

Caution: *DRAFT—NOT FOR FILING*

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information as a courtesy. **Do not file draft forms.** Also, do **not** rely on draft forms, instructions, and publications for filing. We generally do not release drafts of forms until we believe we have incorporated all changes. However, unexpected issues sometimes arise, or legislation is passed, necessitating a change to a draft form. In addition, forms generally are subject to OMB approval before they can be officially released. Drafts of instructions and publications usually have at least some changes before being officially released.

Early release drafts are at [IRS.gov/DraftForms](https://www.irs.gov/DraftForms), and may remain there even after the final release is posted at [IRS.gov/DownloadForms](https://www.irs.gov/DownloadForms). All information about all forms, instructions, and pubs is at [IRS.gov/Forms](https://www.irs.gov/Forms).

Almost every form and publication also has its own page on IRS.gov. For example, the Form 1040 page is at [IRS.gov/Form1040](https://www.irs.gov/Form1040); the Publication 17 page is at [IRS.gov/Pub17](https://www.irs.gov/Pub17); the Form W-4 page is at [IRS.gov/W4](https://www.irs.gov/W4); and the Schedule A (Form 1040) page is at [IRS.gov/ScheduleA](https://www.irs.gov/ScheduleA). If typing in a link above instead of clicking on it, be sure to type the link into the address bar of your browser, not in a Search box. Note that these are friendly shortcut links that will automatically go to the actual link for the page.

If you wish, you can submit comments about draft or final forms, instructions, or publications at [IRS.gov/FormsComments](https://www.irs.gov/FormsComments). We cannot respond to all comments due to the high volume we receive. Please note that we may not be able to consider many suggestions until the subsequent revision of the product.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A qualified childcare facility is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

No Double Benefit Allowed

You must reduce:

- The basis of any qualified childcare facility by the amount of the credit on line 7 allocable to capital expenditures related to the facility,
- Any otherwise allowable deductions used to figure the credit by the amount of the credit on line 7 allocable to those deductions, and
- Any expenditures used to figure any other credit by the amount of the credit on line 7 allocable to those expenditures (for purposes of figuring the other credit).

Note. For credits entered on line 5, only the pass-through entity is required to make this reduction.

Recapture of Credit

You may have to recapture part or all of the credit if, before the 10th tax year after the tax year in which your qualified childcare facility is placed in service, the facility ceases to operate as a qualified childcare facility or there is a change in ownership of the facility. However, a change in ownership will not require recapture if the person acquiring the interest in the facility agrees, in writing, to assume the recapture liability. See section 45F(d) for details.

Any recapture tax is reported on the line of your tax return where other recapture taxes are reported (or, if no such line, on the "total tax" line). The recapture tax may not be used in figuring the amount of any credit or in figuring the alternative minimum tax.

Member of Controlled Group or Business Under Common Control

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 52(a)) and all members of a group of businesses under common control (as defined in section 52(b)), are treated as a single taxpayer. As a member, figure your credit for lines 2 and 4 as follows:

- Figure your credit for line 2 based on your proportionate share of qualified childcare facility expenditures giving rise to the group's credit for line 2. Enter your share of the credit on line 2. Attach a statement showing how your share of the credit was figured, and write "See Attached" next to the entry space for line 2.
- Figure your credit for line 4 based on your proportionate share of qualified resource and referral expenditures giving rise to the group's credit for line 4. Enter your share of the credit on line 4. Attach a statement showing how your share of the credit was figured, and write "See Attached" next to the entry space for line 4.

Specific Instructions

Line 8

Estates and trusts. Allocate the credit for employer-provided childcare facilities and services on line 7 between the estate or trust and the beneficiaries in the same proportion as income was allocated, and enter the beneficiaries' share on line 8.

If the estate or trust is subject to the passive activity rules, include on line 5 any credit for employer-provided childcare facilities and services from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. For details, see the Instructions for Form 8582-CR.
