FORM

UNDERPAYMENT OF ESTIMATED INCOME TAX BY CORPORATIONS AND PASS-THROUGH ENTITIES INSTRUCTIONS

GENERAL INSTRUCTIONS

Purpose of Form Form 500UP is used by a corporation or a pass-through entity to calculate the amount of interest and penalty for failure to pay the required amount of estimated income tax when due.

NOTE: Form 500UP is not required. The Revenue Administration Division will calculate the interest and penalty and notify the entity of any balance due.

General Requirements Every corporation or pass-through entity that reasonably expects its Maryland taxable income to develop a tax in excess of \$1,000 for the tax year or period must make estimated income tax payments. The total estimated tax payments for the year must be at least 90% of the tax developed for the current tax year or 110% of the tax that was developed for the prior tax year. At least 25% of the total estimated tax must be remitted by each of the four installment due dates. **Corporations may not use the annualization method.**

In the case of a short tax period, the total estimated tax required is the same as for a regular tax year: 90% of the tax developed for the current (short) tax year or 110% of the tax that was developed for the prior tax year. The minimum estimated tax payment for each of the installment due dates is the total estimated tax required divided by the number of installment due dates occurring during the short tax year. However, if the entity has a short tax period of less than 4 months, it does not have to pay estimated tax nor file Form 500UP.

Maryland law provides for the accrual of interest and imposition of penalty for failure to pay the required amount of estimated tax when due.

When and Where to File File Form 500UP by the original or extended due date for filing the Form 500 – Corporation Income Tax Return or Form 510 – Pass - Through Entity Income Tax Return or Form 511 - Pass - Through Entity Election Income Tax Return. If used, Form 500UP must be attached to Form 500 or Form 510 or Form 511 and filed with the Comptroller of Maryland, Revenue Administration Division, 110 Carroll Street, Annapolis, Maryland 21411-0001.

SPECIFIC INSTRUCTIONS

Name and Other Information Type or print the name as shown on Form 500, Form 510, or Form 511 in the designated area. Enter the Federal Employer Identification Number (FEIN). If a FEIN has not been secured, enter "APPLIED FOR" followed by the date of application. If a FEIN has not been applied for, do so immediately.

Tax Year or Period Enter the beginning and ending dates in the space provided at the top of Form 500UP. The form used for filing must reflect the preprinted tax year in which the corporation's tax year begins.

Calculation of Interest and Penalty Enter the amounts as required for lines 1 through 13.

Instructions for Line 6: The first period extends from the beginning of the entity's fiscal year to the last day of the third month. The second period extends from the beginning of the fiscal year to the last day of the sixth month. The third period extends from the beginning of the fiscal year to the last day of the ninth month. The fourth period extends from the beginning of the fiscal year to the last day of the twelfth month. Therefore, enter 1/4 of the estimated tax required on line 4 in the first column of line 6, 1/2 in the second column, 3/4 in the third column and an amount equal to line 4 in the

fourth column. For Pass-Through Entities (PTE), see specific instructions.

Instructions for Line 7: Enter all payments made by the due date of the fourth quarterly estimated tax payment in the appropriate column according to the instructions for line 6. That is, all payments made by the 15th day of the fourth month of the entity's fiscal year should be entered in the first column. All payments made by the 15th day of the sixth month (including those shown in the first column) should be entered in the second column. All payments made by the 15th day of the 15th day of the ninth month should be entered in the third column and all payments made by the fourth quarter due date should be entered in the fourth column.

Instructions for Line 9: The interest factors for calendar year are as follow: For corporations, 1st period - .0158; 2nd period - .0238; 3rd period - .0238; and 4th period - .0304. For S corporations, 1st period - .0159; 2nd period - .0239; 3rd period - .0237; and 4th period - .0300. For partnerships or limited liability companies, 1st period - .0159; 2nd period - .0239; 3rd period - .0315; and 4th period - .0222.

The factors represent the interest rate for the portion of the year between the due date of each quarter and the due date of the next quarter. Interest is computed at a rate of 0.7916% per month for due dates prior to January 1, 2023. Interest is computed at a rate of 0.7500% per month after December 31, 2022. For more information, visit **www.marylandtaxes.gov**.

If your estimated tax payment was not timely, but was paid earlier than the due date of the next quarter, adjust the factor as follows for calendar year filers:

1st Period - For payments due by April 15, 2022 that were not paid by July 15, 2022 but paid earlier than June 15, 2022, count the number of months from the due date of April 15, 2022 that the payment was late. Treat a partial month as one month. Divide that number by twelve and multiply it by the 9.5% annual rate. Apply this adjusted factor to the underpaid amount on line 8.

2nd Period - For payments due by June 15, 2022 that were not paid by July 15, 2022 but paid earlier than September 15, 2022, count the number of months from the due date of June 15, 2022 that the payment was late. Instructions for Line 12: Penalty for underpayment of estimated tax is due for any quarter where timely payments are less than 50% of one-quarter of the annual estimated tax required (line 4). Calculate the penalty by adding the underpayments in all applicable quarters (do not use cumulative amounts from line 8) and multiplying the total by 10%. Enter the result on line 12.

Pass-Through Entities The due dates of estimated payments and annual returns for S corporations are the same as the due dates for corporations. For other PTEs, the due date, for the fourth quarterly payment is the 15th day of the month following the close of the tax year (January 15 for calendar year filers). This difference will cause variations in the interest factors.

Partnerships and limited liability companies electing to annualize must allocate to each period (and enter on line 6) a payment amount based on the income received between the dates for each installment period. If the interest calculated on line 11 is zero because the income was not received evenly throughout the year, enter code number "**301**" on one of the lines marked "code number" on the front of Form 510 or Form 511, and attach this form to the return.
