Instructions for Corporation Franchise Tax Initial Return

Act 12 of 2016 First Extraordinary Session extended the imposition of the franchise tax to additional types of entities, effective January 1, 2017. Those newly taxable entities that were in existence and actually conducting business in Louisiana before January 1, 2017 should file their initial franchise tax return using the Form CIFT-620, instead of this form. The franchise tax is imposed on corporations, and other entities that are tax as "C corporations" for federal income tax purposes, subject to certain exceptions. Any limited liability company that is eligible to be treated as an "S corporation" for federal income tax purposes on the first day of the franchise tax period, is not subject to franchise tax. Any other entity that was acquired during the period January 1, 2012 to December 31, 2013, by an entity that was taxed as an "S corporation," is not subject to franchise tax. R.S. 47:608 provides certain exemptions from franchise tax. Every new entity subject to franchise tax must file an initial return and pay the initial tax of \$110.00. This return is due on or before the fifteenth day of the third month following the month in which the tax accrues. For a domestic entity, the tax accrues on the date shown on the charter issued by the Secretary of State. For a foreign entity, the tax accrues on the date the entity exercises its charter in Louisiana, is authorized to do, actually does business in Louisiana, or uses any part of its capital or plant in Louisiana whether owned directly or indirectly by or through a partnership, joint venture, or any business organization of which the domestic or foreign entity is a related party as defined in R. S. 47:605.1. Example due dates are as follows: The tax of ABC accrued on March 21, 2017; its initial return and payment of \$110.00 tax would be due on or before June 15, 2017. If ABC adopted a calendar year accounting period, this initial payment would cover the period March 21, 2013 through December 31, 2017. The next franchise return would be due on or before May 15, 2017, and must be filed on Form CIFT-620. If the fiscal year ending June 30, 2017 was adopted, the initial return would cover the period from March 21, 2017 through June 30, 2017. The next franchise return would be due on or before November 15, 2017, and must be filed on Form CIFT-620. Delinquent returns and payments must include applicable penalty and interest. If the due date falls on a holiday or weekend, the return must be transmitted on or before the next business day in order to avoid penalty and interest.

Corporation franchise tax for domestic entities continues to accrue and must be filed on Form CIFT-620, regardless of whether any assets are owned or any business operations are conducted, until a "Certificate of Dissolution" is issued by the Louisiana Secretary of State.

Corporation franchise tax for foreign entities continues to accrue and must be filed on Form CIFT-620, as long as the entities exercises its charter, does business, or owns or uses any part of its capital or plant in Louisiana and, in the case of a qualified entities, until a "Certificate of Withdrawal" is issued by the Louisiana Secretary of State.
