General Information

Minimum Essential Coverage Individual Mandate –

For taxable years beginning on or after January 1, 2020, California law requires residents and their dependents to obtain and maintain minimum essential coverage (MEC), also referred to as qualifying health care coverage. Individuals who fail to maintain qualifying health care coverage for any month during the taxable year will be subject to a penalty unless they qualify for an exemption. For more information, get the following health care forms, instructions, and publications:

- Form FTB 3853, Health Coverage Exemptions and Individual Shared Responsibility Penalty
- Form FTB 3895, California Health Insurance Marketplace Statement
- Pub. 3895B, California Instructions for Filing Federal Forms 1094-B and 1095-B
- Pub. 3895C, California Instructions for Filing Federal Forms 1094-C and 1095-C

Purpose

This publication provides instructions for filing federal Forms 1094-B, Transmittal of Health Coverage Information Returns, and 1095-B, Health Coverage, with the Franchise Tax Board (FTB) for California purposes. Federal Form 1095-B is used to report certain information required under Internal Revenue Code Section 6055 to the Internal Revenue Service (IRS), the FTB, and the taxpayers about individuals who are covered by MEC. MEC includes government-sponsored programs, eligible employer-sponsored plans, individual market plans, and other coverage the California Department of Managed Health Care (DMHC) designates as MEC. For more information, see Eligible Employer-Sponsored Plans, Government-Sponsored Programs, and Coverage Designated as MEC.

Filers will use federal Form 1094-B to submit federal Forms 1095-B. The same federal Forms 1094-B and 1095-B the filer submits to the IRS can be provided to the FTB under California Revenue and Taxation Code (R&TC) Section 61005.

Who Must File

All applicable entities that provide MEC to an individual during a calendar year must file an information return reporting the coverage.

Health insurance issuers and carriers – Health insurance issuers and carriers must file federal Form 1095-B for most health insurance coverage, including individual market coverage, insured coverage sponsored by employers, and catastrophic health plans.

Employers – Employers must file federal Form 1095-B to report employment-based MEC for employees.

Note to Employers: When an insurer files federal Form 1095-B with the FTB reporting health coverage for employees, the employer offering the health coverage is not required to report to the FTB.

Government entities – Government entities providing MEC under a state program such as Children's Health Insurance Program (CHIP), Medicaid, Medicare, or Medi-Cal must file federal Form 1095-B to report coverage. Covered California must file form FTB 3895 to report coverage provided through the California health insurance marketplace (Marketplace). The term "Marketplace" refers to the California state marketplace, also known as Covered California.

Other providers of MEC – Other providers of MEC, such as the University of California (with respect to coverage under a student health insurance program) and other plan sponsors (such as employers not subject to the federal shared responsibility provision and sponsors of multiemployer plans), must file federal Form 1095-B to report coverage.

All applicable entities have the option to contract with third-party service providers, including insurance carriers, to provide the returns and statements required by R&TC Section 61005.

For California purposes, federal Forms 1094-B and 1095-B must be filed by March 31 of the year following the calendar year to which the return relates. Federal Form 1095-B must be provided to all individuals receiving MEC by January 31 of the year following the calendar year to which the return relates.

Extensions – No penalty will be imposed for federal Forms 1094-B and 1095-B filed with the FTB on or before May 31.

Electronic Filing

For example, if you must file 500 federal Forms 1095-B and 75 federal Forms 1095-C, you must file federal Forms 1095-B electronically, but you are not required to file federal Forms 1095-C electronically. The electronic filing requirement is not applicable if you apply for and receive a waiver.

Note: The FTB encourages you to file electronically even if you are filing fewer than 250 returns.

For information about how to file information returns electronically, get FTB File Exchange System - MEC IR Registration and Enrollment Guide, and FTB File Exchange System - 1094 1095 Technical Specifications, or go to ftb.ca.gov/mec.

Waiver – You may annually request a waiver from the required electronic filing of federal Forms 1094-B and 1095-B. The FTB may grant a waiver if it determines that you are unable to comply with this requirement due to technology constraints or where compliance would result in undue financial burden.
