GENERAL FILING INFORMATION: INCOME TAX AND FRANCHISE TAX

Who Must File

Any corporation doing business within or deriving income from sources within Oklahoma is required to file an Oklahoma Corporation Income Tax Return, whether or not a tax is due.

Every corporation organized under the laws of this state or qualified to do or doing business in Oklahoma in a corporate or organized capacity by virtue or creation of organization under the laws of this state or any other state, territory, district, or a foreign country, including associations, joint stock companies and business trusts as defined by Oklahoma statutes unless exempt by statutes must file an Annual Franchise Tax Return. The term “doing business” means and includes every act, power, or privilege exercised or enjoyed in this state as an incident to do or by virtue of powers and privileges acquired by the nature of all organizations falling within the purview of the Franchise Tax Code.

Corporations required to file a franchise tax return, may elect to file a combined corporate income and franchise tax return. To make this election file Form 200-F. Corporations not filing Form 200-F must file a stand-alone Oklahoma Annual Franchise Tax Return (Form 200). Corporations that remitted the maximum amount of franchise tax for the preceding tax year or have had their corporate charter suspended, do not qualify to file a combined income and franchise tax return.

Note: Small Business Corporations (Subchapter S) must use Form 512-S.

Time and Place for Filing

Corporate returns shall be due no later than 30 days after the due date established under the Internal Revenue Code (IRC). In the case of complete liquidation or the dissolution of a corporation, the return shall be made on or before the 15th day of the fourth month following the month in which the corporation is completely liquidated. When the last date for filing any document or performing any act

Time and Place for Filing (continued)

required by the Oklahoma Tax Commission (OTC) falls on a day when the offices are not open for business, the filing of the document or performance of the act shall be considered timely if it is performed by the end of the next business day.

A valid extension of time in which to file your federal return automatically extends the due date of your Oklahoma return if no Oklahoma liability is owed. A copy of the federal extension must be provided with your Oklahoma return. If your federal return is not extended, or an Oklahoma liability is owed, an extension of time to file your Oklahoma return may be granted on Form 504-C. The Form 504-C must be filed on or before the due date of the return. To avoid delinquent penalty for late payment of income tax, 90% of the income tax liability must be paid with the extension. To avoid delinquent interest for late payment of income tax, 100% of the income tax liability must be paid with the extension. To avoid delinquent penalty and interest for late payments of franchise tax, 100% of the franchise tax liability must be paid with the extension.

Returns should be mailed to the Oklahoma Tax Commission, PO Box 26800, Oklahoma City, OK 73126-0800.

Fiscal Year and Short Period Returns

For all fiscal year and short period returns, the beginning and ending dates of the tax year must be shown on the top portion of the return where indicated. Omission of this information may cause a significant delay in the processing of the return and no interest will accrue on any refund pending.

Tax Tips:

- ✓ Check your calculations carefully.
- ✓ **Don't forget to sign your tax returns.**
- ✓ Keep a copy for your records.

Consolidated Returns

If a federal consolidated return is filed, an Oklahoma consolidated return may be required or permitted under certain circumstances.

An election to file a separate or consolidated return is made with the timely filing of the original return. This election cannot be changed with the filing of an amended return. If an affiliated group of corporations elects to file a consolidated Oklahoma income tax return, such election shall be binding. The affiliated group of corporations shall be required to file a consolidated Oklahoma income tax return for all future tax years unless the OTC releases the affiliated group of corporations from such election.

• Income Tax

In filing a Consolidated Income Tax Return for Oklahoma, the Oklahoma taxable income for each corporation is computed separately on its own factors and then combined for one total income upon which the tax is computed. **Complete Form 512-TI “Computation of Oklahoma Consolidated Taxable Income” to determine the combined taxable income to report on page 1, line 1 of Form 512. Submit separate Form 512, pages 3-5 for each company within the consolidation.**

If filing by paper, the Form 512-TI must be the third page.

Provide a copy of the federal consolidated return with an income statement, balance sheet, M-1, M-2, M-3 and supporting schedules for each member of the consolidated group. 68 Oklahoma Statutes (OS) Sec. 2367.

• Franchise Tax

If filing a Consolidated Franchise Tax Return for Oklahoma, the Oklahoma franchise tax for each corporation is computed separately and then combined for one total tax. **Complete Form 512-FT “Computation of Oklahoma Consolidated Annual Franchise Tax” to determine the combined taxable income to report on page 2, Section Two, lines 18 – 25 of Form 512. Submit separate Form 512, pages 6 – 9 for each company within the consolidation.**

Special Instructions Regarding Form 512, Page 5

Complete Page 5 or attach a copy of the Federal Form 1120 Schedules L, M-1 and M-2. Corporations that are not required to complete Federal Form 1120 Schedules L, M-1 and M-2 are still required to complete the Oklahoma Form 512, Page 5 - Balance Sheets, Reconciliation of Income per Books with Income per Return (OK M-1) and Analysis of Unappropriated Retained Earnings per Books (OK M-2).

Corporations that are not required to complete Federal Form 1120 Schedule M-1 due to the requirement to complete Schedule M-3 must either complete the Oklahoma Schedule M-1 or provide a copy of the Federal Schedule M-3.

GENERAL FILING INFORMATION: INCOME TAX

Declaration of Estimated Tax

Corporations must make estimated tax payments when the tax liability for the current year can reasonably be expected to be \$500 or more. The estimated tax payments shall be the lesser of 70% of your current year's tax liability or 100% of the tax liability shown on your return for the preceding taxable year of 12 months.

The estimated tax payments shall be paid in four equal* installments of:

- one-quarter on or before the 15th day of the fourth month of the taxable year;
- one-quarter on or before the 15th day of the sixth month of the taxable year;
- one-quarter on or before the 15th day of the ninth month of the taxable year;
- one-quarter on or before the 15th day of the first month of the succeeding taxable year.

Amended declarations may be filed on any of the payment dates. Form OW-8-ESC, for filing estimated payments, can be obtained from our website at www.tax.ok.gov.

*For purposes of determining the amount of tax due on any of the respective dates, taxpayers may compute the tax by placing taxable income on an annualized basis as prescribed in Rule 710:50-13-9.

Estimated payments can be made electronically through the OTC website. Visit the “Online Services” page on the web at www.tax.ok.gov for further information.

There is no provision in the present law for tentative returns.

Amended Returns

Beginning with tax year 2013, the Form 512 will be used to file an amended return. See Form 512, page 10 for complete instructions. The Form 512X will only be used for tax year 2012 and prior. **Overpayments cannot be applied to next year's estimated tax. Line 28 cannot be amended or changed once the original return has been processed.**

Adjustments by Internal Revenue Service

Taxpayers who file “consents” extending the time for making federal adjustments automatically extend the time for making state adjustments. The taxpayer is also required to file an amended return reporting all Internal Revenue Service adjustments. A copy of the finalized RAR must be provided with each return.

GENERAL FILING INFORMATION: INCOME TAX

Banks and Credit Unions

State and national banks and state credit unions are subject to an “In Lieu” tax. See 68 OS Sec. 2370. When reporting income on Part 1, line(s) 5 and/or 6b, please furnish a detailed schedule of the interest income by source and amount. Expense deductions claimed in arriving at taxable income shall be reduced by an amount equal to 50% of excluded interest income on obligations of the United States government or agencies thereof and obligations of the State of Oklahoma or political subdivisions thereof.

Real Estate Investment Trusts

A real estate investment trust that does not become regularly traded on an established securities market within one year of the date on which it first becomes a real estate investment trust shall be deemed not to have been regularly traded on an established securities market, retroactive to the date it first became a real estate investment trust. An amended return shall be filed reflecting such retroactive designation for any tax year or part year occurring during its initial year of status as a real estate investment trust. For purposes of this paragraph, a real estate investment trust becomes a real estate investment trust on the first day it has met the requirements of Section 856 of the Internal Revenue Code (IRC) and has elected to be treated as a real estate investment trust pursuant to IRC Section 856(c)(1). 68 OS Sec. 2358.

Oklahoma Net Operating Loss Deduction

Notice: The amount of any net operating loss deduction claimed on Part 1, line 29a or Part 2, line 6e, must also be entered on the front of Form 512 in the space provided at the top of the form. There is also a space provided to enter the loss year(s).

The amount of any federal net operating loss deduction shall be adjusted as follows:

The amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to IRC Section 172 as modified by the Oklahoma Income Tax Act and shall be allowed without regard to the existence of a federal net operating loss. For tax years 1996-2000, net operating losses may not be carried back but may be carried forward for a period of time not to exceed 15 years. For tax years 2001 – 2007 and tax years 2009 and subsequent, the years to which such losses may be carried shall be determined solely by reference to IRC Section 172. For tax year 2008, years to which such losses may be carried back shall be limited to two years. No carryback is allowed for losses arising in tax years beginning after December 31, 2017, except as provided for in IRC Section 172. 68 OS Sec. 2358 (A)(3).

Oklahoma Net Operating Loss Deduction (continued)

A detailed schedule must be furnished for any net operating loss carried forward to the current tax year.

An election may be made to forego the carryback period. A written statement of the election must be part of the original timely filed Oklahoma loss-year return. If the corporation timely filed its return for the loss-year without making the election, it may make the election on an amended return filed within 6 months of the due date of the loss year return (excluding extensions). Attach the election to the amended return. Once made, the election is irrevocable.

GENERAL INFORMATION: FRANCHISE TAX

Requirement for Filing a Franchise Tax Return

All foreign (non-Oklahoma) corporations, including non-profits, must pay an annual registered agent fee of \$100.00. Indicate this amount on Line 13 of the Form 512, page 6.

The maximum annual franchise tax is \$20,000.00. Corporations that remitted the maximum amount of franchise tax for the preceding tax year do not qualify to file a combined income and franchise tax return. For these corporations their franchise tax is due and payable on May 1st of each year, and delinquent if not paid on or before June 1st.

If a taxpayer computes the franchise tax due and determines that it amounts to \$250.00 or less, the taxpayer is exempt from the tax and a “no tax due” form is required to be filed. A schedule of corporate officers must still be filed and, for foreign corporations, the \$100.00 registered agents fee is still due.

If the charter or other instrument is suspended, a fee of \$150.00 is required for reinstatement. (See Line 16 - Reinstatement Fee on page 12.)

Franchise Tax Computation

The basis for computing Oklahoma franchise tax is the balance sheet as shown by your books of account at the close of the last preceding income tax accounting year, or electing to change filing to match the due date of the corporate income tax, the balance sheet for that corporate tax year.

The franchise tax for corporations doing business both within and outside of Oklahoma, is computed on the proportion to which property owned, or property owned and business done, within Oklahoma, bears to total property owned, or total property owned and total business done everywhere.

“Property owned” is the book value of the assets. For the purpose of determining apportionment as between Oklahoma and elsewhere, liabilities are not to be deducted from gross assets.

GENERAL FILING INFORMATION: FRANCHISE TAX

Franchise Tax Computation (continued)

The term “business done” means and includes the engaging in any activity or the performing of any act or acts in this state that constitutes the doing or transacting of business. Business done in Oklahoma includes sales shipped from Oklahoma to another state in which the corporation is not doing business.

Intercompany payable and receivables between parent, subsidiary and/or affiliates, are to be eliminated from the calculations necessary to determine the amount of franchise tax due.

Oklahoma franchise (excise) tax is levied and assessed at the rate of \$1.25 per \$1,000.00 or fraction thereof on the amount of capital allocated or employed in Oklahoma.

COMMON ERRORS

Below are the most common errors. To aid in processing your return, please double check your return carefully.

- Refunds must be made by direct deposit. Failure to supply direct deposit information will delay the processing of the refund.
- Check your FEIN on all forms and schedules.
- Fiscal year dates are a common problem. If you file based on a fiscal year, please list dates on top of form where indicated.
- Provide a complete copy of your federal return, and all required schedules. Failure to do so can slow down the processing of your return.

GENERAL INSTRUCTIONS FOR DETERMINING OKLAHOMA TAXABLE INCOME

Income Computation

Beginning with federal taxable income, proper adjustments are to be made to arrive at Oklahoma taxable income. Some of the adjustments may be to add interest income from obligations of state and political sub-divisions thereof, and to deduct interest from U.S. obligations. Oil and mining production or royalties and gain or loss from disposition of such property shall be allocated according to their situs. General and administrative expenses, such as interest expense, etc., will ordinarily be allocated on the basis of Oklahoma direct expense to total direct expense.

Safety Pays OSHA Consultation Service Exemption:

(Part 1, Line 26, column B or Part 2, Line 3)

An employer that is eligible for and utilizes the Safety Pays OSHA Consultation Service provided by the Oklahoma Department of Labor shall receive a \$1,000 exemption for the tax year the service is utilized. Employers must be able to substantiate their participation in the Oklahoma Department of Labor’s Safety Pays Consultation Service upon request.

Qualified Refinery Property:

(Part 1, Line 10, column B or Part 2, Line 2)

If the election was made to expense the cost of qualified Oklahoma refinery property placed in service before January 1, 2012 on a previous year’s Oklahoma return, the depreciation deduction claimed on the federal return for such property must be added back to arrive at Oklahoma taxable income. This addition must be made regardless of whether the expense was claimed on the corporate return or allocated to its owners. 68 OS Sec. 2357.204

Cost of complying with Sulfur Regulations:

A qualified refinery may make an irrevocable election to allocate all or a portion of the cost of complying with sulfur regulations issued by the Environmental Protection Agency as a deduction allowable to its owners. The allocation for each person is equal to the ratable share of the total amount allocated, determined on the basis of the ownership interest of the person. The taxable income of the refinery shall not be reduced by the reason of any amount allowed under this section. 68 OS Sec. 2357.205

If you are the Refinery -

To make the election, attach a schedule stating your corporate name and Federal Employer Identification Number, a list of the costs of complying with sulfur regulations some or all of which are being allocated to your owners, and the portion of such costs allocated to each owner, including the owner’s name and federal identification number. You shall also provide each owner with written notice of the amount of the allocation. The notice must include your corporate name and Federal Employer Identification Number and the owner’s name and federal identification number.

If you are the Owner -

(Part 1, Line 26, column B or Part 2, Line 6)

Deduct the portion of the cost of complying with sulfur regulations which have been allocated to you. Attach the written notice of the allocation received from the refinery.

Don’t forget to sign and make a copy of your return before mailing!

Oklahoma Capital Gain Deduction:

(Part 1, Line 25, column B or Part 2, Line 6d)

Corporations can deduct qualifying gains receiving capital treatment which are included in federal taxable income. "Qualifying gains receiving capital treatment" means the amount of the net capital gains, as defined under IRC Section 1222(11). The qualifying gain must:

- 1) Be earned on real or tangible personal property located within Oklahoma that you have owned, either directly or indirectly, for at least five uninterrupted years prior to the date of the sale;
- 2) Be earned on the sale of stock or ownership interest in an Oklahoma headquartered company, limited liability company or partnership where such stock or ownership interest has been owned, either directly or indirectly, by you for at least three uninterrupted years prior to the date of the sale; or
- 3) Be earned on the sale of real property, tangible personal property or intangible personal property located within Oklahoma as part of the sale of all or substantially all of the assets on an Oklahoma company, limited liability company or partnership where such property has been directly or indirectly owned by such entity or owned by the owners of such entity, and used in or derived from such entity for a period of at least three uninterrupted years prior to the date of the sale.

Provide Form 561C and a copy of your Federal Schedule D and Form 8949.

Agricultural Commodity Processing Facility Exclusion:

(Part 1, Line 26, column B or Part 2, Line 6)

Owners of agricultural commodity processing facilities may exclude 15% of their investment costs in a new or expanded agricultural commodity processing facility located within Oklahoma. Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service.

Under no circumstances shall this exclusion lower your taxable income below zero. In the event the exclusion does exceed taxable income, any unused portion may be carried over for a period not to exceed six years. A schedule must be provided showing the type of investment(s), the cost of the investment and the date placed in service.

Captive Real Estate Investment Trusts:

(Part 1, Line 10, column B or Part 2, Line 2)

A captive real estate investment trust, which is subject to federal income tax, is required to add-back the dividends-paid deduction otherwise allowed by federal law in computing net income. 68 OS Sec. 2358.

PAGE THREE - PART 1

Part 1, Column A is to be completed by all corporations. All corporations start with Part 1.

Part 1, Column B is to be used by all corporations domesticated in Oklahoma deriving all of their income within Oklahoma or by corporations whose business within and without Oklahoma is oil and gas production, mining, farming, income from pass-through entities or rental. This should be completed using the direct accounting method.

Income (loss) shall be allocated in accordance with the situs of such property. Overhead expense shall be allocated on the basis of direct expense in Oklahoma to the total direct expense everywhere.

Line 5 - Interest on U.S. Government Obligations

If you report interest on bonds, notes, and other obligations of the U.S. on your federal return, it may be excluded from your Oklahoma income if a detailed schedule is furnished, accompanied with 1099s showing the amount of interest income and the name of the obligation from which the interest is earned. If the income is from a mutual fund which invests in U.S. Government obligations, provide documentation from the mutual fund to substantiate the percentage of income derived from obligations exempt from Oklahoma tax.

Interest from entities such as FNMA & GNMA does not qualify.

Line 6a - Other Interest

Accounts receivable interest income and interest income from investments held to generate working capital shall be allocated to Oklahoma on the basis of direct expense.

All other intangible income (loss) shall be allocated in accordance with the situs of the corporation.

Line 6b - State and Municipal Interest

Corporations domiciled in Oklahoma that receive income on bonds issued by any state or political subdivision thereof, exempt from federal taxation but not exempt from taxation by the laws of the State of Oklahoma, shall add the total of such income to arrive at Oklahoma income.

- 1) Income from all bonds, notes or other obligations issued by the State of Oklahoma, the Oklahoma Capital Improvement Authority, the Oklahoma Municipal Power Authority, the Oklahoma Student Loan Authority and the Oklahoma Transportation Authority (formerly Turnpike Authority) is exempt from Oklahoma income tax. The profit from the sale of such bond, note or other obligations shall be free from taxation.

Line 6b - State and Municipal Interest (continued)

- 2) Income from local Oklahoma governmental obligations issued after July 1, 2001, other than those provided for in 1, is exempt from Oklahoma income tax. The exceptions are those obligations issued for the purpose of providing financing for projects for nonprofit corporations. Local governmental obligations shall include bonds or notes issued by, or on behalf of, or for the benefit of Oklahoma educational institutions, cities, towns, or counties or by public trusts of which any of the foregoing is a beneficiary.
- 3) Income from Oklahoma State and Municipal Bonds issued prior to July 2, 2001, other than those provided for in 1, is exempt from Oklahoma income tax only if so provided by the statute authorizing their issuance.
- 4) Income on bonds issued by another state or political subdivision thereof (non-Oklahoma) exempt from federal taxation is taxable for Oklahoma income tax.

Provide a schedule of all municipal interest received by source and amount. If the income is from a mutual fund which invests in state and local government obligations, provide documentation from the mutual fund to substantiate the percentage of income derived from obligations exempt from Oklahoma tax.

Note: If the interest is exempt, the capital gain/loss from the sale of the bond may also be exempt. The gain/loss from sale of a state or municipal bond, other than those provided for in 1, is exempt only if so provided by the statute authorizing its issuance.

Line 7 and 8 - Rents and Royalties

Income from real or tangible personal property, lease royalty or bonus shall be allocated in accordance with the situs of the property.

Line 9 - Gains or Losses

Gains or losses from the sale of leases and gains or losses from the sale of real and tangible personal property, shall be allocated in accordance with the situs of the property.

LINE BY LINE INSTRUCTIONS: INCOME TAX

PAGE THREE - PART 1, CONTINUED

Line 10 - Other Income (Column B)

Rents and interest expenses paid to a captive real estate investment trust and deducted on your federal return must be added back to compute Oklahoma taxable income. Such add-back is not required if the captive real estate investment trust is subject to the add-back for the dividends-paid deduction. See "Captive Real Estate Investment Trusts" on page 6.

If you are a member, either directly or indirectly, of an electing pass-through entity (PTE), please attach a

schedule listing the electing PTE, federal identification number, federal taxable income (loss) and Oklahoma taxable income (loss) in line 1 that is covered by the election pursuant to the provisions of the Pass-Through Entity Act of 2019 (68 OS §2355.1P-4).

Line 12 through 26 - Expenses

Expenses relative to the income above shall be allocated directly to that income.

PAGE FOUR - PART 2

Part 2 is to be used by corporations conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct in more than one state of a single business enterprise, all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation.

Generally the resulting amount is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the arithmetical average of three factors consisting of property, payroll and sales. If less than 3 factors are present, the resulting amount is apportioned to Oklahoma on a 2-factor or single factor formula consisting of the arithmetical average of the factors present. A factor is considered present if there is a denominator.

NOTE: FACTORS ARE NOT COMPUTED FROM THE CONSOLIDATED TOTALS. Each factor is a ratio of the total within Oklahoma to the total everywhere. For income apportioned to Oklahoma, there is to be added all income separately allocated to Oklahoma with the result being Oklahoma taxable income. 68 OS Sec. 2358.

Line 1 - Federal Taxable Income

Enter Net Taxable Income from Part 1, Column A, line 30.

Line 2 - Additions

Deductions relating to income which is separately allocated shall not be allowed and will be entered here.

Rents and interest expenses paid to a captive real estate investment trust and deducted on your federal return must be added back to compute Oklahoma taxable income. Such add-back is not required if the captive real estate investment trust is subject to the add-back for the dividends-paid deduction. See "Captive Real Estate Investment Trusts" on page 6.

Line 3 - Deductions

Income from U.S. obligations (see page 7, Part 1 instructions) and net income separately allocated (oil and gas production, mining, farming, pass-through entities or rentals) will be entered here. Gains or losses from sale of intangible personal property which is directly allocated should also be entered here.

Line 6 - Oklahoma Additions and Deductions

Income separately allocated to Oklahoma should be entered here. (Examples: interest income from state obligations or political subdivisions, oil and gas production, mining, farming, rentals, the Oklahoma distributable income from pass-throughs, etc.)

If you are a member, either directly or indirectly, of an electing pass through entity (PTE), please attach a schedule listing the PTE, federal identification number, federal taxable income (loss) and Oklahoma taxable income (loss) in line 1 that is covered by the election pursuant to the provisions of the Pass-Through Entity Act of 2019 (68 OS §2355.1P-4).

PAGE ONE - SECTION ONE: INCOME TAX, CONTINUED

Line 15 - Underpayment of Estimated Tax Interest

All corporations are required to make estimated tax payments if the tax liability is \$500 or more. To avoid the 20% Underpayment of Estimated Tax Interest, timely filed estimated tax payments are required to be equal to the smaller of 70% of the current year tax liability or 100% of your prior year tax. The tax liability is the tax due less all credits except amounts paid on estimated tax and extension payments.

Place an "X" in the box if the underpayment of estimated tax was computed using the annualized income installment method.

Note: No Underpayment of Estimated Tax Interest shall be imposed if the tax liability shown on the return is less than \$1,000. Provide Form OW-8-P.

Line 15 - Underpayment of Estimated Tax Interest (continued)

If an **amended return** is filed before the due date for filing the original return, including any extension, the tax shown on the amended return is used to determine the amount of underpayment. If the amended return is filed after the due date, including extension, the tax shown on the amended return will not be used to compute the amount of underpayment.

Line 16 - Delinquent Penalty and Interest

Interest at the rate of 1 1/4% per month shall be paid on the tax due from the original due date until paid. 90% of the tax liability must be paid by the original due date of the return to avoid a delinquent penalty charge of 5% for late payment.

NOTE: If a combined Corporate Income and Franchise Tax Return is not being filed, skip the "Franchise Tax Instructions" and go to the "Page Two, Section Three: Total" instructions on page 13.
