

General Information - Michigan Farming Loss Carryback Refund Request (Form 5603)

Purpose

Form 5603 is used to claim a refund from a Group 2 NOL farming loss carryback. An amended MI-1040 may not be filed in lieu of Form 5603 to claim a carryback refund. This form is supported by Schedule MI-1045 for the loss year.

Group 1

Group 1 NOLs are those created in 2017 and prior. For a Group 1 NOL carryback, see 2017 Form MI-1045 and instructions.

Group 2

Group 2 NOLs are those created in 2018 and future years. A Group 2 NOL carryback is limited to the portion of the NOL that is attributable to a farming loss from a farming business. As Michigan follows IRC 172, any carryback of a Group 2 NOL is limited to the lesser of the Michigan NOL deduction or 80 percent of Michigan taxable income before exemptions and previously claimed NOL deductions. A Michigan excess business loss computed on Form MI-461 that may contain a farming loss cannot be carried back.

Farming Loss Carryback

The federal 2017 TCJA limits the carryback of a Group 2 NOL to only the portion of the NOL that is attributable to a farming loss from a farming business. A carryback of a non-farming Group 2 NOL is not allowed. The term “farming business” is defined in IRC 263A. Farming loss, as defined in IRC 172, means the lesser of: the amount which would be the NOL for the taxable year if only income and deductions attributable to a farming business is considered or the amount of the NOL for such taxable year. Generally, the farming NOL carryback is limited to the two taxable years preceding the year of the loss. The

farming carryback is subject to the 80 percent limitation, which is computed **without regard to exemptions or any previously claimed NOL deduction**. Any unused NOL may be carried forward indefinitely until absorbed.

If an election was made on Schedule MI-1045 to forgo the entire carryback period, then do not file this form. Once the election is made, it is irrevocable. When carrying back a Michigan farming NOL to prior years, Schedule MI-1045 and supporting documentation must be filed within four years after the date set for filing the return for the year in which the NOL was incurred. For example, if the NOL is created in 2019, the 2019 return is due April 15, 2020. Form 5603 must be filed by April 15, 2024 to carry back the 2019 Michigan farming NOL to a year that is otherwise outside the general four-year statute of limitations period to claim a refund. If Form 5603 is filed after the four-year statutory period has expired, no refund is allowed for the carryback year. However, after absorbing the farming NOL in those carryback periods, a carryforward may still exist to offset income in subsequent years.

After the loss is carried back to the earliest year allowed, the carryover must be reduced by any Michigan sourced excess capital loss and other modifications required under IRC 172 or elections under IRC 965 claimed in the carryback year(s). For example, if excess capital loss and DPAD were in your 2017 AGI, the NOL created in 2019 that is carried back to 2017 must be reduced to the extent the deductions reduced 2017 Michigan taxable income before the remainder may be carried forward. This adjustment occurs in Part 3 of Form 5603.

Line-by-Line Instructions for Form 5603

Lines not listed are explained on the form.

Line 1: If there was a change in filing or marital status between the loss year and carryback year(s), the allowed NOL deduction may be affected. See IRS Publication 536 to determine how to compute your share of a Michigan NOL and/or how to recompute your Michigan taxable income, in accordance with your situation for purposes of this form. Complete Form 5603 according to the form instructions, except when instructed differently below.

If your situation requires you to recompute your Michigan NOL, enter any recomputed Group 2 NOL on line 2 and adjust line 3 as necessary. Include a separate computation showing how the Group 2 NOL was recomputed.

If your situation requires you to recompute your Michigan taxable income on this form, enter your share of AGI reported on the MI-1040 for the carryback year on line 6. Enter your share of total additions included in

Schedule 1 on line 7. Enter your share of total subtractions included in Schedule 1 on line 9. Enter your share of Michigan exemption allowance from the MI-1040 on line 15. Include a separate statement detailing which items of income or loss included in AGI are yours, include the type and location for each item listed.

Part 2: Redetermine Michigan Income Tax

Line 7: Enter Michigan Schedule 1 Additions from the year indicated on line 5.

Line 9: Enter Michigan Schedule 1 Subtractions from the year indicated on line 5.

Line 10: If zero or less, enter zero and STOP. You cannot apply an NOL carryback to a year when there is no taxable income to be offset.

Line 13, Column A: Multiply line 12, column A by 80%. Enter the lesser of line 4 or 80% of line 12, column A.

Line 13, Column B: Multiply line 12, column B by 80%. Enter the lesser of line 34, column A or 80% of line 12, column B.

Line 18: Enter the total of nonrefundable credits received for Income Tax Imposed by government units outside Michigan and the Michigan Historic Preservation Tax Credit carryforward for the year listed on line 5, if applicable.

Line 20: Enter the total of Voluntary Contributions and Use Tax reported on the MI-1040 for the year listed on line 5, if applicable.

Line 22: Enter the total refundable credits received for the Homestead Property Tax, Farmland Preservation Tax and any other refundable credits for the year listed on line 5, if applicable.

Line 24: Enter the total tax paid with Form MI-1040 plus any additional tax paid after the original return was filed for the year listed on line 5. Do not include penalty or interest that was reported on the return or included with any payment(s).

Part 3: Compute the NOL Carryover

Lines 32 and 33: Remove the excess capital loss and DPAD from the amount of the NOL available to be carried forward to the next year.

Line 34, Column A: If the result is less than zero enter "0" or if carrying back to only one year, continue to Section B to compute the Group 2 NOL carryforward. If the result is greater than zero and the NOL must be applied to another carryback year, continue to Part 2, column B.

Line 34, Column B: Continue to Section B to compute the Group 2 NOL carryforward.
