General Information....

If you use this form for any payment due date, you must use it for all payment due dates. To figure the amount of each required installment, the schedule automatically selects the smaller of the annualized income installment or the regular installment (increased by the amount saved by using the annualized income installment method in figuring any earlier installments). You must complete Section Two, Part 1 of Form OW-8-P before you can complete this form.

Use Schedule One for Corporations and Schedule Two for Trusts.
