**Carryback/Carryover of Idaho NOL**

**For a corporation with multiple entities operating in Idaho**, each entity with Idaho activity can carryback \$100,000 of NOL, up to the amount of Idaho taxable income per entity in the year carried back.

**For an affected business entity (ABE)**, a net operating loss must be carried forward to succeeding taxable years. If the ABE doesn't make the election to be an ABE in any succeeding taxable year, the unused net operating loss will flow through to the members.

**For losses incurred after January 1, 2013**, you only have one year from the end of the loss year to file an amended return to carry back the Idaho NOL and apply it to the prior two years. After that, you

must carry the Idaho NOL forward. You can carry forward the remaining amount and apply it to the next 20 years until the NOL is fully absorbed.

**For losses incurred after January 1, 2000, and before January 1, 2013**, you must carry back the Idaho NOL and apply it to the prior two years. You can carry forward the remaining amount and apply it to the next 20 years until the NOL is fully absorbed.

You can carry back a maximum of \$100,000 (\$50,000 if you're filing as married filing separately) of Idaho NOL. You must carry forward any Idaho NOL in excess of \$100,000.

**Application of an NOL (Example)**

In this example, 2022 is the loss year. The loss amount is (\$249,000) (shown on line 7). The taxpayer has Idaho absorption income of \$73,500 in 2020 and \$44,900 in 2021 (shown on line 8). \$73,500 of the (\$249,000) loss is used in 2020. Since the carryback is limited to \$100,000, only \$26,500 of the loss can be used in 2021. The remainder of the loss (\$149,000) is available to be used in the next 20 years (remaining loss).
