# Part II—Direct Deposit of Refund, Direct Debit of Tax Amount Due and Direct Debit of Estimate Tax

Direct Deposit of Refund—If there is an amount on Line 5 (Refunded to you), the taxpayer can choose to have their refund directly deposited by completing Part II, and checking the box on Part III, line 11. Taxpayers can choose direct deposit for the Kentucky income tax refund regardless of the choice for federal purposes. Nonresident filers and amended return filers may not choose direct deposit as a method of receiving their refund.

Payment of Balance Due—Penalty and interest will begin to accrue on any tax due that has not been paid by April 15, 2022.

If there is an amount on **Line 4** (Amount you owe), the taxpayer can choose from the following methods of payment:

(1) Pay by Direct Debit when Filing Your Return—The taxpayer can choose to pay the amount due by completing Part II, lines 6 through 10, and checking the box on line 13. Taxpayers can choose direct debit for Kentucky regardless of the choice for federal purposes. The taxpayer

must ensure that the following information relating to the financial institution account is provided in the tax preparation software: Routing Number, Account Number, Type of Account (Checking or Savings), Debit Amount, Debit Date (through April 15, 2022).

**Note:** Select any date until April 15 to have the payment withdrawn from your account. Actual withdrawal of funds may be later, but will be considered timely. Please allow up to two weeks for processing.

- (2) Pay by Credit Card or ACH Debit—
  Pay your 2021 Kentucky individual income tax by Mastercard, VISA or Discover credit cards or by ACH Debit through April 15, 2022. Access the Department of Revenue's secure Web site (www.revenue.ky.gov) to make electronic payments over the Internet. Click on the KY E-Tax logo and select E-Payments-Credit Cards and ACH Debits link. If you do not have access to the Internet, you may call the Department of Revenue at (502) 564-4581.
- To make a credit card payment, the following information is needed: credit card type, credit card number, expiration date, and the cardholder's address as it appears on the credit card billing statement.
- To make an ACH Debit payment, the following information is needed: bank name, bank account number and bank routing number.
- (3) Form EPAY (42A740), if supported by your software vendor, may be used to make an electronic payment of tax due separately from when you filed your tax return. Refer to the Form EPAY (42A740) instructions for additional information.
- (4) Pay by check or money order— Taxpayers should submit their payment using Form 740-V, Kentucky Electronic Payment Voucher.

Payment of Estimate Tax—The taxpayer may choose to pay estimate tax by completing Part II, lines 6 through 10 and checking the boxes for Direct Debit of Estimate Tax box in Part II and line 13 in Part III. Taxpayers may select to direct debit estimate tax regardless of their choice of direct deposit or direct debit of tax amount due.

The taxpayer must ensure that the following information related to the financial institution account is provided in the tax preparation software: Routing Number, Account Number, Type of Account (Checking or Savings), Debit Amount, Debit Date.

The taxpayer may schedule up to four debit dates with the electronic filing of their 2021 tax return: April 15, 2022, June 15, 2022, September 15, 2022, and January 17, 2023. The financial institution routing number, account number and type of account cannot be different from that of the direct deposit or direct debit of tax amount due transaction. Actual withdrawal of the funds may be later than the scheduled date, but will be considered timely.

Form EPAY (42A740), if supported by your software vendor, may be used to make an electronic payment of estimate tax separately from when you filed your tax return. Refer to the Form EPAY (42A740) instructions for additional information.

Line 6—The routing transit number must be nine digits and begin with 01 through 12 or 21 through 32.

Line 7—The depositor account number may be up to 17 digits. If fewer than 17 digits, enter the numbers from left to right and leave the unused boxes blank.

Note: Taxpayers should use a check, form, report or other statement generated by their financial institution to verify the routing transit number and depositor account number. Do not use a deposit slip as it may contain internal routing numbers. If there is any doubt about the correct routing transit number, the taxpayer should ask the financial institution for the routing transit number to use for direct deposit (Electronic Funds Transfer).

Line 8—Select the appropriate box to indicate the type of account for Direct Deposit or Direct Debit.

#### Line 9-

- Tax due debit amount: enter the amount you owe from 8879-K, Part 1, line 5.

 Up to four equal payments may be selected by choosing the appropriate boxes.

Line 10—Due to federal electronic banking regulations, you must answer the following questions if you are requesting a direct deposit of your refund or are paying the amount you owe via direct debit. If you are requesting a direct deposit of your refund, answer question 10(a). If you are paying the amount you owe on your return via direct debit, answer questions 10(b).

#### Part III—Declaration of Taxpayer

An electronically transmitted return will not be considered true, accurate and complete unless Form 8879-K is signed by the taxpayer(s) prior to transmitting the electronic return. In addition, by using a computer system and software to prepare and transmit the return electronically, the taxpayer consents to the disclosure to the Kentucky Department of Revenue of all information pertaining to the use of the system and software and to the transmission of the tax return electronically.

The taxpayer must sign and date Form 8879-K after it has been completed to verify that the information is correct and that the taxpayer agrees with the information on the completed tax return.

EROs and tax preparers are prohibited from obtaining taxpayer signatures on blank or incomplete forms.

When an error is corrected after the taxpayer has signed Form 8879-K, and the corrected Kentucky taxable income varies more than \$50, or the corrected refund or balance due varies more than \$14, a new Form 8879-K must be completed for taxpayer signature.

## PART IV—Declaration and Signature of ERO and Paid Preparer

This section must be completed and signed by the ERO.

If the ERO is also the paid preparer, the ERO must check the paid preparer box, but is not required to complete or sign the Paid Preparer Section.

A paid preparer who is not the ERO must complete, sign and date the Paid Preparer Declaration.

If the ERO cannot obtain the paid preparer's signature on Form 8879-K, a copy of the tax return with the paid preparer's signature should be attached to the 8879-K.

**Refund Information**—You may check the status of your refund online at **www.refund.ky.gov** .
