the 60-month period beginning the day the employee commences employment with the employer.

A "day of employment" means any day the employee receives wage compensation (including a paid sick day, holiday, or vacation day).

Employers add to the current year's tax the amount of credit claimed in the year of termination and all prior years in which the credit was claimed for the terminated employee.

The credit recapture does not apply if the termination of employment was any of the following:

- Voluntary on the part of the employee.
- In response to misconduct of the employee.
 See Cal Code Regs., tit. 22 sections 1256-30 to 1256-43, for further information on misconduct.
- Caused by the employee becoming disabled, (unless the employee was able to return to work and the employer did not offer to reemploy the individual).
- Carried out so that other qualified individuals could be hired, creating a net increase in both the number of qualified employees and the number of hours worked.
- Due to a substantial reduction in the employer's trade or business operations.

Instructions for Worksheet I — Hiring Credit & Recapture Section A — Credit Computation

Line 1, column (a) — Enter the name of each qualified employee. Attach additional schedule(s) if necessary.

Line 1, solumn (b) through solumn (f) — Enter in the appropriate columns the qualified wages paid or incurred during the taxable year for each qualified employee listed in column (a).

Line 2, column (b) through column (f) — Add the amounts in each column. The cumulative qualified wages used to compute the MEA hiring credit cannot exceed \$2,000,000. This limit applies for each taxable year.

Line 3, column (b) through column (f) — Multiply the total in each column of line 2 by the percentage in each column.

Line 5 — If you can claim the federal jobs tax credit from the Work Opportunity Tax Credit (WOTC) on your 2017 federal tax return then reduce the MEA hiring credit by that amount. The reduction applies for those employees who are hired on or after January 1, 2010, and before August 31, 2011 (excluding unemployed veterans and disconnected youth as described in IRC Section 51(d)(14)).

No other California jobs tax credit may be claimed for the same wage expense paid to employees shown in line 1, column (a).

Line 6 – For partnerships, enter the amount from line 6, on form FTB 3808, Side 1, Part I, line 1. Also, include the current year hiring credit amount on Forms 565 and 568, Schedule K, line 15f and the distributive share of the credit to partners and members on Schedule K-1, line 15f. In addition, add the entire amount of the credit on Schedule K, line 1, column (c).

For corporations, individuals, estates, and trusts, enter the amount from line 6 on Schedule Z, as follows:

- Part II, line 6B, column (b) for corporations, individuals, and estates and trusts.
- Part III, line 7, column (b) for S corporations.
- Part IV, line 8, column (b) for corporations and S corporations subject to paying only the minimum franchise tax.

Important: Affiliated corporations that received credits assigned under R&TC Section 23663, do not include the assigned credits received on this worksheet. Those credits are entered and tracked on form FTB 3544A.

Credit Limitations

- The cumulative qualified wages used to compute the MEA hiring credit cannot exceed \$2,000,000. This limit applies for each taxable year, regardless of the number of qualified disadvantaged individuals employed.
- Businesses must reduce any deduction for wages by the amount of the MEA hiring credit on Worksheet I, Section A, line 6.
- S corporations may claim only 1/3 of the credit against the 1.5% entity-level tax (3.5% for financial S corporations).
 S corporations can pass through 100% of the credit to their shareholders.
 S corporations must reduce their wage deduction by 1/3 of the amount on Worksheet I, Section A, line 6 and

on Form 100S, line 7. In addition, the S corporation must make an adjustment for the entire amount of the credit on Schedule K (100S), line 1, column (c).

Example: In 2017, an S corporation qualified for a \$3,000 MEA hiring credit. The S corporation can claim a credit for \$1,000 (\$3,000 x 1/3). On Form 100S, Schedule K, line 1, column (c), the S corporation would add \$3,000 to the S corporation's ordinary income or loss to reflect the credit passed through to the shareholder(s).

- The amount of hiring credit claimed may not exceed the amount of tax on the MEA business income in any year. Use Schedule Z to compute the credit limitation.
- Where a wage expense qualifies for the MEA hiring credit as well as another credit, the business may claim only one credit for that wage expense.
- The portion of any credit remaining for carryover to taxable years beginning on or after January 1, 2014, shall be carried over only to the succeeding 10 taxable years if necessary, or until the credit is exhausted, whichever occurs first. In the case of an S corporation, 1/3 of the credit can be carried over if it cannot be used in the current year. The remaining 2/3 must be disregarded and may not be carried over.

For more information about the treatment of credits for S corporations, see instructions for Schedule Z.

Section B - Credit Recapture

Line 1, solumn (a) – Enter the name of the terminated employee. Attach additional schedule(s) if necessary.

Line 1, solumn (b) — Enter the amount of credit recapture for each employee listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3808, Side 1, line 2.

Also, include the amount of hiring credit recapture on your California tax return or schedule as follows:

- Form 100. Schedule J. line 5.
- Form 100S, Schedule J, line 5 and Schedule K-1 (100S), line 17d.
- Form 100W, Schedule J, line 5.
- Form 109, Schedule K, line 4.
- Form 540, line 63.
- Long Form 540NR, line 73.
- Form 541, line 37 and Schedule K-1 (541), line 14d.
- Form 565, Schedule K, line 20c and Schedule K-1 (565), line 20c.
- Form 568, Schedule K, line 20c and Schedule K-1 (568), line 20c.

Indicate that you included the hiring credit recapture on your tax return by writing "FTB 3808", in the space provided on the schedule or form.

Partnerships must identify the recapture amounts for their partners and members on Schedule K-1 (565 or 568).

S corporation shareholders must recapture the portion of credit that was previously claimed, based on the terminated employee's wages. S corporations must also identify the recapture amount for shareholders on Schedule K-1 (100S). This amount will differ from the amount recaptured by the S corporation on Form 100S, Schedule J.

Part II – Portion of Business Attributable to the Manufacturing Enhancement Area

The MEA tax incentive is limited to the tax on business income attributable to operations within the area. If the business is located within and outside an MEA, or in more than one MEA, you must determine the portion of total business income that is attributable to each MEA.

Business Income vs. Nonbusiness Income

Only business income is apportioned to the MEA to determine the incentive limitation.

Business income is defined as income arising from transactions and activities in the regular course of the trade or business. Business income includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the regular trade or business operations. Nonbusiness income is all income other than business income. See Cal. Code Regs., tit. 18 section 25120 for further references and examples of nonbusiness income.

For corporations and entities doing business in and outside of the Manufacturing Enhancement Area, use Worksheet H. Section A, to determine the MEA apportionment factor to determine the amount of business income attributable to the former MFA

Pass-through entities must report to their shareholders, beneficiaries, partners, and members the following items:

- The distributive (or pro-rata for S corporations) share of the business income apportioned to the MEA.
- The distributive (or pro-rata for S corporations) share of the business capital gains and losses apportioned to the MEA included in item 1.
- The distributive (or pro-rata for S corporation) share of the MEA property and payroll to corporate partners, members, shareholders, beneficiaries.

Report these items as other income on Schedule K-1 (100S, 541, 565, or 568).

For an individual, use Worksheet H_A. Section B to determine business income attributable to the MEA. Business income includes but is not limited to, California business income or loss from federal Form 1040, Schedules C,D,E,F, and California Schedule D-1, Sales of Business Property, (or federal Form 4797, Sales of Business Property, if California Schedule D-1 is not needed), as well as wages. Be sure to include casualty losses, disaster losses, and any business deductions reported on federal Form 1040, Schedule A as itemized deductions.

report the amount on your California tax return.

Generally, all income which arises from the conduct of trade or business operations of a taxpayer is business income.

If you elected to claim part or all of your current year disaster loss under IRC Section 165(i)(1) on prior year's tax return,

do not include the amount of the loss that was claimed on prior year's tax return in your current year business income from the MEA.

Apportionment

Business income is apportioned to an MEA by multiplying the total California business income of the taxpayer by a fraction. The fraction consists of the numerator which is the property factor plus the payroll factor, and the denominator, which is two. If a taxpayer conducts business in more than one MEA, the MEA apportionment factor and credit limitations are computed separately for each MEA.

Property Factor

Property is defined as the average value of all real and tangible personal property owned or rented by the business and used during the taxable year to produce business income.

Property owned by the business is valued at its original cost. Original cost is the basis of the property for federal income tax purposes (prior to any federal adjustment) at the time of acquisition by the business, adjusted for subsequent capital additions or improvements and partial dispositions because of sale or exchange. Allowance for depreciation is not considered.

Rented property is valued at eight times the net annual rental rate. The net annual rental rate for any item of rented property is the total rent paid for the property, less aggregate annual subrental rates paid by subtenants.

Payroll Factor

Payroll is defined as the total amount paid to the business's employees for compensation for the production of business income during the taxable year.

Compensation means wages, salaries, commissions, and any other form of payment paid directly to employees for personal services.

Payments made to independent contractors or any other person not properly classified as an employee are excluded.

Compensation Within the MEA

Compensation is considered to be within the MEA if any of the following tests are met:

- The employee's services are performed within the geographical boundaries of the MEA.
- The employee's services are performed within and outside the MEA, but the services performed outside the MEA are incidental to the employee's service within the MEA.
 - **Incidental** means any temporary or transitory service rendered in connection with an isolated transaction.
- If the employee's services are performed within and outside the MEA, the employee's compensation is attributed to the MEA if any of the following tests are met:
 - A. The employee's base of operations is within the MEA.
 - B. There is no base of operations in any other part of the state in which some part of the service is performed, and the place from which the service is directed or controlled is within the MEA.
 - C. The base of operations or the place from which the service is directed or controlled is not in any other part of the state in which some part of the service is performed and the employee's residence is within the MEA.

Base of operations is the permanent place from which the employees start work and customarily return in order to receive instruction from the taxpayer or communications from their customers or persons; to replenish stock or other material; to repair equipment; or to perform any other functions necessary in the exercise of their under or profession at some other point or points.

Corporations Filing a Combined Report

When determining the income attributable to the MEA, the business income of each corporation doing business in the MEA is the business income apportioned to California as determined under combined report mechanics. For more information on combined reports, get FTB Pub. 1061. Each corporation computes the income attributable to the MEA by multiplying California business by the MEA apportionment factor computed in Worksheet H, Section A.

The MEA property and payroll factors used in the determination of MEA business income includes only the taxpayer's California amounts in the denominator.

Each corporation doing business in the MEA compute the business income attributable to the MEA according to their own apportioned California business income and interstate apportionment factors.

Example: Computation of MEA business income apportioned to each entity operating within the MEA

Parent Corporation A has two subsidiaries, B and C. Corporations A and B operate within an MEA. The combined group operates within and outside California and apportions its income to California using Schedule R. Assume the combined group's business income apportioned to California was \$1,000,000 and Corporation A and B's share of California business income is \$228,000 and \$250,000 respectively. Corporation A and B's separate MEA and separate California property and payroll factor amounts are shown in the example below.

Business income apportioned to the MEA was determined as follows:

R

Instructions for Worksheet H Income or Loss Apportionment – Manufacturing Enhancement Area

If the business operates solely within a single MEA and all its property and payroll are solely within that single MEA, enter 100% (1.00) on Section A, line 4, column (c). Do not complete the rest of Worksheet II.

Section A – Income Apportionment

Use Worksheet II, Section A, Income Apportionment, to determine the amount of business income apportioned to the MEA. The apportioned MEA business income determines the amount of the tax incentive that can be used. A taxpayer's MEA business income is its California business income multiplied by the specific MEA apportionment percentage computed in Worksheet II, Section A.

Property Factor

When determining the income apportioned to the MEA, the numerator of the property factor is the average value of the real and tangible personal property owned or rented by the business and used within the MEA during the taxable year to produce MEA business income, see Worksheet H. Section A, column (b). The denominator of the property factor is the total average value of all the taxpayer's real and tangible personal property owned or rented and used during the taxable year within California, see Worksheet H. Section A, column (a).

Payroll Factor

When determining income apportioned to the MEA, the numerator of the payroll factor is the taxpaver's total compensation paid to the employees for working within the MEA during the taxable year, see Worksheet H. Section A, column (b). The denominator of the payroll factor is the taxpaver's total compensation paid to **employees wo king in California**. See Worksheet H. Section A, column (a).

Section B – Income or Loss Apportionment

Form 540 and Long Form 540NR filers, use Worksheet H_k Section B to determine the amount to enter on Schedule Z, Part I, line 1 and line 3.

Do not include disaster losses in any amounts used in the table.

Only California source business income is apportioned to the MEA.

The first step is to determine which portion of the taxpayer's net income is "business income" and which portion is "nonbusiness income," since only business income is apportioned to the MEA. See Part II on page 5, Portion of Business Attributable to the Manufacturing Enhancement Area, for a complete discussion of business and nonbusiness income.

Business income or loss reported on federal Form 1040 Schedules C, C-EZ, E, F, and other schedules are reported on lines 6 through line 9. Line 11 and line 12 report business gains or losses reported on Schedule D, California Capital Gain or Loss Adjustment, and California Schedule D-1 (or federal Form 4797, if California Schedule D-1 is not needed). All business income and losses should be adjusted for any differences between California and federal amounts as shown on the Schedule CA (540 or 540NR).

Part I – Individual Income and Expense Items

Wages

Taxpayers with wages from a company located within and outside an MEA must determine the MEA wage income by entering the percentage of the time that they worked within the MEA in column (b). The percentage of time should be for the same period the wages entered on line 1 were earned. This percentage must

The average apportionment percentage shown on line 4 represents the portion of the taxpayer's total business that is attributable to activities conducted within the MEA. Factors with zero balances in the totals of column (a) will not be included in the computation of the average apportionment percentage. For example, if the taxpayer does not have any payroll within or outside the MEA, the average apportionment percentage would be computed by dividing line 3 by one instead of by two as normally instructed.

be determined based on their record of time and events such as a travel log or entries in a daily planner.

Part II - Pass-Through Income or Loss

Individuals with a K-1

The individual partner, member, or shareholder completes Worksheet H. Section B, Part II, Pass-Through Income or Loss, and Schedule Z, Computation of Credit Limitation.

Multiple Pass-Through Entities

If you are a shareholder, beneficiary, partner, or member in multiple pass-through entities with businesses located within and outside an MEA from which you received a MEA tax incentive, see the example below for computing business income in the MEA.

Example:

ABC, LLC	10,000	50%	5,000
Total			\$40,000

Part III – Taxpayer's Trade or Business

Business Income or Loss

Use business income or loss from federal Form 1040 Schedules C, C-EZ, E, and F, plus California adjustments from Schedule CA (540 or 540NR) for each trade or business. Also, include business capital gains and losses from Schedule D and business gains and losses from Schedule D-1 as adjusted on Schedule CA (540 or 540NR).

Income Computation Located Entirely Within the MEA

Line 6 – Line 9: If your business operation reported on federal Form 1040 Schedule C, C-EZ, E, F, or other schedule is entirely within the MEA, enter the income or loss from this activity in column (a) and enter 1.00 in column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted entirely within the MEA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Located Entirely Within California

Line 6 – Line 9: If your business operation reported on federal Form 1040 Schedule C, C-EZ, E, F, or other schedule is entirely within California, enter the income or loss from this activity in column (a). To determine the apportionment percentage in column (b), complete Worksheet H_a Section A.

Enter the percentage from Worksheet H_a Section A, line 4, column (c) on Worksheet H_a Section B, column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted entirely within California, enter the gain or loss reported in column (a). To determine the apportionment percentage in column (b), complete Worksheet H, Section A. Enter the percentage from Worksheet H, Section A, line 4, column (c) on Worksheet H, Section B, column (b).

Located Within and Outside California and the MEA

Line 6 – Line 9: If your business operation reported on federal Form 1040 Schedule C, C-EZ, E, F, or other schedule is within and outside the MEA and California, get California Schedule R and complete line 1 through

line 18b and line 28 through line 31. Enter the amount from Schedule R, line 18b and line 31 on column (a) of this worksheet. To determine the apportionment percentage in column (b), complete Worksheet H, Section A. Enter the percentage from Worksheet H, Section A, line 4, column (c) on Worksheet H, Section B, column (b).

When computing Schedule R, disregard any reference to Form 100, Form 100W, Form 565, or Form 568. Also, disregard any reference to Schedules R-3, R-4, or R-5.

Nonresidents that have an apportioning business that operates within the MEA should have already computed Schedule R, and can use those amounts when that schedule is referenced. Residents must

complete a Schedule R in order to determine their California source business income for purposes of the MEA credit computation.

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 as adjusted on Schedule CA (540 or 540NR) was attributed to an asset used in an activity conducted within and outside the MEA and California, get Schedule R and complete Schedule R-1. Multiply the gain or loss reported by the apportionment percentage on Schedule R-1, Part A, line 2 or Part B, line 5 and enter the result in column (a). To determine the apportionment percentage in column (b), complete Worksheet H, Section A. Enter the percentage from Worksheet H, Section B, column (b).

Line 14 – If, in computing your income or loss, the result on line 14, column (c), is a **negative** amount, you do not have any business income attributable to the MEA. You cannot use any of the MEA hiring credit in the current taxable year.

If the amount on line 14, column (c), is a **positive** amount, enter the amount on Schedule Z, Part I, line 1 and line 3 (skip line 2).

Schedule Z – Computation of **Credit Limitations**

Creditions
The approximations nt of the MEA hiring credit you can claim on your California tax return is limited by the amount of tax attributable to the MEA business income. The amount of tax attributable to the MEA business income is computed in this schedule. For corporations and other entities doing business in the MEA, the MEA business income is computed in this schedule using the MEA apportionment factor formula computed on Worksheet H, Section A. For individuals, the MEA business income is computed on Worksheet H. Section B.

Assignment of Credit

Credit earned by members of a combined reporting group may be assigned to an affiliated corporation that is an eligible member of the same combined reporting group. A credit assigned may only be claimed by the affiliated corporation against its tax liability.

The eligible assignee shall be treated as if it originally generated the assigned credit. Any credit limitations or restrictions that applied to the assignor will also apply to the eligible assignee. The amount of MEA credits you may claim on your California tax return is limited to the tax attributable to a specific MEA. For zone credits assigned, the assignee must have a tax liability as a result of income generated in the same zone that the original credit was generated. For example, if the original credit was generated in the Calexico MEA of the assignor, the assignee must have a tax liability on the income attributable to the Calexico MEA in order to use the assigned credit. For more information, get form FTB 3544, or form FTB 3544A, or go to ftb.ca.gov and search for credit assignment.

Other Limitations

If a taxpaver owns an interest in a disregarded business entity, the amount of the credit that can be utilized is limited to the difference between the taxpayer's regular tax computed with the income of the disregarded entity, and the taxpayer's regular tax computed without the income of the disregarded entity. Partnerships allocate the credit among the partners according to the partner's distributive share as determined in a written partnership agreement. See R&TC Section 17039(e)(2).

The MEA hiring credit you are otherwise eligible to claim may be limited. Do not apply the credit against the minimum franchise tax (corporations and S corporations), the annual tax (partnerships and QSub) the alternative minimum tax (corporations, exempt organizations, individuals, and fiduciaries), the built-in gains tax (S corporations), or the excess net passive income tax (S corporations).

Refer to the credit instructions in your tax booklet for more information.

S Corporations and the Application of the **MEA Hiring Credit**

An S corporation may use its MEA hiring credit to reduce the MEA tax at both the corporate and shareholder levels.

An S corporation may use 1/3 of the MEA hiring credit to reduce the tax on the S corporation's MEA business income. In addition, S corporation shareholders may claim their pro-rata share of the entire amount of the MEA hiring credits computed under the Personal Income Tax Law.

Example: In 2017, an S corporation qualified for a \$3,000 MEA hiring credit. The S corporation will be able to use 1/3 of the credit ($\$3,000 \times 1/3 = \$1,000$) to offset the tax on the corporation's MEA business income.

The S corporation will also pass through a \$3,000 MEA hiring credit to its shareholders to offset their individual tax (computed under the Personal Income Tax Law) on the MEA business income.

S corporations should attach form FTB 3808 to Form 100S to claim the MEA tax credit. If form FTB 3808 is not attached to the tax return, the credit may be disallowed.

Shareholders should attach Schedule(s) K-1 (100S) to their individual tax returns.

Carrvover

If the amount of hiring credit available this year exceeds your MEA tax, you may carry over any excess credit to future years. The portion of any MEA hiring credit remaining for carryover to taxable years beginning on or after January 1, 2014, shall be carried over only to the succeeding 10 taxable years if necessary, or until the credit is exhausted, whichever occurs first. Apply the carryover to the earliest taxable year possible. In no event can the credit be carried back and applied against a prior year's tax. Generally, the credit cannot be transferred to another taxpayer, unless:

- There was a qualifying merger.
- The credit qualifies under R&TC Section 23663 for assignment to an affiliated corporation. For additional information, get form FTB 3544, or form FTB 3544A.

For S corporations, the amount of 1/3 of the hiring credit that is in excess of the 1.5% entity-level MEA tax (3.5% for financial S corporations) in the current year may also be carried forward and used in future years to offset the S corporation entity-level tax. See the instructions for Schedule Z, Part III for more information.

If a C corporation had unused credit carryovers when it elected S corporation status, the carryovers were reduced to 1/3 and transferred to the S corporation. The remaining 2/3 were disregarded. The allowable carryovers may be used to offset the 1.5% tax on net income in accordance with the respective carryover rules. These C corporation carryovers may not be passed through to shareholders. For more information, get Schedule C (100S), S Corporation Tax Credits.

Credit Code

Use credit code **211** to claim the MEA hiring credit on your tax return. Using an incorrect code may cause a delay in allowing the credit.

Instructions for Schedule Z -**Computation of Credit** Limitations

Reporting Requirements of S Corporations, Estates, Trusts, and Partnerships

- Partnerships and LLC's treated as partnerships do not complete Schedule Z. However, the partners and members of these types of entities should compute their MEA income from all sources by completing the Schedule Z in order to determine the amount of the MEA hiring credit that they may claim on their California tax return. For individual partners, report the distributive share of all the business income apportioned to the MEA. For corporate partners, report the distributive share of the MEA property and payroll. Report these items as other information on Schedule K-1 (565).
- S corporations and their shareholders must complete Schedule Z.
- Report to shareholders, beneficiaries, partners, and members, the distributive or pro-rata share of business income, loss, and deductions apportioned to the MEA;
- Separately state any distributive or pro-rata share of business capital gains and losses apportioned to the MEA included in the amount above.

S Corporations

Complete only Part I and Part III of Schedule Z if your entity-level tax before credits is more than the minimum franchise tax.

Corporations and S Corporations subject to the minimum franchise tax only Complete only Part IV of Schedule Z.

All others: Complete Part I and Part II of Schedule Z.

Part I - Computation of Credit **Limitations**

Line 1 – Enter all trade or business income. See Part II. Portion of Business Attributable to the Manufacturing Enhancement Area, for the definition of business income.

Line 2 – If your business is located entirely within the MEA, enter 1.

Specifically, this percentage is the apportionment percentage computed by the entity using Worksheet H, Section A, and it represents the percentage of the entity's business income attributable to the MEA.

Line 4a - Compute the tax as if the MEA taxable income represented all of your taxable income.

Individuals

Use the tax table or tax rate schedule in your tax booklet for your filing status.

Exempt Organizations

Use the applicable tax rate in your tax booklet.

Corporations and S Corporations

Use the applicable tax rate.

If the amount on line 4a is the minimum franchise tax (\$800), you cannot use your MEA hiring credit this year. You should complete Part IV of Schedule Z to compute the amount of credit carryover.

Example: Determination of MEA Income for Shareholders, Partners, or Members of **Pass-Through Entities**

John Anderson is vice president of ABC, Inc., an S corporation that has two locations: one within an MEA and one outside an MEA. Eighty percent (80%) of the S corporation's business income is attributable to the MEA.

This percentage was determined by ABC. Inc. using Worksheet H, Section A, when ABC's S corporation tax return (Form 100S) was prepared.

John divides his time equally (50/50) between the two offices of ABC, Inc. Jackie Anderson (John's spouse/RDP) works for ABC, Inc. at its office located in the MEA

John and Jackie Anderson have the following items of California income and expense for the 2017 taxable year:

John's salary from ABC, Inc \$100,000
Jackie's salary from ABC, Inc 75,000
Interest on savings account 1,000
Dividends
Schedule K-1 (100S) from ABC, Inc.:
Ordinary income 40,000

John's unreimbursed employee expenses from Schedule A (2,000)

The Anderson's MEA income (total amount to be reported on Schedule Z, Part I, line 3) is computed as follows:

•
John's MEA salary
(\$100,000 x 50%)\$50,000
Jackie's MEA salary
(\$75,000 x 100%)
Pass-through ordinary income from
ABC, Inc. (\$40,000 x 80%) 32,000
John's unreimbursed employee business
expenses (\$2,000 x 50%)
Total MEA income

(Schedule Z, Part I, line 3) \$156,000

The standard deduction and personal or dependency exemptions are not included in the computation of MEA business income since they are not related to trade or business activities.

John and Jackie must compute the tax (to be entered on Schedule Z, Part I, line 4a) on the total MEA income of \$156,000 (as if it represents all of their income).

Line 4b – Corporations and S Corporations: If the amount on line 4b is the minimum franchise tax (\$800), you cannot use your MEA hiring credit this year. You should complete Part IV of Schedule Z to compute the amount of credit carryover.

Part II - Limitation of Credits for Corporations, Individuals, **Estates, and Trusts**

Individuals that received a Schedule K-1. complete Schedule Z, Part II, using the information from the Schedule K-1.

Corporations, individuals, estates, or trusts, use Schedule Z, Part II. Corporations and S corporations that are subject to paying only the minimum franchise tax, use Schedule Z, Part IV.

Line 6A, **column (f)** – Enter the amount from line 5. This is the amount of limitation based on the tax on MEA business income.

Line 6A, column (g) – Enter the amount of credit that is used on Schedule P (100, 100W, 540, 540NR, or 541), column (b). The amount cannot be greater than the amount on line 6A, column (f) or the amount computed on line 6B, column (e). Enter this amount on form FTB 3808, Side 1, line 1.

Line 6B, column (b) - Enter the amount of the current year credit that was computed on Worksheet I. Individuals enter the current year hiring credit from the Schedule K-1.

Line 6B, column (e) - Enter the amount of the total prior year carryover credit. This is the amount of credit that was previously figured on Worksheet I in the prior year, minus the amount that was allowed to be taken on the prior year tax return.

Line 6B, column (d) – Enter the amount of credit assigned to affiliated corporations that are members of the same combined reporting group from form FTB 3544, column (g). Only C corporations who completed the form will enter an amount in this column. Individuals, and Estates and Trusts, leave blank and go to column (e) instructions.

Line 6B, column (e) - Add the amount of the current year credit on line 6B, column (b) and the amount of the total prior year carryover on line 6B, column (e), then subtract the amount of the total credit assigned on line 6B, column (d), if any.

Example: Part II

The ABC Business has \$8,000 of tax. The business computed a credit limitation based on the MEA income of \$7,000 on Schedule Z, line 5. The business has the following credits:

Hiring credit — \$500 and a \$300 carryover from a prior year

Schedule Z, Part II would be computed as follows:

Part II Limitation of Credits for Corporations, Individuals, Estates, and Trusts. See instructions.								
(a) Credit name	(b) Gredit amount	(e) Total prior year carryover	(d) Total credit assigned from form FTB 3544, col. (g)	(e) Total credit sum of col. (b) plus col. (c), minus col. 6 Hiring credit					7,000	800		
B	500	300	-0-	800	800		-0-	

Line 6B, column (\S) – Compare the amounts on line 6A, column (\S) and line 6A, column (\S). Enter the smaller amount.

Line 6B, column (h) – Subtract the amount on line 6B, column (f) from the amount on line 6B, column (e). Enter the result on line 6B, column (h). This is the amount of credit that can be carried over to future years. This carryover includes both the Schedule P (100, 100W, 540, 540NR, or 541) limitation and the limitation based on MEA business income.

Part III - Limitation of Credits for S Corporations Only

Use Part III of Schedule Z only if you are an S corporation.

Line 7, column (b) — Enter the amount of credit computed this year from Worksheet I. Also, enter this amount on Form 100S as follows:

- Schedule C. line 4
- Schedule K, line 13d

You may need to adjust your Schedule C (100S) to reflect the MEA tax limitation (Part I, line 5) on your credit after completing this worksheet.

Line 7, column (c) — Multiply the amount on line 7, column (b) by 1/3. Enter this amount in column (c). The amount in column (c) is the maximum amount of the current year credit that may be used by the S corporation to offset its 1.5% entity-level tax (3.5% for financial S corporations).

Line 7, column (4) – Enter the amount of the total prior year carryover of the credit (this is the amount of credit that was previously figured on Worksheet I in the prior year, minus the amount that was allowed to be taken on the prior year tax return).

Line 7, solumn (e) – Add the amount of the current year credit on line 7, column (c) and the amount of the total prior year carryover on line 7, column (d).

Line 7, column (f) – Enter the amount of credit that was used by the S corporation in the current year to offset its 1.5% entity-level tax (3.5% for financial S corporations). Enter this amount on form FTB 3808, Side 1, line 1.

Line 7, column (g) — Subtract the amount in column (f) from the amount in column (e). This is the amount of credit that can be carried ove to future years and used by the S corporation

Part IV – Limitation of Credits for Corporations and S Corporations Subject to Paying Only the Minimum Franchise Tax

Use Part IV of Schedule Z if you are a corporation or S corporation subject to paying only the minimum franchise tax.

Line 8, column (b) — Enter the amount of current year credit that was computed on Worksheet I. S corporations may enter only 1/3 of the amount from Worksheet I.

Line 8, column (e) – Enter the amount of the total prior year carryover of the credit. This is the amount of credit that was previously figured on Worksheet I in the prior year, minus the amount that was allowed to be taken on the prior year tax return.

Line 8, column (4) – Enter the amounts of credits assigned to affiliated corporations that are members of the same combined reporting group from form FTB 3544, column (g). Only C corporations who completed the form will enter an amount in this column. S corporations, leave blank and go to column (e) instructions.

Line 8, column (e) – Add the amount of the current year credit on line 8, column (b) and the amount of the total prior year carryover on line 8, column (e), then subtract the amount of credit assigned on line 8, column (e). This is the amount of credit that can be carried over to future years.

Standard Industrial Classification Manual, 1987 Edition (Partial Listing)

The Standard Industrial Classification (SIC) Manual classifies business activities based upon establishments, which are defined in the SIC Manual as an economic unit, generally at a single physical location, where business is conducted, or where services or industrial operations are performed. A taxpayer's enterprise may consist of more than one establishment. The SIC Manual provides the following examples of establishments: A factory, mill, store, hotel, movie theater, mine, farm, ranch, bank, railroad depot, airline terminal, sales office, warehouse, or central administrative office. Where distinct and separate economic activities are performed at a single physical location (such as construction activities operated out of the same physical location as a lumber yard), each activity should be treated as a separate establishment where: (1) No one industry description in the SIC Manual includes such combined activities; (2) The employment in each economic activity is significant; and (3) Separate reports are prepared on the number of employees, their wages and salaries, sales or receipts, property and equipment, and other types of

financial data, such as financial statements, job costing, and profit center accounting.

The SIC Manual is organized using a hierarchical structure. First by division, next by two-digit major groups within each division, then by three-digit industry groups within each major group, and finally by four-digit industry codes within each industry group.

For purposes of this publication, SIC Codes 0211 through 0291, Code 0723, or Codes 2011 through 3999 are listed since only taxpayers with establishments in these industry codes qualify for the MEA hiring credit.

The complete Standard Industrial Classification Manual, 1987 Edition, is available for purchase from:

NATIONAL TECHNICAL INFORMATION SERVICE 5301 Shawnee Road Alexandria, Virginia 22312 Order No. PB 87-100012

Or to view this manual, go to **osha.gov** and search for **SIC code**.

Principal Business Activity Codes

This list of principal business activities and their associated codes is designed to classify a business by the type of activity in which it is engaged to facilitate the administration of the California Revenue and Taxation Code. These principal business activity codes are based on the North American Industry Classification System published by the United States Office of Management and Budget, 1997 Edition.

For purposes of qualifying for the MEA tax incentive, refer to the Standard Industrial Classification Manual, 1987 Edition and the partial listing on pages 15 and 16 of this booklet.

How to Get California Tax Information

Your Rights as a Taxpayer

Our goal at the FTB is to make certain that your rights are protected so that you will have the highest confidence in the integrity, efficiency, and fairness of our state tax system. FTB 4058, California Taxpayers' Bill of Rights, includes information on your rights as a California taxpayer, the Taxpayers' Rights Advocate Program, and how you can request written advice from the FTB on whether a particular transaction is taxable. See "Where to Get Tax Forms and Publications" below.

Where to Get Tax Forms and Publications

By Internet – You can download, view, and print California tax forms and publications at **ftb.ca.gov/forms**.

Access other state agencies' websites at ca.gov.

By phone – To order current year California tax forms and publications, call our automated phone service. Refer to the list in your tax booklet and find the code for the form you want to order. Call 800.338.0505 and follow the recorded instructions.

Allow two weeks to receive your order. If you live outside California, allow three weeks to receive your order.

In person – Many post offices and libraries provide free California personal income tax booklets during the filing season.

Employees at post offices and libraries cannot provide tax information or assistance.

By mail - Write to:

TAX FORMS REQUEST UNIT FRANCHISE TAX BOARD PO BOX 307 RANCHO CORDOVA CA 95741-0307

Letters

If you write to us, be sure your letter includes your federal employer identification number (FEIN), California Secretary of State (SOS) file number, California corporation number, social security number (SSN) or individual taxpayer identification number (ITIN), your daytime and evening telephone numbers, and a copy of the notice (if applicable). Send your letter to:

CORRESPONDENCE, ANALYSIS, SUPPORT AND EDUCATION SECTION MS F-283 FRANCHISE TAX BOARD PO BOX 1468 SACRAMENTO CA 95812-1468

We will respond to your letter within ten weeks. In some cases, we may need to call you for additional information.

Do not attach correspondence to your tax return unless the correspondence relates to an item on your tax return.
