

Form 5209, Instructions for CITY Income Tax Return Application for Extension of Time to File

Important Information

Read the entire instructions before completing a *CITY Income Tax Return Application for Extension of Time to File* (Form 5209).

- An extension is not necessary when you expect to claim a refund. Late filing penalty may not apply as refunds can be claimed up to 4 years from the original due date without an extension.
- The form must be postmarked on or before the original due date of the return.

Penalty and Interest

If the tax due is underestimated and sufficient payment is not paid on or before the extended due date of the return, penalty and interest will be due on the unpaid or underpaid amount.

The interest rate is 1 percent above the adjusted prime rate and is adjusted on January 1 and July 1 of each year. Interest is charged from the original due date of the return to the date the balance of the tax is paid.

The initial penalty is 1 percent of tax due. Penalty increases by an additional 1 percent per month or fraction thereof, to a maximum of 25 percent for failure to pay.

Any one of the following penalties may also apply to the unpaid tax:
