Change Log	17

Introduction

The following pages include 12 ATS test scenarios and a list of the line items to be completed for each test. The line numbers listed in the table for each scenario are for the FID. The data submitted for the indicated lines will be determined by the developer, except for where specifically noted. The lines listed are the minimum amount of information we expect to see on the return.

Our testing environment will be available for developers to submit returns against to test reject codes, communication, acknowledgements or other reasons. MT DOR will not review any returns until we receive an email at DORMeFT-est@mt.gov with all of the required information submitted.

Testing Deadlines

Initial submissions for FID testing must be received by December 15,2023 and the testing completed by January 19, 2024

Submitting ATS test cases

*****NEW FOR 2023*****

MT DOR has implemented warning messages to be used during the ATS process in conjunction with the reject codes. The warning messages are intended to assist in testing prior to sending a test submissions email to the MT DOR.

The warning messages will not reject the submission, however, they must be resolved before notifying MT DOR that test submissions are ready for review.

After you have resolved all warning messages and reject codes and received an acceptance acknowledgment from MT DOR for each of the test submissions IDs:

Send an email to DORMeFTest@mt.gov with the following information:

- Montana Form name (FID)
- Name of software company
- Name of software product
- State submission ids and ATS Test number for the id
- A pdf return must be provided for each submission id.
 - ◆ A comparison is performed to ensure the paper copy of a return is the same information submitted to MT DOR by e-file.
 - ◆ Include your ETIN and test return number in the file name. (Example: 125345Test2.pdf)
- Provide all test case information at the same time. Partial submissions will not be reviewed.
- Do not send your test information to MT DOR until all the warning messages and reject codes have been resolved and you receive an acknowledgement of their acceptance.

Submitting ATS test (cont.)

- Do not send more than one tax type per email.
- Limitation/exception documentation not included in the LOI.

Once MT DOR receives the email with the required information, a tester will be scheduled to complete the review. Testing is assigned on a first come, first serve basis. Reviews will be completed, generally, within 5-7 business days from the date a tester was assigned.

When the review is complete, MT DOR will send the submitter a test summary document identifying any needed corrections. After all corrections are made by the developer, ATS test cases can be resubmitted for review.

File Transfer Service

In some instances, the email with the test returns will not make it through to the DORMeFTest mail box due to size limits or firewall constraints. If you're having trouble with emails, there is the option of sending your files securely through ePass Montana at transfer.mt.gov. Contact DOR QA at DORMeFTest@mt.gov for more information.

Resubmitting failed ATS test cases

- Make all corrections identified on the Test Summary
- Do not resubmit until all your questions are answered. Partial submission will not be reviewed.
- You will only need to resubmit tests that were identified with failures on the Test Summary unless you are notified otherwise.
- **Do not send your resubmission email until the all the warning messages and reject codes have been resolved and you have received an acceptance acknowledgment from MT DOR for each of the submission IDs.**

Test Scenarios

- This document contains 12 test scenario and includes the line item that should be completed for that test scenario.
- The line item corresponds to the FID form.
- There are some instances of testing negative values. The lines for a negative value will be highlighted in red. Fields that are optional will be noted with -Opt next to the line number.
- The line numbers indicated in these test scenarios are the minimum amount of information expected. Any additional information can be tested as well.

NOTE: Data submitted for the lines indicated will be determined by the developer unless otherwise noted.

Test 1: Form FID-3

Carl Jung is the fiduciary for this nonresident qualified disability trust for George Jung. The trust pays all taxes and has Fiduciary fees. There is Montana-sourced income and some losses. The trust earned interest income of \$1,500, dividend income of \$3,300, and royalty income of \$120,000. There is a capital loss of (\$2,300), a business loss of (\$36,000), a Schedule E rental loss of (\$15,000), a farm loss, and an ordinary loss. There is a Net Operating Loss Election for the farming losses to not carry them back. There is a small addition for other income located on Schedule A, listed as 'Miscellaneous' and a small deduction for state tax paid during the year for \$500.

Taxpayer: George Jung Needs Trust

Eva Green is the fiduciary for the Tim and Lena Burton Bankruptcy Estate. This is a full-year resident return. The fiduciary made a \$75 estimated payment. There is an interest penalty for underpayment of estimated taxes. The Fiduciary return contains an underpayment penalty.

Attachments: Individual Income Tax Return (Form 2)

Taxpayer: Tim and Lena Burton Bankruptcy Estate
Eva Green, Trustee
15 S Ewing St
Helena, MT 59601

FEIN: 00-3000002

Date entity created: 03/13/2021

Beneficiaries: None

Residency: Resident

Entity type: Bankruptcy estate (Chapter 7)

Tax due: Check payment

Discuss with the tax return preparer: No

Other Requirements: This is a final-year return.

Test 3: Form FID-3

William Erasmus is the fiduciary for the Bill Compton Estate. The return is filed as a nonresident. This is the initial return of the decedent’s estate and is a fiscal-year return. Mr. Compton had a ranch which was held in a revocable trust. The estate is making a Section 645 election. 75% of income will be distributed to the beneficiaries. Most of the income is generated from large ranch activity. The estate has interest income of \$8,000, a capital gain of \$122,000 that is taxed by the trust, an ordinary gain from the 4797 sale of ranch machinery, and Schedule E loss (\$6,000). There are also preparer fees and a small charitable deduction of \$200.

Taxpayer: Bill Compton Estate
 William Erasmus, Trustee
 403 Idaho Avenue
 Libby, MT 59923

FEIN: 00-3000003

Date entity created: 10/16/2023

Beneficiaries:

Schedules K-1 included: 3

Resident beneficiaries: 2

Eric Northman 400-00-0300 PO Box 1350 Havre MT 59501

Test 4: Form FID-3

Darwood Duncan is the trustee for the DeEtta Dominica Trust. The trustee has made an election for the trust to be treated as an ESBT, and is a resident complex trust. Total ESBT income is \$55,000, of which only \$17,500 is Montana-sourced. \$12,000 worth of ESBT additions and \$5,000 of ESBT subtractions are also included. There is a \$650 credit for taxes paid to North Dakota, a claimed jobs growth incentive credit, and a credit carried forward from the previous year for \$500. There is a state refund reported as other income. The non-ESBT income includes interest and dividends, a capital gain, pass-through trust income, pass-through S-Corp income, and a state refund. Estimated payments were made throughout the year.

Test 7: Form FID-3

Gwen Guillen is the trustee for the Guillen Family Trust. This is a simple trust with 10 beneficiaries, 7 of which are Montana residents. The trust is a part-year resident trust. The Montana-sourced Income includes interest, capital gains, and mineral royalty income. The trust distributes 80% of its Montana-sourced mineral royalty income to the beneficiaries. As a result, a proportionate amount of the Montana mineral royalty withholding is distributed to the beneficiaries, and the remainder is attributable to the trust.

Taxpayer: Guillen Family Trust
 Gwen Guillen, Trustee
 2025 Stosich St.
 Idaho Falls, ID 83402-4858

Test 9: Form FID-3

Murnau Orava is trustee for the Orava Trust. This is a complex trust which files as non-resident to the state of Montana and has an international address. Income for this trust consists largely of land sales, property rentals, and used furniture sales. This is an amended return, which has been amended to include the sale of office equipment, a charitable deduction of \$3,000, and an endowment credit recapture of \$250. The original return was filed timely, and a refund was issued in the amount of \$960. 25% of the pass-through entity tax withheld is allocated to the beneficiaries. There are special transactions 8918, 8824, 8865 and 8886 reported on Schedule H.

Test 12: Form FID-3

Laura LaRue is the trustee for the Lionel Lamont Estate. This is a full-year resident estate filed on a short-year return, starting May 1st and ending December 31st. Mr. Lamont’s estate received a pension from the Railroad Retirement Board and distributions from an IRA. His estate also received a lump-sum distribution and paid \$750 in federal taxes for the year. There is a small gain from business income and the IRA distribution qualifies for a retirement exemption. There is a lump-sum distribution tax and a small subtraction for ‘misc’ on Schedule B. Each beneficiary has a distribution of \$1,200 and \$70 they can claim from income tax withholding attributable to the beneficiaries. The estate has both estimated and extension payments.

Taxpayer: Lionel Lamont Estate
